The Daylight Store

THREE SPECIALS

That will attract as many customers as any Wash Goods sale this season. These qualities can be bought later, but you cannot then get a selection of new patterns. Prices are liable to be two and one-half cents per yard more. They are just that under price now.

One Case of Gingham.	Half Case of Dimities.	One Case of Gingham.
There are no Gingham for washing qualities that equal or excel Amoskeag Gingham. These designs are all new. The regular price is 12 1-2c. Many patterns cannot be duplicated this season. The mill is sold ahead on this class of Gingham. You can buy them in this sale for 10c per yard. (See them Monday in our window.)	These are Lenack Dimities, an Irish make, in an assortment of small patterns for children's dress waists and wrappers. There is no better washing material than good, fine Dimities. They would be cheap at 12 1-2c. Domestic Dimities sell for that. We made a close purchase and the price for this sale is only 10c per yard.	These are fancy styled Gingham in all colors, good values for 9 or 10c. These Gingham were a last season's clean up by C. F. Hovey & Co., Boston. They represent a big loss to someone (not us). They now turn a small profit to us and a larger per cent to you. We are to sell them now at the price of common apron Gingham, only 7c per yard.

Advertising is cheap talk—yes, very cheap—when it does not apply to goods advertised.
