We may expect to burn coal until March 31, 1909, at least. After that—well, let's not borrow trouble.

The fire alarm this morning was as good as a call bell for breakfast—for those who wanted an early breakfast.

The towns of Middlebury and Rip-ton will not deprive the public of the use of their roads without a contest, even if the excluded public be automobilists.

Mayor Burke of Burlington is never more contented than when in a fight; therefore, he may be expected to make a fight for the Democratic nomination for governor.

"One of the essential elements of a good ball player is an ability to hit the ball. The public is getting tired of seeing a player after player on our local teams, day in and day out, week in and week out, fanning the air."

The announcement that E. W. Huntley would not be a candidate for another term as side judge is followed by the announcement that C. M. Winch of Barre Town is to be a candidate.

WHY NOT?

A gang of 33 Italians under Antonio Bizzozero arrived in this city last night and will be employed in repairing the central Vermont railway in this vicinity.

At last! And please, Mr. Foreman, drive those spikes good and hard. Let it not be said any longer that a child can go along the track and pull the spikes with his fingers, as he might have done any time during the past year.

APPOINTMENTS THROUGH PETITION.

The practice of securing voluminous lists of names by aspirants for public office has received a setback in Montpelier, where the aspirants for postmaster have been notified that such petitions will have no weight in the selection.

WE WERE UNLUCKY

Enough to be hit again by fire this morning, but this time it is only water damage, and very soon we will be in shape to serve our customers as before.

WE CLEAN, PRESS AND REPAIR CLOTHING.

174 Main Street, Barre, Vt.

DO IT NOW

Rent one of our Safe Deposit Boxes. The cost is trifling—about one cent a day—and surely the feeling that your valuable papers, deeds, insurance policies, notes and securities are safe is worth many times that amount.

Valuable papers should not be left lying around in desks or closets at home where they may easily be lost or, in case of fire, burned, when it costs so little to keep them under lock and key in one of our Safe Deposit Boxes.

The boxes in which we store papers are made of heavy tin, and fit snugly into a steel box with a lock on the door that requires the key of the renter to open. No one else can have access to it and the protection is certain.

We are always pleased to show our Safe Deposit Boxes and if you are interested come in and talk the matter over. Open daily from 9 to 3. Monday evenings, 7 to 8.

Barnes; "By the People's Interest," Principal Burrage of Peacham Academy; "By Better Teachers," Arthur F. Stone; "By Better Administration," the Rev. A. F. At the election of officers Harvey Barkbank of Danville was elected president, Miss Martha Jenness, vice-president, Miss Ella L. Wilmartin, secretary.

WITH HIS TEETH.

Sensational Murder of Turk Procurator-General.

Constantinople, May 9.—Nedim El-din Bey, procurator-general of the viceroy of Tripoli, North Africa, has been murdered in a highly sensational manner by Ali Shamyil Pasha, former military governor of Scutari, a suburb of this city.

According to reports received here, Ali Shamyil, who is a Kurdish chieftain and who recently was exiled to Tripoli on the charge of being concerned in the murder of Redvan Pasha at Constantinople, was undergoing an examination, when he suddenly rushed upon the procurator-general, fixed his teeth in his throat and held on like a bulldog until his victim was throttled to death.

John Mitchell's Greatest Triumph.

"At the present time it is estimated that there are considerably more than 100,000 Slavs in western Pennsylvania," writes F. B. Warren in Technical World Magazine for June.

"These make up the great majority of the workers in the anthracite region. And, from the standpoint of union labor, it is, perhaps, the greatest triumph of John Mitchell's life that he has been able to organize such an ignorant horde into a union which presents almost a united front to the coal-mining railroads. To the student of social conditions, the figures in this connection are interesting. Before the strike of 1900, less than 15 per cent of all the men and boys employed at the coal mines belonged to the Mine Workers' Union. But when Mitchell issued his call more than 85 per cent of the total number laid down their tools. Thirty days before the great strike of 1902 the union leaders could count but 65 per cent of the workers in their ranks. When the fight came 95 per cent went out at the drop of the hat, and stayed out until the final award was paid.

"Within twelve months of the settlement of the strike of 1902 nearly 75,000 members of the Mine Workers' Union allowed their membership to lapse by non-payment of dues. But they can practically all be depended upon to follow the command of the union leaders in an emergency. Selfish self-interest—if nothing else—has taught them that a successful strike means larger wages and shorter hours of work. In that way, if in no other, these Hung and Slavs are slowly—very slowly—being educated up to American standards of living and of labor. And the public—the great paying public—pays the bills. The anthracite-mining coal railroads have, it is estimated, more than 10,000,000 tons of anthracite coal piled up alongside their tracks in the vicinity of New York alone. It will be some months before they begin to feel any severe strain. "But the public pays!"

C. L. SPIER NOT A SUICIDE.

The Coroner Says He Must Have Been Murdered.

New York, May 9.—Coroner Matthew Capill said yesterday that he was positive the wound which caused the death of Charles L. Spier, confidential agent of H. H. Rogers, who was found dead in his home in Staten Island Monday, could not have been inflicted by himself and that he was undoubtedly murdered.

Dr. H. V. Patterson, Mr. Spier's family physician, who was one of the first to reach the Spier residence after the shooting, said yesterday that he did not believe Mr. Spier committed suicide, but thought he was killed in a fight with a burglar. The police have ascertained that one month before his death Mr. Spier had insured his life for \$75,000 and had to discount a note for \$1,357 to pay the premium on the policy when it became due last Saturday. The policies were payable regardless of the cause of death, and the beneficiary had been changed from Mrs. Spier to a trustee of his estate.

The police have discovered also that a judgment in bankruptcy for \$50,870 had been outstanding against Mr. Spier and others since February last. These judgments were entered after the Yeman Transmitting Typewriter company, of which Mr. Spier was president, went into bankruptcy. District Attorney Kenney has begun an investigation.

ADELAIDE RANDOLPH WEDS.

Is Married to the Brother of the Earl of Cavan in London.

London, May 9.—Miss Adelaide Randolph was married yesterday afternoon in Trinity church, Sloane square, to the Hon. Lionel Lambert, second son of the late Earl of Cavan, brother of the present earl, and heir presumptive to the title.

The Rev. Horace Lambert, a brother of the bridegroom, officiated. The American ambassador, Wintelow Reid, Mrs. Reid, and Miss Reid, the staff of the American Embassy, J. Pierpont Morgan, and the Earl of Cavan were among those present. Mr. Reid and Mr. Morgan were the witnesses for the bride.

The bride is the daughter of the late Col. Arthur Randolph of England, who married Miss Edith May of New York. After his death, nearly twenty years ago, his widow married the late William C. Whitney. She died in 1900 as the result of a fall from her horse.

The Hon. Lionel Lambert, who is thirty-three years old, was for some time a lieutenant in the British army.
