

THE CABMAN HAS IDENTIFIED BOTH THE MEN

Who Were Arrested in New York Last Night in Connection With the Boston "Suit Case" Mystery.

WILLIAM HOWARD MAKES CONFESSION

Louis Crawford, a Theatrical Man, Identified By Pawnbroker Berkman as Man Who Secured Suit Case.

New York, Nov. 3.—Louis Crawford, alias Albert H. Emery, a theatrical agent, and William Howard, alias William Hunt, arrested here in connection with the Boston "suit case" mystery, were positively identified at police headquarters today by Cabman Howard of Boston, as the men he took to the ferry in Boston, and Crawford was identified by Pawnbroker Berkman as the man to whom he sold the dress suit case, in which the young girl's torso was found.

Chief Watts of Boston, after a conference with the local detectives, admitted that Howard had made a confession, admitting that he had a hand in the disposition of the body, but denying that he had any connection with the dismembering of the body. Chief Watts says that other arrests will follow, and that he is sure he knows who dismembered the body. The prisoners were taken to the Centre street court for arraignment.

Crawford Also Confesses. The prisoners were remanded back to the police headquarters until Monday. The men were held without bail. Crawford also confessed this morning. He says that the statement made last night by Howard is true. According to Crawford the head of Miss Geary is in her own handbag, which was loaded with shot to sink it and hold it at the bottom. The pawnbroker who sold the second suit case today identified Crawford as the purchaser.

DRAGGING HARBOR FOR HEAD.

Nathan Not Brought Into Court Today—Case to Grand Jury Monday.

Boston, Nov. 3.—The police today are dragging the harbor in the neighborhood of the East Boston ferry slip, for the head of Miss Geary, which is supposed to be in her hand bag.

Nathan was not brought into court today, and it is now thought the case will first go to the grand jury on Monday. The plan is to have Crawford and Howard, indicted at the same time, when steps for the extradition of two men will be taken.

HOWARD RECITES DETAILS OF CRIME

One of Men Arrested in Suit Case Mystery Confesses to Being Concerned, Say New York Police.

New York, Nov. 3.—According to the sworn statement of William Howard, one of the two men arrested in connection with the Boston suit case mystery, as related by the police, he has known Louis Crawford, the other man arrested, for more than three years. Crawford has been employed at various times by patent medicine concerns through the United States, but for some time has been engaged in managing what the police say is a lying-in hospital conducted by his mother-in-law, Dr. Jane Bishop, at 178 A Tremont street, Boston.

On September 19 last, two days before the dismembered body of Susan Geary was found, Howard called at Dr. Bishop's place to see Crawford. Howard said he needed money. Crawford is alleged to have said: "I've got a chance to let you make a good piece of money, only you want to be mighty careful and keep your mouth shut. One of our patients is dead, and we have got to get rid of the body and without delay." Then he went on to tell Howard, according to the confession, that a girl had died from the effects of an operation. He explained in detail what was

MAY PUT OFF AMNESTY

Russian Ukase May Not Be Granted Until Dec. 20.

DISORDERS CONTINUE

Terrible Night Passed in Odessa, With Hundreds Shot Down—Reports From Other Parts of the Empire.

St. Petersburg, Nov. 3.—It is expected that a decree granting liberty of the press will be given out today. It now seems probable that an ukase granting amnesty to political offenders who are prisoners in various fortresses, or exiles from home, will not be issued until December 1st. When it is granted 20,000 politicians, who are exiles, will be allowed to return to their homes.

Admiral Birloff Not Killed. An official telegram from Sevastopol announces that Admiral Birloff, who was reported to have been slain by mutinous sailors of the Black sea fleet, has arrived there safely with the fleet.

CONDITION IS BAD.

State Department Receives Word From Finland.

Washington, Nov. 3.—The state department last night received a dispatch from the American embassy at St. Petersburg stating that conditions in Finland continue bad, but the situation in St. Petersburg appeared to be improving and that the strike probably would be settled today. The dispatch spoke of the hopeful outlook for the restoration of communication between St. Petersburg and the outside world. The message was taken to the White House by Assistant Secretary Bacon and laid before the President.

FULLY 5,000 PEOPLE KILLED IN ODESSA

Order Restored This Afternoon But It Was Impossible to Resume Business—Massacres of Night.

Odessa, 2 p. m., Nov. 3.—Order has been restored in the center of the city, but it is still impossible to resume business. The Jewish quarters of the city are still far from safe.

Inferno Reigning During Night. An inferno reigned in this city throughout the night and continued through the early hours this morning. Conditions beggar description. Drunken mobs have run riot in the streets, behaving like a pack of wild beasts toward the Jews.

Although martial law was declared yesterday, troops up to 10,000 did nothing to prevent the sacking of the Jewish quarters and the work of pillage begun Wednesday evening has continued, unchecked. It is estimated that fully 5,000 persons have been killed and wounded during the rioting.

UNHEARD OF BARBARITY.

Troops Wreaked Vengeance on Residents of Certain House.

Odessa, Nov. 3.—The troops wreaked terrible vengeance on the residents of three houses up to the balconies of the Odgen Amour and the other defendant packers and agents charged with being promoters of the so-called "beef trust" in an additional plea in bar filed yesterday.

WANT UNIVERSAL SUFFRAGE.

With View to Formation of Democratic Republic.

St. Petersburg, Nov. 3.—The council of the workmen's delegates at midnight issued a notice pointing out the necessity of arming workers for a decisive struggle for the convocation of a constituent assembly based on universal suffrage, with a view to the formation of a democratic republic.

The council decided to suspend the political strike at noon today, but on the condition that it be resumed if their demands were not granted. The council decided also that only those newspapers may appear whose editors will actively ignore the censorship. Compositors have refused to work except under this condition, and newspapers not complying with it will be confiscated, their presses destroyed and their workmen boycotted.

The railway men's union, however, has decided to continue the strike, mainly through a desire to prevent the transport of troops to Finland. The Union of Unions has resolved to demand complete amnesty for political prisoners, the immediate withdrawal of troops from St. Petersburg and their replacement by militia drawn from the people.

The proceedings of the workmen's council daily appear in a secretly printed newspaper, which today contains an article, saying: "Freedom of meeting, but the meeting surrounded by troops; freedom of speech, but the censorship remains; freedom of learning, but the university occupied by troops; inviolability of person, but the prisons full; Witté given, but Treppoff remains; constitution given,

but autocracy remains; all given, nothing given." It was officially announced last night that the censorship of press telegrams had been abolished.

It was stated that officers and privates who formerly at the university on October 30 formally resolved to use arms against the autocracy, which was striving to strangle the proletariat, who had now reached the last act of the revolution.

Martial Law in Odessa.

London, Nov. 3.—A despatch to a news agency from Odessa says that martial law was declared there this afternoon. The whole garrison has turned out and now occupies the city. Police control has also been re-established. All citizens are forbidden to leave their houses after 9 p. m., at which hour all lights must be out. Maxim guns have been placed in positions commanding a hundred streets. Under these conditions, the despatch says, a repetition of the fearful scenes is practically impossible. The peace-loving people are overjoyed at the prospects of witnessing the restoration of order and the comparative security of life and property. The mayor has now adopted drastic measures to force the disorderly mobs to return to their homes.

They Plundered at Rostoff.

Rostoff-on-the-Don, Nov. 3.—The whole town yesterday was in the hands of rioters who are plundering by the wholesale. Firing was frequent in the streets. Many persons have been killed or injured. The wounded people were being taken to the hospital every moment. The clergy have left the churches in attempts to pacify the rioters but their efforts are unavailing.

During the night the stevedores and the roughest element of the rivermen plundered the houses and stores of rich Jews.

Despite the appeal of a Jewish deputa-tion to the governor from Vladikavkaz, it is reported that 15 persons have been killed in the riots and that the Cossacks and soldiers are sharing the plunder.

DISORDER IN VIENNA.

Vienna, Nov. 3.—Grave disorders, in which it is reported, more than forty persons were injured, occurred last night, as the result of a great socialist meeting in behalf of universal suffrage. The orators used fiery language declaring that millions of workers were ready to follow the Russian example. The crowds outside the hall were so great that traffic was stopped for three hours.

After further harangues outside the buildings, the crowd marched through the streets shouting for revolution. Near the Hofburg the police forced the demonstrators to enter the side streets, causing numerous conflicts in which several persons were seriously injured, the wild scenes lasting half an hour.

Later at night the turbulence was renewed in many parts of the city and many more persons were hurt. It is alleged that the socialists stoned the police, compelling them to draw their swords, and it is said that the police acted with brutal violence. The masses resisted angrily and a cafe on Ringstrasse was almost demolished. Altogether about eighty persons were injured, and surgeons are busy dressing their wounds.

CLAIMS IMMUNITY UNDER INDICTMENT

Beef Trust Plea Is That It Was Promised Them by Commissioner Garfield If Testimony Was Given.

Chicago, Nov. 3.—Immunity from prosecution under the pending indictment returned by a federal grand jury several months ago is claimed by J. Odgen Amour and the other defendant packers and agents charged with being promoters of the so-called "beef trust" in an additional plea in bar filed yesterday.

The plea sets up as facts that when Commissioner Garfield of the department of commerce and labor investigated the beef packing business he promised the packers that in whatever testimony they gave without being under oath or whatever documentary evidence they voluntarily produced, the defendants should have the same rights, indemnities and immunities as if they had testified under oath and compulsion. Under this new plea, Attorney Miller hopes to establish the fact that there was an agreement between the packers and the government that they should testify and produce evidence without being subpoenaed or the oath being administered, but that as far as immunity was concerned, it should be considered as if they had been subpoenaed and taken the oath.

The allegation of an agreement between Commissioner Garfield and the packers is a surprise to District Attorney Morrison and Assistant Attorney General Pagan, and it was said last night that Commissioner Garfield had been asked concerning exactly what occurred during the investigation into the beef business.

Peter Peterson of Boston Killed Instantly, His Body Crushed.

Boston, Nov. 3.—In the presence of hundreds of passers and his fellow-workmen Peter Peterson fell from the steeple of the new Christian Science church on Falmouth street, a distance of 135 feet, yesterday afternoon, and was instantly killed.

Peterson was at work on the topmost staging at the very apex of the steeple. He was regarded as one of the most careful and fearless workmen in the employ of the contractor who is at work on the additions to the church. He stood on the scaffold without the slightest sign of fear.

Was Not "Connecticut Bill."

St. Albans, Nov. 3.—Sheriff Kelley is now convinced that the burglar shot at Sheldon is not "Connecticut Bill" as identified by means of a photograph, but that he is Fred Adams. This he has learned through the central detective office in New York. The information was gained through a note-book found on the dead man's person, and bearing the name "A. Knapp, New York City." Post Office Inspector Rapp sent the name on to New York and the person was looked up there.

Averted a Serious Fire.

Plainfield, Nov. 3.—Fire yesterday morning came near destroying the buildings on the farm of Henry Waldo between this village and Marshfield. It started while the family were at breakfast, by a couch being pushed near an over-heated stove, in the room of Mr. Waldo's mother. The furniture in the room was destroyed and a large hole burned in the ceiling and roof, before the fire was under control. The farm employes and neighbors saved the buildings, and the loss will only reach about \$300.

THIRD ATTEMPT MADE.

Fishplate Placed in Frog by Train Wreckers Near Wakefield.

Wakefield, Mass., Nov. 3.—A third attempt was made yesterday to wreck trains on the Western division of the Boston and Maine railroad between Boston and Wakefield. Barely two minutes before an express train was due from Boston, section men discovered a fishplate lodged in a frog, connecting the main line with a siding. Had the train passed over the obstruction it undoubtedly would have been derailed and pitched down an embankment.

The two previous attempts were made in the same vicinity recently and as nearly came being successful. A week ago the engineer of a midnight train from Boston discovered a huge piece of iron stuck in the frog ahead just in time to save his train from wreck. A pile of ties was also discovered on the tracks here last week.

IN PITIFUL CONDITION.

Aged and Infirm Woman Taken in by Burlington People.

Burlington, Nov. 3.—Totally deaf and in an infirm condition, Mrs. S. P. Scott of Johnson was taken into the house of Eugene Langevin, where she sought "Mr. and Mrs. Comstock." The woman was a stranger to the Langevins.

A letter addressed to Mrs. S. P. Scott, Johnson, Vt., from a patent medicine house in Peoria, Ill., was the only means of identification, it being impossible to have the woman give information about herself. She cannot hear, but can be made to understand by writing. The woman is of slender build, wears glasses and gives her age as 72. She was attired in a black dress and a cape with fur trimmings.

The police were notified of the case and Chief Russell last evening telephoned to Constable W. G. Jones at Johnson. The constable was unable to give much information further than that a Mrs. Scott formerly resided with a Mrs. Davis in Johnson. He stated that the lady is partially demented and that she is a pensioner.

She complained of ill-treatment received at her last home and thinks that she is in Montpelier, telling Mrs. Langevin what she intends to do when she gets to Burlington. The woman had a Central Vermont mileage book in her possession. The patent medicine which she has with her acts as a drug, and on the advice of Overseer of the Poor Glingras it has been taken from her.

ASYLUM ATTENDANTS ARRESTED FOR CRUELTY

Alleged That They Struck a Patient and That They Had Been Abusive to Others in Asylum at Waterbury.

Waterbury, Nov. 3.—On Wednesday evening the attention of Dr. Don D. from superintendent of the state hospital for the insane, was called to the condition of a patient admitted last Saturday, the patient appearing to be suffering from some injury. An investigation was begun that evening and completed yesterday. Within a few minutes after its completion, two attendants, F. J. Dennis, of Parisville, N. Y., and D. D. Coan, of Milton, went into the supervisor's office threw down their keys, and left the hospital although ordered by the supervisor not to do so.

The superintendent telephoned Sheriff C. C. Graves to watch the departure of the trains and apprehend the attendants if they attempted to leave town. Within fifteen minutes they appeared at the station where they were arrested. Complaint was made to Grand Juror L. C. Moody and the attendants were arraigned before Justice of the Peace G. H. Vale. After a hearing they were bound over under \$500 bonds each for appearance at the next term of Washington county court. It is very doubtful whether they will be able to secure bail.

The testimony given at the trial tended to show that the attendants had struck and seriously injured a patient while at dinner Tuesday and that at other times they had maltreated and abused other patients. Superintendent Grant intends to have every attendant who injures or abuses a patient punished as the law directs as it is the only way he can maintain the discipline of the hospital.
