EAST BARRE.

The Ladies' Aid of the Congregational church purpose holding their fair in the opera hall Friday and Saturday afternoons and evenings, Dec. 1 and 2.

Mr. Achenbach and wife expect to reach here on Wednesday. A reception will be tendered them in the church by the people at Orange and this place. All interested in the progress of the work are invited.

East Barre has electric lights, a present sufficient supply of pure water, thanks to our existing committee, and a band of progressive business men, who thrive, yet still expect greater things for our little town. We hope to see in the near future an electric road, capable of carrying freight, and we think it would not be difficult to finance such an undertaking. We are right in the heart of the granite industry and expect to have use some day for our Orange water site. Only the other day one of our committee took an individual to examine it, who made an excellent offer for it, but it was decided still to hold it in the belief that the future development of East Barre would require it.

Last Sunday evening in the Congregational church, ninety-five people gathered to have Mrs. Lasher help them decide the important question, "Who is thy neighbor?" The discourse was forcible and to the point, the language fluent and the earnestness of the speaker made very clear to the hearers that she had settled the question for herself and could speak from her own experience. This was Mrs. Lasher's farewell talk, and the large number present testified to the esteem in which she is held by the fields in which she has labored so faithfully for the past weeks. It is with regret that we say good bye; yet it will be with pleasure that we note the tonic effect of her presence here on the souls of the people. Wherever she goes, she will have a "God speed" from East Barre and Orange.

Will Conduct It Independently.

Editor Times: As previously announced I will start my dancing school in Hale's pavilion tonight, conducting it independently. William Park.
