City Clerk James Mackay returned yesterday afternoon from a short fishing trip to Greensboro pond and Lake Mansfield. At the former place there is little fishing yet because of the lateness of the season, but at Mansfield he secured a good string of trout.

Saturday evening about 60 people gathered at the home of Mrs. Mark Nichols to remind her that 25 years ago that day she had started for America from Tyrone, Ireland. During the evening Irish songs were sung by John McKenzie and James Seweright. Refreshments were served and before breaking up Jerry Keefe, in behalf of those present, presented Mrs. Nichols with an elegant gold chain. The affair was in charge of Eugene Sullivan.

William Jackson of Barre Town has purchased of Eugene Sullivan a monument, on which is some of the finest carving to be found on any stone ever cut in this city. The monument is to be set up to the memory of Mr. Jackson's wife, at Hope cemetery. It consists of a single base and die, but on the die is a cluster of flowers that look as if they could be picked off, and used for a bouquet, so naturally are they cut. In the cluster are roses, Forget-me-nots, pansies and ferns. The carving is all the work of the well known artist, Eugene Sullivan.

WILLIAMSTOWN.

Editor Times: The little school district, known as No. 7, in the Town of Williamstown was again besieged by officers who sought to discharge the duties of their office. This time instead of being after truants or Farmer Tracy for keeping his children out of school, they were after game known as "jiggers" or lice.

It has been said by the Boston Herald that Tracy was not content after his conviction, and consequently, he had a meeting and highly esteemed teacher brought into court and pay a fine for not reporting that a child remained away from school a day.

When the spring term opened with a stalwart man teacher at the helm Tracy sought his company, shortly School Director Baker, a new man on the Board, with Health Officer Tindall, came down on the little school house when school was in session with an avowed intention to drive out the "jiggers". Baker with an army/musket took his position near the door to see that no "jigger" escaped. "Come on the health officer to a little boy sitting near the front row, and the little fellow walked boldly to the front taking his position near the officer, while the officer counted the hairs on his head. Nothing doing, and he calls another boy, "Is your name Martin?" says the officer. "Yes," says the little fellow, and he puts him through a similar course. Nothing doing here, either, then a third one is called. "Is your name Tindall?" says Tindall. "Yes," says the young man, and as the officer separates his hair, his complexion changes, Baker's musket is raised to his shoulder, they could almost hear the clattering of the booms of the "jiggers" in beating their retreat, but no shot was fired and the guardians of the law returned to their homes with no smell of powder to be detected on their clothing. And the citizens of the little school district are now wondering what will be the next move.

Good Investment

Purchase a pair of "Dorothy Dodd" Shoes and we are certain you will consider it one of the very best investments for your comfort that you ever made.

They will give you a freedom of movement you have never before enjoyed, they will snuggle up under the arch of your foot so that the vacant feeling at that point is entirely done away with, they will give the toes free expansion and give to the entire foot a bracing, restful sensation.

They will, in fact, fit your foot as perfectly the first day as many others do after weeks of painful breaking in.

SENSIBLE

The Queen Quality Shoe might be termed a Common-sense Shoe, for it combines comfort with style, yet in appearance it is totally different from the so-called Common-sense Shoes which are usually clumsy and shapeless.

But here there is no suggestion of clumsiness, not even in the mannish Oxford. Patents and Gun Metal, \$3.00. Kid with Patent Tips or Kid Tips, \$2.50.
