

TROLLEY CRASH KILLS FIVE

And Injures Many Others In Buffalo

ONE MOTOTMAN IN LIST

Both Trains Were Running Rapidly Last Night--The Accident Is Laid to a Mistake in Reading Order.

Buffalo, N. Y., July 12.--A train of two trolley cars, westbound from Lockport on the lines of the International Railway company and due at Tonawanda at 9.15 o'clock last night ran under an open switch at a siding just east of Martinsville, and crashed into a trolley freight motor and a train of seven freight cars which were lying on the siding waiting for the passenger train to go by.

The dead are: John Bittman, motorman, Lockport. Charles T. Hutchison, negro, Lockport. Unknown woman, head crushed.

Girl and boy, supposed to be brother and sister, names unknown.

List of injured: Theodore Nestman, Buffalo, head and arms injured.

Henry Eppell, Buffalo, head lacerated. Dr. E. A. Wieland, Buffalo head injured. Hand crushed.

H. J. Walls, Buffalo, head cut; right arm broken.

Lee Johnson, motorman both legs crushed, will probably die.

The passenger cars were going at a high rate of speed when the accident occurred and the impact was terrific.

The foremost car was utterly demolished. The wedge-shaped end of the rear car completed the work of destruction.

Members of the relief parties did not at first realize that two passenger cars were involved, so complete had been the demolition of one of them.

The track to Olcott Beach is a single track line and the passenger cars bound for Buffalo had the right of way over the freight train that drew into the siding at Martinsville to let the passenger cars pass.

The switch into the siding was not closed, for the passenger cars thundered along, took the turn and crashed upon the freight engine.

The motorman of the first passenger coach is dead under the wreckage. It cannot now be said whether he saw warning signal lights or not at the switching. The target is smashed under the wreckage.

AUTO TOUR STARTS

Glidden Trophy Contest Is Also on Today.

Buffalo, July 12.--The first car in the third annual tour of the American Auto Association and the second annual contest for the Glidden Trophy started at 7.14 this morning. Today's run was to Auburn, a distance of 135 miles. There was a lapse of three minutes between the cars in starting and the last one did not get away until 10 o'clock.

In the endurance test the automobiles will be required to maintain a scheduled average speed under conditions that would not be asked of a locomotive which runs on a fixed roadbed. The skill of the drivers of the different cars will be a most important factor in settling the final award.

The driver must arrive at the several stations on each day's journey exactly on time, and a fraction of a minute advance or behind the specified time will mean a penalty. To do this each driver must be an excellent judge of pace, and he must know how to make up time under any emergency that may arise.

The weather will have a great deal to do with the success of the run, for if there should be a rainy spell the roads up through Canada will make it very rough traveling, and in some sections of this state the route is none too good, under the most favorable conditions.

The members of the trophy committee will meet soon at the four ends at Bretton Woods on July 28 and the name of the winner will be announced at the earliest possible moment. This committee consists of David Hennen Morris, president of the automobile club of America; George E. McQuesten, representing the automobile club of Great Britain and Ireland; and Willie K. Vandenberg, representing the automobile club of Germany and France; and Charles J. Glidden, the donor of the trophy.

More people are directly and indirectly interested in this tour than in any other event of its kind ever held in America, and in point of number of cars on the road, including non-contestants, it will compare favorably with any automobile touring event held anywhere in England or on the continent.

GREAT EXCITEMENT BY THE ORANGEMEN

Twenty Thousand Persons Are Parading the Principal Streets of Belfast and Trouble Is Feared.

Belfast Ireland, July 12.--The Orangemen are celebrating today the anniversary of the Battle of Boyne, which upon a number of occasions in the past has wound up with countless broken heads, and considerable bloodshed. Twenty thousand persons are parading the principal streets and there is great excitement. As yet no collisions have occurred between the Orangemen and the Nationalists.

BATTLE IN MID-AIR.

Workmen on Sky Scraper Attacked Special Police.

New York, July 12.--Eight stories above the street on a flimsy flooring of planks laid across girders, nearly a hundred union iron workers employed on a hotel building going up at Fifth and Ninth streets and Fifth avenue, yesterday attacked three special policemen, kept there to prevent trouble between the union workmen and non-union workmen, employed on the same building.

One of the special policemen, Michael Butler, was fatally injured, sustaining a broken leg, a fracture of the skull, and internal injuries. The other two men were seriously, but not fatally, hurt. Later one of the special policemen identified four of the union iron workers who had attacked him and they were arrested.

Butler was thrown through an open space. He would have fallen through the eight stories but for a few planks laid across the sixth floor frame work. These caught his body and saved him.

THROES OF A CRISIS.

London Express Says the Navy Question Is Important.

London, July 12.--The Express, this morning, says the cabinet is in the throes of a serious crisis, split in twain on the vital question whether the navy shall be maintained in a condition of invulnerable efficiency or shall be weakened considerably and rival nations permitted to outdistance us in the race for naval supremacy.

The paper points out that some days ago the cabinet decided to reduce this year's shipbuilding programme, abandoning one of the two battleships of the Broadbent class which it was originally intended to lay down this coming autumn. Three or four members of the cabinet, it is asserted, expressed themselves as opposed to "this most dangerous economy." Then came protests from the board of admiralty experts, including Sir John Fisher, admiral of the fleet, all of whom threatened to resign if the cabinet persisted.

CHAMPOINS PLAY FAST

And Defeat Rutland in 2 to 1 Game

TEAM WORK COUNTED

Both Warner and Rudolph Pitched Splendid Ball -- Ottawa Beat Plattsburg by One Score, 3 to 2.

A hold-up was made in Rutland's line of victories yesterday afternoon, when the Champions won a 2 to 1 victory from them in the closest and most exciting game played on the Intercity grounds this season. The fatal seventh inning was where Rutland met its downfall. Rudolph, the former Fordham college star pitcher, was pitching great ball for the Marble Cityes and their one score, which came in the second inning, looked awful big for four innings.

But in the last half of the seventh the Champions finally solved the combination to young Rudolph's twists and with the bases full pulled off two of the fastest plays ever seen here, for a run at each attempt, which proved to be the winning tally. Eaton started the winning streak by smashing the first ball past short for a clean single, and Ashmore sacrificed him to second. Rudolph hit Sheets in the arm and the latter was given the first bag. Williams then dropped the ball just back of third for a pretty single. Eaton had to hold up at third and the bases were then full.

Warner was equal to the occasion and laid down a pretty bump to the right of the pitcher. Before the ball started Eaton was on his way and slid across home for the first tally. The bases were full, with Sheets at first, Devin at second and Elliott at third. Devin had his signals to do the sacrifice with the bat, and he rolled the ball towards third. The third baseman made so quick a dive for it that he missed it altogether and Sheets scored the winning run, while Daniels got safely to first.

Again all three bags were covered. By this time Rudolph broke up to the game and threw Elliott a high ball, which he attempted to bunt but failed to do and Williams, who was to come in on the bunt, was touched out by Duff. Elliott closed the inning by going out on an assist to the pitcher.

The Batting.

Rutland's tally in the second came after Shean had singled and was sacrificed to second by Duff and sent to third on Sylvester's single. While Devin was at bat, Sylvester started for second and Eaton threw to Elliott to tease Shean home. Elliott returned the ball in time, but threw a little high, so that Eaton had to jump up for the ball and Shean slid safely under him. Warner caught Sylvester between second and third, and Elliott touched him out. Devin did not get to Elliott, retiring the side.

Warner pitched an excellent game and became more and more effective as the game advanced. But five scattered hits were made off him and in the last four innings he pitched a perfect game. In the first part of the game, several times each side had a man at second or third, but the telling work of the pitchers and the clean fielding kept them there to die.

THE SCORE.

Table with columns: ab r h po a e. Rows: Daniels, I. F., Elliott, S. B., Devin, I. F., Eaton, E. J., Ashmore, I. B., Sheets, C. F., Williams, S. B., Warner, P.

Totals 32 2 27 14 1

Score by innings: 1 2 3 4 5 6 7 8 9. Intercity 0 0 0 0 0 2 0 -2. Rutland 0 1 0 0 0 0 0 -1.

Summary: Earned runs, Rutland 1; two base hit, Elliott; stolen bases, United. Williams, Bruce; sacrifice hits, Ashmore, Warner, Duff, Rudolph; bases on balls, off Warner 4; struck out, by Warner 3, by Rudolph 4; left on bases, Intercity 6, Rutland 1; passed balls, Duff 1; hit by pitcher, Sheets; umpire, Hassett; time, 1:45; attendance, 750.

Baseball Notes.

The hits off Warner came in the first half of the game, and off Rudolph in the last half.

Williams was the only man on either side to get two hits, and one of those was a scratch.

When a player will run plumb into the players' bench after a foul, as Eaton did, it is trying some.

There was a good deal of kicking on both sides against Umpire Hassett's decisions on balls and strikes.

It was a hard game for Rudolph to lose, after holding the Champions down to two hits for six innings and no runs.

For six innings Manager McManus was seen pacing up and down in front of the grand stand with a broad smile on, but after the seventh he was lost sight of.

Davis was the only one on the home team to be credited with an error. He made a low throw of Shean's grounder in the fourth, which allowed the runner to get to second.

The Champions are playing together like clockwork. Such system in batting and base running as was seen in the seventh inning will win many a game.

OTTAWA WON OUT.

Defeated Plattsburg Through Errors of Latter's First Baseman.

Plattsburg, N. Y., July 12.--Yesterday's game was lost to Ottawa, 3 to 2, through the supid playing of McAllister at first, his error being responsible for two of the runs credited to the visitors. Collins, Lush and Umstad played brilliantly and but for the error at first, Plattsburg would have won easily.
