TESTIMONY CONTRADICTED.

Bolton Station Agent and Blair Boy Disagree.

St. Albans, Feb. 21.—The hearing by the board of railroad commissioners on the wreck of the Central Vermont's New England States Limited express train at Bolton on January 26, was resumed here at 1:30 o'clock yesterday afternoon. The hearing was held in a council chamber at the city hall and drew a crowd of interested listeners. The commissioners were all present with State's Attorney A. L. Sherman of Chittenden county, representing the State, and the Hon. C. W. Waters, the Central Vermont counsel.

The examination of P. F. McCabe, station agent at Bolton, took up most of the time of the session, but nothing new was developed in his testimony. McCabe's statement that he personally set out the signal lamp on the north switch, just after the departure of No. 10 train, was flatly contradicted by the boy, Louis Blair. Blair swore that he set out the light on the north switch after the wreck occurred and in this he was corroborated by the two Rochelle boys, who came along at just that time, and Blair demonstrated to them at that time just how the lamp was hung by wires on the south switch, which caused the wreck.

Mrs. Blair, mother of Louis, testified that McCabe came to her house, the evening before the hearing at Burlington and tried to get Louis to state that he (Louis) did not hang out the light at the north switch, and gave her a dollar and a half to pay the boy's expenses to Burlington.

Sheriff Horton testified that he was at the scene of the wreck, on the Sunday following, and that Mrs. McCabe told him that the Blair boy came to the house and got oil to fill lamps after the wreck.

SANATORIUM OFFICERS.

Directors of New Institution Elect F. C. Partridge President.

Proctor, Feb. 21.—The directors of the Vermont sanatorium met yesterday afternoon and evening in this village and transacted such business as was brought before it. All of the members were present except Governor Bell, member ex-officio, and Dr. H. C. Finkham of Burlington. The directors decided to have plans drawn up at once for the new sanatorium, the gift of Senator Proctor, which is to be located at Pittsford and to have everything in readiness to start building as soon as the weather permits.

It was the first business meeting and of importance from an organization standpoint. Officers were elected as follows: President, F. C. Partridge of Proctor; vice president, F. G. Butterfield of Derby Line; treasurer, Miss Emily B. Proctor of Proctor; secretary, Dr. W. N. Bryant of Ludow; executive committee president, ex-officio, Dr. C. S. Caverly of Rutland; D. D. Burdette of Pittsford; Olin Merrill of Enosburg Falls and Redfield Proctor, Jr., of Proctor.

Finance committee, ex-gov. C. S. Page of Hyde Park, George Aiken of Woodstock and the Rev. J. P. Bartlett of Burlington.

OUTBREAK IS FEARED.

Because of Inability of Laborers to Get Food.
St. Petersburg, Feb. 21.—A fresh outbreak on the part of the workmen is threatened, because of the inability of many laborers to obtain food. Fully forty thousand men are without work, and they are starving. Scoury and typhus are rampant. Advice from Riga state that General Orloff has shot 700 alleged revolutionists, in the Baltic provinces. It is estimated that not over 250 of them really participated in the rebellion.

Did you ever think that there is just as much difference in Lard as there is in Butter? That to make good Lard it is just as essential to have everything sweet and clean as to make good Butter? Our Lard is rendered by steam in closed kettles. No smoke or ashes near it. Only fresh Pig Pork is used. After the Lard is rendered we have plenty of steam to sterilize and clean everything. It's impossible to make Lard like ours in the old way, with an open kettle in an outbuilding.
