**CATARRHAL TROUBLES PREVALENT**  
Spring Months Cause Sickness—Breathe Hyomei, and Be Cured of Catarrh.

Catarrhal troubles are more common at this season than at any other time of the year. The sudden changes that come during the spring months are productive of many cases of catarrh that without proper treatment will become chronic.

The pleasantest, most convenient, and only scientific method for the treatment and cure of catarrh, is Hyomei. Simply put twenty drops in the little pocket inhaler that comes with every outfit, and then breathe it for three minutes four times a day.

No dangerous drugs or alcoholic concoctions are taken into the system when Hyomei is used. Breathed through the inhaler, the balsamic fragrance of Hyomei penetrates to the most remote cells of the nose and throat, and thus kills the catarrhal germs, heals the irritated mucous membrane, and gives complete and permanent cure.

Thousands of testimonials have been given as to the astonishing cures made by this remedy. J. S. Nugent, treasurer of the New York Life Insurance Company, writes: "Hyomei has completely cured my daughter of catarrh, from which she has been a sufferer for years."

The complete Hyomei outfit costs but one dollar, and as the inhaler will last a lifetime and there is sufficient Hyomei for several weeks' treatment, it is the most economical catarrhal remedy known. Extra bottles can be procured for fifty cents. Ask Rickert & Wells to show you the strong guarantee under which they sell Hyomei.

Whereas, there appears to have been an error made when Perry Street grade was established, there being a difference of something like five (5) feet between the grade that is on file in this office and what is now the traveled way; and whereas, it seems desirable and just that the same should be rectified before any curbing is set or permanent sidewalks constructed.

You are hereby notified that the City of Barre will make a survey of said grade on Perry Street extending from Washington Street to Hill Street.

The Street Commissioners within and for the City of Barre have appointed the 21st day of May, 1905, at 4 o'clock in the afternoon, for the examination of the premises and hearing the parties interested; and you are further notified that at the same time the undersigned Commissioners will consider claims for damages and assessments to be made, and that the undersigned will meet at the time above specified, in City Hall, at the time above specified, and from there proceed to examine the said premises.
