

OVERWORKED

School Children in Barre Will Be Interested in This Incident.

Miss Effa Gould of Coldwater, Mich., writes: "I was so tired, run down and extremely nervous that I was obliged to stay out of school, and the doctor thought I would have to give up entirely, but he advised me to try the new cod liver oil preparation, Vinol. I did so, and two bottles have made a wonderful improvement. I have resumed my school work and feel strong and well now. I have the greatest confidence in Vinol and feel like recommending it to every tired-out, overworked school girl or boy, as it did so much for me."

Our local druggist Mr. Wells, of Rickett & Wells, says: "There is no doubt Vinol is the best medicine in the world for growing school girls and boys. It is not a patent medicine, but

EFFA GOULD.

a delicious cod liver oil preparation, containing in a concentrated form all the strength-creating, body-building elements of cod liver oil, but without oil or grease, and it cannot upset weakened stomachs, as do old-fashioned cod liver oil and emulsions.

"Vinol contains just the elements necessary to make for each child new vitality, sound flesh and muscle tissue, strong bone structure, rich, red blood, and create strength."

"We ask every mother in Barre to try Vinol for their children, on our guarantee to return the money if it fails. There is also nothing equal to Vinol to create strength for old people or people who are run down, tired and debilitated. If you try it and don't like it, we will give you your money back." Rickett & Wells, Druggists.

TAFT TO BE CHAIRMAN.

He Will Preside Over the Ohio State Convention.

Washington, March 29.—Senator Dick of Ohio announces that Secretary William H. Taft has consented to accept the permanent chairmanship of the Republican state convention next fall. The selection is represented as being entirely acceptable to the Foraker wing of the Republican party in the Buckeye state, as well as to all others concerned. Secretary Taft will make a speech as permanent chairman of the convention, sounding the keynote of the state campaign and he will touch freely upon national issues as well. Both Secretary Taft and Senator Foraker have booms for the presidential nomination in 1908, but it is agreed, of course, that there is no significance in connection with either candidacy in the selection of Mr. Taft to preside over the state convention.

PRESIDENT ACCEPTS.

Sanctions the Setting Apart of Dominican Revenues.

Washington, D. C., March 29.—President Roosevelt has decided to accept the proposition of the Dominican government made through Minister Dawson for the control of the finances of that republic with a view to settling aside a portion of the revenues of the republic for the payment of its debt. The officer who will collect the money and hold it will be appointed by the Dominican government but the names of the men selected will be submitted to this government for approval.

PROTECTS ALASKA'S BIG GAME.

No Licenses for Hunting Issued This Year.

Washington, March 29.—As a result of the representations by Secretary of Agriculture Wilson at yesterday's cabinet meeting it was determined that no permits should be issued this year for big game hunting in Alaska, except to authorized representatives of museums. Similar action was taken last year because game in Alaska is rapidly being destroyed.

Colds Lead to Pneumonia.

Active Bromo Quinine, the world wide Cold and Grip remedy, removes the cause. Call for the full name and look for signature of E. W. Grove, 25c.

GREATER PITTSBURG CERTAIN.

Senate Passes Bill to Annex Allegheny City.

Harrisburg, Pa., March 29.—The Senate yesterday passed the bill providing for the annexation of Allegheny City to Pittsburgh.

Scrofula

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunces in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

Hood's Sarsaparilla and Pills

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

Testimonials of remarkable cures mailed on request. O. I. HOOD CO., Lowell, Mass.

ALARM OVER RUSSIAN RIOTS

Critical Situation in Warsaw and the Crimea.

RIOTERS USE THE TORCH

Town of Yalta Set Afire by the Mob and Attempt Made to Sack the Municipal Treasury—12,000 Strikers in St. Petersburg.

London, March 29.—A despatch to the Times from St. Petersburg says that the general feeling of alarm over the internal situation, the impatience for reforms and the desire for peace are reflected in the continuous decline in the stock markets. The efforts of the Novoe Vremya to incite Russians to subscribe to the internal loan have been a failure. The opening subscriptions on Monday did not evoke any war enthusiasm. There is fear that the internal situation will reach a climax before the various reform commissions arrive at a decision.

The outrages at Warsaw are a reminder from the Social Revolutionists that the commissioners must make haste. It is no longer a question of whether reforms will come, but whether they will come soon enough. There are 12,000 strikers in St. Petersburg. The resurgence of the strike in the capital shows close connection with the revolutionists.

Warsaw reports agrarian outrages by starving peasants. The terrible story of the distress among the Girassan hills columns in the newspapers. Loud authoritative voices are heard on all sides warning the government not to delay the reforms.

Sebastopol, March 28.—Serious disturbances at Yalta began at 9 o'clock last night. The town was set on fire in five different places, and when attempts were made to extinguish the flames crowds interfered with the firemen.

The mobs later attacked the police stations all of which were wrecked. The mob liberated the prisoners. An attempt was made to sack the municipal treasury, but this was prevented.

Three more companies of infantry and a squadron of cavalry have been sent to Yalta from this city and Simferopol.

RUSSIA ASKS DELCASSE TO BE PEACE MEDIATOR

London Hears That St. Petersburg Has Moved Definitely to End War—French Diplomat Is Willing.

London, March 29.—A telegram from a northern European capital received in London late yesterday afternoon says: "I have just learned on reliable authority that Russia has asked Delcasse to act as an intermediary and open peace negotiations with Japan."

Delcasse has signified his willingness, but considers Laundowne's cooperation is essential to success.

The capital is undoubtedly Copenhagen, where preliminary pourparlers have been reported going on for some time between Russian and Japanese diplomats.

LONDON WILD OVER LOAN.

Extraordinary Rush to Obtain Prospectuses of Japanese Securities.

London, March 29.—When the prospectus of the new Japanese war loan of \$150,000,000 was issued yesterday afternoon the neighborhood of the issuing banks resembled the scenes witnessed on first nights at popular theatres.

Long lines of people were struggling for admission, and special forces of police controlled the streams of eager investors. The interiors of the banks were filled with shouting crowds, struggling to snatch prospectuses.

VATICAN AND RUSSIA.

Liberty for Roman Catholics in the Czar's Domains.

Rome, March 29.—A plan to insure the religious liberty of Roman Catholics in Russia, elaborated by the bishops by order of the Czar, has been concluded. Archbishop Schembeck, Metropolitan of Mohilev, the Catholic primate of Russia, will go to Rome soon to confer with the Pope. An agreement is likely to be reached soon, owing to the Vatican's conciliatory attitude in the Russian crisis.

NEW WAR MINISTER.

Sukhomlinoff Appointed—Field Command for Kaulbars.

Paris, March 29.—A despatch to the Journal from St. Petersburg says it is officially announced that General Sukhomlinoff has been appointed Minister of War. Gen. Kaulbars has been appointed to the command of the second Manchurian army.

NOGI AT KIRIN.

St. Petersburg Hears of a Russian Misfortune.

Paris, March 29.—A despatch from St. Petersburg to the Echo de Paris says there is a rumor there that Gen. Nogi has reached Kirin.

REBELS SEIZE TOWNS.

Four Arabian Villages and a Hill Fort—Rebels Captured.

Constantinople, March 29.—According to a dispatch from Hodeida, dated March

MRS. INA M. LOWRY.

You Can Feel Better at Once!

When everything seems an effort, when you feel tired most of the time, when you wake up every morning as tired as when you went to bed,—then there is something wrong.

Nature is protesting against some neglect or some abuse.

Nature protests more often against nerve neglect than any other cause. Remember, your strength is not in your muscles—the muscles simply work when the Nerve Force tells them to.

Even your brain does not work by itself—the substance in your brain cells must have energy to do its work; this energy must be nerve force—the same great power-of-life that controls every organ of the body.

Every form of weakness, or sickness, or disease, comes from a lack of Nerve Force to keep the organs working properly.

When one speaks of "a good constitution," one simply means a strong, healthy nerve system.

When the nerve system is not strong and well-nourished, it follows inevitably that one is easily "over-worked"—easily run down—just as Mrs. Lowry describes.

"For several months my system had been run down and I felt all worn out, tired, did not feel able to get out of bed in the morning and felt just as tired when I got up as when I retired. Had no appetite and looked pale and sallow. A friend who had used Paine's Celery Compound a couple of years ago, and who recommended it very highly, induced me to try it. I felt better at once and I found that at the end of six weeks it had changed me into a well woman, and I cannot say too much in its praise. I shall take a bottle every Spring and Fall and feel sure that it is all the medicine I shall need. Very truly yours,—Mrs. Ina M. Lowry, 3109 Dunham Ave., Kansas City, Mo. (Worthy Matron Order of Eastern Star; Rec. Sec. Kansas City Friendly Aid Society.)"

Paine's Celery Compound is giving new Nerve Force to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up the run down system to full, ruddy health.

Two days' treatment proves its marvelous power. You feel better at once.

Try Paine's Celery Compound to-day. Take just one dose when you go to face the hard part of the day's trials.

See how much better you feel.

See how much more easily the trials roll away.

Paine's Celery Compound feeds the nerves—restores them to their strength—gives them new power to send vitality and health to every part of your body, new courage to your heart, new animation to your brain.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

WELLS, RICHARDSON & CO. BURLINGTON, VERMONT.

NOT YET PASSED.

Danger Still Lurks in the Ice Gorges of the Mohawk.

Pondra, N. Y., March 29.—The high water in the Mohawk valley has greatly receded yesterday. Traffic has been resumed on the New York Central railroad, although trains from the West are late, because of the weakened condition of the tracks.

The ice gorges at Fort Plain, Cammermeyer and Hoffman's remain intact, which means that the danger is not yet passed.

The weather was very warm yesterday, and another sudden rise is looked for today.

25, the town of Sanna, capital of Yemen province, Arabia, was still holding out when the message was fled, but Yana, Yerin and Aneysa, southward of Sanna, and Hadlah, northward, have fallen in to the hands of the insurgents, and the mountain fortress of Ibb was surrounded.

New Business at Essex Junction.

Essex Junction, March 29.—It is understood that George W. Planck of Jericho is to open a furniture and undertaking establishment here soon and will occupy rooms in the old brick hotel building. Mr. Planck has rented the Trux place recently bought by Bert Bell of Williston and will move there soon.

HIS BOMB FOR MAINE

Rousseau Says Maine Disaster Was Horrible Mistake.

INTENDED FOR SPANISH SHIP

But Wrecked Sigbee's Battleship Instead—Fillbusters Sailed to Cuba With Bombs of His Make, to Strike Blow for Cubans.

New York, March 29.—Gessler Rousseau's "confessions," which did not prevent a jury before Recorder Goff in General Sessions yesterday from convicting him of a felony for which the maximum penalty may be five years in state prison, took a more public turn today. The man is in the Tombs awaiting sentence. He had announced in whispers to the jury yesterday that the supposed infernal machine containing 100 pounds of dynamite found on board the Cunard liner Umbria last May was only a practical joke inspired by his hatred of England. The jury didn't believe him.

Today he took the public into his confidence by declaring that he also made the bomb that blew up the former American battleship Maine. At least he was almost afraid that such was the case. He felt, in spite of official reports of experts to the contrary, that the Maine was blown up from the inside and not from outside the hull as she lay in Havana harbor in 1898.

Charles M. Kiefer, the attorney who conducted Rousseau's defense, gave him his head today, and let him have his say as he would.

When seen in the Tombs, Rousseau said:

"I am a patriot. My sympathies were with the Americans and the Cubans just before the Spanish war, and I happened to be in Jacksonville, Fla., in December, 1897. There I met two Cubans engaged in a filibustering expedition. They were officers high in the Cuban patriot army.

"Their names, as nearly as I recall them, were Jose Villon and Charley Vamella.

"I had with me the mechanism of two infernal machines which I had made in St. Louis. There was no dynamite in them, only the time mechanism and all that. I gave both machines to these two Cubans for the purpose, as we agreed, of blowing up two Spanish ships. It was a gift. I got no money from them. The machines were shipped from Jacksonville in a steamship called, I think, the Discovery.

"The Cubans were arrested in Havana. The Spaniards confiscated all their material and executed death sentence on the two men. Thus they came into possession of the infernal machines.

"When the Maine was blown up, Rousseau continued, "I made up my mind that it was done by the Spaniards with one of my bombs. I concluded that the explosion was from the inside. You see, the bombs could easily have been smuggled aboard in grocery boxes or packages delivered to the vessel in the daytime, the mechanism being set for an explosion some hours ahead in the course of the following night.

"I'd like to have it understood that I was very sorry then that I had let the Cubans have those machines, because it could happen, as I believe it did, that they could fall into the hands of the Cuban army's enemy and so be used against the government of my own country."

Rousseau's attention was called to the fact that the United States government experts had reported that the wreck showed that the Maine was blown up from below, part of her keel in the wreckage having been projected above the waterline. He had nothing to say to that, except that he knew the history of his bombs up to the capture of the two filibusters, and he believed that infernal machines had been made even in Havana at that troubled period. He insisted that one of those he made would have wrecked the Maine.

MRS. INGERSOLL WINS OUT.

Widow of Famous Lawyer Gets Verdict for \$95,000.

Boston, March 29.—Judgment for Mrs. Elva Ingersoll, widow of Robert G. Ingersoll of New York in the sum of \$95,000, with interest, against the trustees of the estate of the late Andrew J. Davis, a wealthy mine owner at Butte, Mont., was ordered yesterday by Judge Putnam of the United States circuit court. Suit was instituted by Mrs. Ingersoll to recover fee for services which she claimed were given by her husband to the estate.

When Davis died his relatives entered into a contest for his property, which consisted largely of shares in Montana mines controlled in Massachusetts. The will contest was settled by compromise. Mrs. Ingersoll sued on the ground that she should recover from the divided estate, and that contention Judge Putnam upheld.

"NO ONE ABOVE THE LAW."

Automobilist Fined \$10, Although Miss Roosevelt Was With Him.

Washington, March 29.—Louis Ruprecht, manager of the Washington Electric Vehicle Transportation company, paid a fine of \$10 in the police court Monday for permitting one of the company's automobiles to travel on Pennsylvania avenue at more than the legal speed limit. Ruprecht at first pleaded exemption on the ground that one of the President's family was in the vehicle at the time, but Judge Scott told him that made no difference, as no one was above the law. Ruprecht said that when he was arrested his passengers were Miss Roosevelt and Representative Nicholas Longworth of Ohio.

DRUNKENNESS CAN BE CURED

The Great Good Done by Orrine, the Liquor Habit Cure, Is Just Beginning to Be Realized by the People of This City.

We have had a number of horrible cases resulting from the excessive use of whiskey, beer or other alcoholic stimulants attract our attention in the last few days, and we wish to say that we have the greatest confidence in Orrine, and do not hesitate to recommend it to any one for the positive cure of the liquor habit.

The Orrine Company, Inc., Washington, D. C., have so much confidence that Orrine will cure the liquor habit that they refund the money if it fails to cure. Orrine No. 1 can be given in tea, coffee or food without the knowledge of the patient, as it is absolutely colorless, tasteless and harmless. Orrine No. 2 is in pill form, for those desiring to be freed from this disease. Either form \$1 per package. Ask us about Orrine. We are the agents in this city. Red Cross Pharmacy, Rickett & Wells, proprietors, Barre, Vt.

SHARP EYE ON BEEF WITNESSES.

Important Testimony Given by an Armour Employee.

Chicago, March 28.—J. E. Shields of New York city, formerly an employee of Armour & Co., yesterday occupied most of the time of the Federal grand jury which is investigating the workings of the so-called beef trust. Mr. Shields has been guarded closely by secret service officers since his arrival from New York. It is said that Shields underwent a severe examination by District Attorney C. B. Warren, who has charge of the investigation. A mysterious "man in brown" was conspicuous in the grand jury anteroom. He appeared to watch all movements made by Shields and J. Scafer, a department manager for the Cudahy Packing company at Omaha. With Shields' testimony, it is said the investigation will begin in earnest. Shields is said to have testified before a "beef trust" grand jury in New York recently.

PANIC ON A TRAIN.

Cars Jump Track on a Bluff and Almost Topple Over the Edge.

Kent, O., March 29.—The westbound Pacific express on the Erie road jumped the track here yesterday at a point where the road winds around a high bluff, at the bottom of which is the Baltimore & Ohio line. Five coaches, including the mail and baggage cars, left the track and stopped within a few inches of the edge of the embankment wall.

Two Italian laborers were struck and thrown over the embankment. They were probably fatally injured. The train was crowded with passengers, several of whom became panic-stricken and jumped through car windows.

CRASH ON BRIDGE.

Head-on Collision on Cantilever Span at Niagara.

Niagara Falls, N. Y., March 29.—A Michigan Central and a Pere Marquette train came together in a head-on collision on the American end of the cantilever bridge yesterday.

Three cars were derailed and pitched over into the street, 30 feet, carrying with them a switchman's shanty, in which was seated Patrick Whalen, a switch tender, who received severe internal injuries.

George Kehms of Niagara Falls, conductor of the Pere Marquette train, was badly bruised and injured internally.

Ice Out of the Missisquoi.

Sheldon, March 29.—The ice went out of the Missisquoi river at Sheldon Springs about 11:30 o'clock Monday night. No damage was done. The roads at Sheldon Junction are filled with ice and the selectmen today have a large force of men clearing away the blocks of ice which, in some places, are two feet thick. Only one sluice was damaged. The damage from the ice and high water will be unusually small this year.

Is Going Out Slowly.

Springfield, March 29.—The ice in the Black river is going out slowly. In many places the water is flowing over the ice. Nearly all the dams in town are clear of ice and unless there is a heavy rain no trouble will be experienced from high water or big ice jams.

The ice is late in breaking up this year. It usually goes out the first or second week in March.

A Guaranteed Cure for Piles.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. Fifty cents.

Lieutenant Governor Returns.

Johnson, March 29.—Lieut. Gov. Charles H. Stearns has returned from an extended business trip to Colorado and other parts of the West. Mrs. Stearns, who has been in the Bermudas, met her husband at Boston, and from there they returned home together.

You may be thinking of using an artificial food for your baby. Try Mellin's Food; it is a proper food suited to the baby's condition. It is not a medicine but a true food. Let us send you a sample to try.

Mellin's Food is the ONLY Infant's Food, which received the Grand Prize, the highest award of the Louisiana Purchase Exposition, St. Louis, 1904. Higher than a gold medal.

MELLIN'S FOOD CO., BOSTON, MASS.
