STYLES OF 1906

8c Yard

In previous seasons we have presented some extraordinary sales of Wash Fabrics, but at none of these annual sales have we offered such a collection of Fashionable New Goods at such a marked reduction from the ruling prices. Twelve and one-half cents a yard has been the price for these pretty floral and figured fabrics, unsurpassed in designs --- many of them copied from designs of the most beautiful imported fabrics. We put on sale for the coming week over twelve hundred yards in twenty-eight distinct patterns

AT 8 CENTS A YARD

Why is it we are selling so many Ladies' Home Journal Patterns? Because no other popular-priced pattern can compare with them.

Last year the trip made was to Roxbury, Warren, Waitsfield, Middlesex, Waterbury, Montpelier and return.

Word has been received here that Homer S. Dutton has signed with the Patterson, N. J., baseball team for the season. Dutton will be remembered as a member of the Montpelier seminary team of last year, and for the fine work that he did for the seminary, winning every game that he pitched, which rightly gave him his title of "Dutton, the Boy Wonder." Mr. and Mrs. Geo. T. Colby were in Barre Saturday.

Editor Times: Recently there appeared in this paper a very witty article descriptive of a visit of inspection on the part of the Williamstown health officer Dr. Tindall and Mr. Halser, School Director, to one of the schools (No. 7) in the town wherein certain highly strange proceedings were said to have transpired. The writer, whoever he may be, is certainly to be congratulated on his sparkling and vivacious style, but we certainly would advise him to quit exaggeration and make more sure of the accuracy of his facts in the future before rushing into print, as unfortunately for his highly colored composition some of it was true beyond the mere fact of there having been an inspection. It need hardly be added that the insinuation worked in against Mr. Tracy's child is entirely false.

Signed, Wm. J. Tindall, M. D., Health Officer.

THE MEASUREMENTS

of RALSTON HEALTH SHOES are right. The laws that govern foot-structure are applied to the making of all Ralston Health Shoes. Every part of a Ralston is in proper proportion to every other part. That means Ralston Health Shoes don't distort or vary the natural, structural lines of the foot to achieve style. They are the most stylish shoes on the market, yet they never depart from the hygienic principle of nature-proportions. Ralstons will feel like home to your feet. They fit the foot at the start and need no breaking in. Come in and try on a pair.
