# IN BUYING GROCERIES

The Wise Housewife Makes Every Cent Count.

But she can't make the pennies count by trading at every store in town, spending half her time looking for the cent-cheaper article.

She can save money only by searching out a reliable Grocer and sticking to him. The money is saved by trading with the groceryman who sells dependable goods. Dependable goods are not to be obtained in every store. Goodness and cheapness appeal to every condition of humanity.

There are no fancy prices here, and everybody is treated alike. Our goods are cheap because they're good — it's not the price that makes them cheap. Goods that are bought so cheaply that they have to be thrown away on account of poor quality are the most dearly bought goods. Better pay a fair price in the first place and get the dependable kinds. You can't buy any other kind here. We don't keep them.

### TWO SPECIALS.
