

CURES THE WORST CASES OF CATARRH.

Rickert & Wells Sell Hyomei Under Guarantee That It Costs Nothing Unless It Cures.

Not until Hyomei was discovered had it been possible to say truthfully that a remedy for catarrh was known. Hyomei cures the worst cases of catarrh simply by breathing the remedy through the pocket inhaler that comes with every outfit.

Stomach drugging often causes disordered digestion and never makes a permanent cure of catarrh. Hyomei not only kills the germs in the throat and nose, but penetrates to the minutest air cells in the lungs and enters the blood with the oxygen, killing the catarrhal germs in the blood.

REIGN OF PEACE.

Root Talks of "Sisterhood" of American Republics.

Washington, D. C., Feb. 21.—The diplomatic representatives of the South American republics in this city are discussing with great interest the speech made by Secretary Root at the dinner which the Brazilian ambassador gave in his honor and in the honor of the countries which will send delegates to the Pan-American congress in Rio de Janeiro next summer.

"When President Monroe, coming to the aid of struggling Spanish America, made the audacious and gallant declaration that no part of the American continent must be deemed subject to colonization by any European power, he affirmed the proposition that all the American republics are competent to maintain throughout their territories governments answering to the demands of civilization, preserving order, enforcing law, doing justice and performing all international obligations."

"To that proposition all of us stand committed. Its truth we all maintain. Every evidence in its support is a source of satisfaction to us. Every forward step in the path of progress by any American republic is a cause of joy to all of us. Let me, then, Mr. Ambassador, pass along the toast which you were good enough to propose to my unworthy self."

"I ask you to drink to the sisterhood of American republics. May every one of them grow in prosperity and strength. May the independence, the freedom of the rights of the least and weakest be ever represented equally with the rights of the strongest, and may we all do our share toward the building up of a sound and enlightened public opinion of the Americans which shall everywhere, upon both continents, mightily promote the reign of peace and order and of justice in every American republic."

B. & O. DENIES THE CHARGES

Rayner Presents the Company's Statement

IN NO COAL CONCERN

Is It a Stockholder's Action as to Red Rock Company Explained—Claims Absolutely No Discrimination in West Virginia.

Washington, Feb. 21.—The reply of the Baltimore & Ohio railroad to the statements recently made in the Senate on behalf of the Red Rock Fuel company of West Virginia was presented in the Senate yesterday "by request," by Mr. Rayner. The document was signed by Hugh S. Bond, Jr., second vice president of the Baltimore & Ohio, who said in part:

"To perform the service demanded by the Red Rock company would require a special switching service for twenty miles each way. The answer of the railroad company to the demand of the Red Rock company was the same that had been given to their predecessors in title, as they well knew, namely, that until the railroad company could enlarge its equipment it could not provide special service to develop a new coal territory, but must stop at the discharge of its legal obligations as a carrier."

Mr. Bond adds that the Baltimore & Ohio is not a stockholder in any coal company, large or small, located in the vicinity of or on its lines of railway in the Fairbontz district. It is the policy of the railroad company, he says, in granting new switch connections, to place them only in cases where the similarity of conditions entail legal obligations so to do; and adds that this rule was pursued in dealing with the Red Rock company as with others.

SHORT SESSION OF THE HOUSE.

Adjourned Early Yesterday in Respect to Mr. Castor.

Washington, Feb. 21.—The House of Representatives yesterday took an immediate adjournment out of respect to the memory of Representative George A. Castor of Pennsylvania, after the passage of appropriate resolutions and the appointment of a funeral committee. Speaker Cannon announced a committee to join a Senate committee and attend the funeral in Philadelphia, Friday.

The president sent the following nomination to the Senate yesterday: Examiner in chief in the patent office—John M. Colt, South Carolina. Assistant Secretary of the Treasury—John F. Edwards, Ohio.

Prohibition in Oklahoma. In the Senate yesterday Mr. Gallinger presented four petitions from residents of Oklahoma, praying for prohibition in the proposed statehood of Oklahoma. The most voluminous contained the names of 8,000 voters.

TO INVESTIGATE.

Favorable Report Now on the Tillman Resolution.

Washington, D. C., Feb. 21.—By unanimous vote the House committee on interstate and foreign commerce decided yesterday to make a favorable report on the Tillman resolution as amended by the sub-committee consisting of Representatives Hepburn of Iowa, Townsend of Michigan and Adamson of Georgia. In its amended form the resolution provides for the investigation by the interstate commerce commission of "railroad discriminations and monopolies in coal and oil."

The compromise measure is a combination of the Tillman, Gillespie and Campbell resolutions. It retains the number and title of the Tillman resolution, but narrows it by striking out the proposed investigation of monopolies and discriminations in all products hauled by railroads.

The measure is broader than the Gillespie resolution in that it includes all coal, while the Gillespie resolution related only to bituminous coal, and it practically includes the Campbell resolution by extending the investigation to oil.

SHAW'S SON GOES TO ALASKA.

Secretary Wants Him to Learn Business in Far Northwest.

Washington, Feb. 21.—Secretary Shaw's only son, Earl, has started to the far Northwest to grow up with the country. He will locate in Fairbanks, Alaska, where he will remain for several years, it is expected, and where he will learn mining and banking.

SHELDON IS COMMANDER

Rutland Man Was Chosen at G. A. R. Encampment

WAS BORN IN TROY, N. Y.

Has Held Many Offices in Rutland, Including That of Mayor—Was Always Interested in Military Affairs.

Burlington, Feb. 21.—John A. Sheldon of Rutland was yesterday afternoon chosen department commander at the Vermont G. A. R. encampment.

John A. Sheldon was born at Troy, N. Y., August 13, 1829. He received his early schooling in the public schools of New York city and later attended Sand Lake academy at Sand Lake, N. Y., graduating at the age of 14 years. With his parents he came to Rutland from New York in 1850 and became a clerk in the store of Sheldon, Morgan and Mason, conducted in connection with their father's business. At the age of 18 years he was promoted to bookkeeper for the firm serving them in this capacity until May, 1861 when he entered the army.

Mr. Sheldon was early interested in military affairs as a member of the Rutland Light Guard and enlisted with the company which was attached to the first Vermont Volunteer infantry. He went out as second sergeant serving for three months. He resumed his position in the office of the marble firm for a few months in August, 1862, he recruited a military company and was elected its captain. This company was known as Company C, 10th Vermont regiment and Captain Sheldon was at its head until June 1864, when he received the appointment of assistant commissary of subsistence with the rank of captain, serving in the capacity until the close of the war.

Mr. Sheldon was married to Miss Caroline A. Eastman of Rutland December 20, 1866. To them were born four boys and three girls, all of whom are now living.

Mr. Sheldon had always been a public spirited citizen and has served his town and city in many ways, always as a Republican. He was mayor of Rutland in 1895. In 1871 and 1872 he was trustee of the village of Rutland and was one of the selectmen of the town from 1873 to 1875. He represented the town in the legislature in 1876. He served on the city's first board of aldermen in 1893 and 1894.

Mr. Sheldon is an active member of the Congregational church of which he has been deacon many years. He has just been appointed postmaster of Rutland for his third term of four years. He is one of the charter members of the Grand Army post of this city and has held all the higher offices in the post. He is affiliated with the local masons.

BRANDENBURG PREDICTS A DECREASE OF 90,000.

New York, Feb. 21.—The annual forecast of immigration for the year was issued Monday by Broughton Brandenburg, president of the National Institute of Immigration. This forecast has for three years estimated the influx within 20,000. There will be, Mr. Brandenburg thinks, a considerable decrease, about 90,000—in immigration into the United States for 1906, as compared with the previous year. This is more in the case than in the past, owing to peculiar conditions. The extremely open winter in America has allowed an estimated 300,000 laborers to continue their open air work with more or less regularity. At least 75,000 of these would have returned to Italy, Austria Hungary and Greece for the winter, and come again in the spring, or been replaced by relatives. A vast quantity of work laid out for this summer has been done this winter, which will make the labor market far easier until August or September, to late greatly to affect the year's immigration. The possible cold strike will deter tens of thousands from emigrating. There will be an extremely heavy falling off in the Gallician, Russian and Polish Jew immigration. The events of the last two years in Russia have served to promote a new solidarity among the Jews, and they are likely to remain where they are, temporarily at least.

EVANGELISTIC CONVENTION. Will Be Held in Brattleboro Next Week.

Brattleboro, Feb. 21.—An evangelistic convention, conducted by the Rev. A. C. Dixon, D. D., of the Ruggles Street Church, Boston, will be held in Brattleboro next week at the First Baptist Church, the Rev. George B. Lawson, pastor. It will commence Tuesday evening, February 27, continuing Wednesday and Thursday, with morning, afternoon and evening sessions. The topics to be considered are, "God's Search for Men," "Prayer," "What is Salvation?" "Great Historic Revivals," and "The Enthroned Christ." It is expected that Christian workers from all parts of the state will be present. The meetings will be interdenominational.

It is wonderful what a little careful grooming will do for a woman. It's inspiration and sweetness. It's delightful and bewitching. The effects of Holister's Rocky Mountain Tea. 35 cents, Tea or Tablets. D. F. Davis and E. A. Drown.

NATIONAL BISCUIT COMPANY Its Trade Mark. A man's mark is his honor. It stands for him and he stands for it. The old Saxon way of signifying good intentions. The right to be protected in the exclusive use of a trade mark has been long recognized by the common law and enforced by the chancery courts of England and this country. The Government puts its mark on a bond to give it value. The NATIONAL BISCUIT COMPANY puts its trade mark in red and white on each end of a package of biscuit, crackers or wafers to distinguish these products and to guarantee the quality, and it does. To more clearly comprehend the real value of this trade mark, try packages of BUTTER THIN BISCUIT and LEMON SNAPS.

REFUSED 250 WOMEN.

Lonely Jerseyman Finds a Wife After Year's Advertising.

New York, Feb. 21.—Out of 250 women who sought his hand, but one met the fancy of lonely John Halloran of No. 36 Centre avenue, Jersey City, who owns \$30,000 worth of real estate and has been advertising for a wife for the last year. John is 52 years of age. He has seen every country in the world. But, after seeing them all, and after amassing a fortune, he found that money and travel are not enough to round out a happy life. So he advertised. He received dozens of letters and dozens of applicants called. None suited him. The women were too old, too young, too gay or too quiet.

Monday evening he went to Union Hill to a ball given by a lodge of the Shepherds of Bethlehem, and before 9 o'clock John Halloran had met the girl who suited him. She was Miss Adele Peters of No. 502 Spring street, West Hoboken. It was love at first sight. John Halloran and Miss Peters are already discussing the date of the wedding.

SUPREME COURT OPINION WILL NOT AFFECT MINERS

The View of John Mitchell on the Matter of Coal Carrying Companies and Trade.

New York, Feb. 21.—John Mitchell was asked yesterday morning if the decision of the United States supreme court, declaring it to be a violation of the interstate commerce law for railroads to deal in commodities which they haul, referring particularly to the coal carrying companies, would have any effect upon the possible coal strike.

He replied that the decision would have no effect upon the action of his committee, for he could not tell how far reaching the effects of the decision would be.

Mitchell declared that there have been no communications between the mine workers' committee and the operators' body of seven since their conference last Thursday.

TEETH AND ETHER.

Combination Bad for Johnson, But He Loses His Suit.

Salem, Mass., Feb. 21.—In the superior civil court yesterday the jury in the case of Andrew J. Johnson against the Essex County Homeopathic hospital returned a verdict in favor of the defendant. This was a question of compensation for the plaintiff for being allowed to swallow his false teeth while he was under the influence of ether.

The plaintiff asserted that he went to the hospital to be operated on for appendicitis and that he was placed under the influence of ether and that the defendants did not administer the anesthetic in a skillful and proper manner, but conducted themselves carelessly and unskillfully. That they failed to cause the false teeth which he had in his mouth to be taken out, and that while unconscious he swallowed them, and they became lodged and stuck in his throat. Although this was on June 30, the doctor did not find the teeth until July 3 following, and in the meantime the plaintiff suffered great pain.

NELSON'S ORDER FOUND.

Rough Draft of His "General Memorandum" to Captains at Trafalgar.

London, Feb. 21.—The Daily Telegraph makes the interesting announcement of the discovery of the original draft in Lord Nelson's handwriting of his historic "general memorandum" to his captains at Trafalgar. The document, which was supposed to have been lost, was in the possession of a private family living near Merton Abbey, the home of Lady Hamilton.

The memorandum will be sold at auction at Christie's. It is expected that it will bring a big price in view of the fact that Lord Nelson's last completed letter realized £1,035 at a sale at Sotheby's in 1904.

PATTERSON APPEALS.

Senator Takes Contempt Case to the Highest Court.

Washington, Feb. 21.—Senator Patterson, who was recently adjudged in contempt of the supreme court of Colorado and fined \$1,000 for publishing in his newspaper articles reflecting on the court, yesterday obtained a writ of error to bring the matter before the supreme court of the United States for review. The writ of error was a surprise, and the senators will be suspended pending the decision of the supreme court.

INSURANCE CAMPAIGN BY JEROME BEGUN

The New York District Attorney Hales the Mutual Reserve Life Insurance Company Officials Refuse the Grand Jury.

New York, Feb. 21.—District Attorney Jerome has finally begun his prosecution of the insurance officials. The grand jury yesterday began the investigation of charges brought by James D. Wells, a former official, against certain officials of the Mutual Reserve Life Insurance company.

The grand jury has subpoenaed Frederick Burnham, president, and the vice president, the auditor of accounts and several clerks. Besides this a wagon load of papers and books were brought before the grand jury on a subpoena issued by the district attorney. Assistant District Attorney Nott, who is conducting the case before the grand jury, said the books and papers constituted documentary evidence.

It is charged by Mr. Wells that the president, vice president and other officials of the company liquidated judgments secured against them as individuals out of the funds of the company.

The officials were represented by former Assistant District Attorney Rand, who contends that if any crime was committed his clients are exempt from prosecution through the statute of limitations. These payments, it is asserted, occurred in 1900 and the statute bars prosecution after five years.

The district attorney, however, asserts that one of the payments was not made until April, 1901, and that the officials therefore are amenable to the law.

A Guaranteed Cure for Piles.

Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAZO OINTMENT fails to cure in 6 to 14 days. 50c.

Mrs. Julia Ward Howe III.

Boston, Mass., Feb. 21.—Mrs. Julia Ward Howe is ill at the home of her daughter, Mrs. John Elliott, 21 Beacon street. Owing to her advanced age her friends feel concerned over her condition. When she returned last Thursday from attending a woman's suffrage convention at Baltimore she was suffering with tonsillitis. With careful nursing the throat trouble has entirely disappeared, but another attack of rheumatism, to which she is subject, makes her further confinement to her home in Beacon street imperative.

THE CAUSE.

Pneumonia is developed from a cold, but all colds do not develop into Pneumonia. If a cold is neglected, the chances are Pneumonia will follow.

The best way to prevent Pneumonia is to keep your system in such a condition that it will repel a cold at its first approach.

Nothing will pat your system in such a perfect condition as MAGEE'S EMULSION. It contains just the elements needed. It is a pure Cod Liver Oil combined with Malt and Hypophosphites—a food, a medicine and a tonic combined. There is no alcohol in it to give temporary stimulation, but it benefits you from the start. It makes you strong by building up the tissues and enriching the blood. Strong, healthy people are better able to withstand the trying winter weather.

Don't neglect your health. Start taking Magee's Emulsion to-day; delays are dangerous.

E. A. DROWN, Druggist, 48 No. Main St., Barre, Vt.

State Secretary Reports Gains for Past Year.

Bellows Falls, Feb. 21.—At the Congregational church yesterday afternoon convened the second annual conference of the state officers of the C. E. society and unions. Rev. Fraser Metzger, state president, presided. Officers from all parts of the state are in conference upon the subject of the relation of the local unions to the state work and vice versa.

Rev. J. F. Bullard of Brandon gave an address last evening on "The Sufficient Motive," followed by an able address by Rev. Dr. J. F. Cowan of Boston on the subject of "The Efficient Worker."

Since the last annual meeting in October, last, the state secretary's address showed an increase of six juniors, one intermediate and two senior societies; also that the union was entitled to the second star for the increase banner, 23 1-3 per cent being the increase.

Fortunate Father and Son.

I am as certain as I now live, says Mr. C. E. Bartholomew, Kalkaska, Mich., that Dr. David Kennedy's Favorite Remedy, of Rondout, N. Y., saved my life when I was a victim of that terrible disorder—Bright's disease. My son had a fever sore on his leg; he too used Favorite Remedy and is now well. All druggists, \$1.00; six bottles, \$5.00.
