Comfortable Shirts

The Man with a comfortable Shirt is pretty sure to be comfortable all over. It doesn't take an expert to tell when a Shirt is comfortable, but it takes an expert to make one comfortable. It has to be roomy, well-shaped, well-sewed; the sleeves aren't to be too long, the collar must not be cut too low or too high. When a Man once finds a comfortable Shirt, he comes back for the same brand, year after year. Some even get to know the kind of box they are packed in and won't look at the Shirts at all, if they don't see the right box. Selling the best of Shirts brings us more business every season, lets us buy more Shirts and consequently, we sell better Shirts than we did the year before. Don't think you can duplicate anywhere the Shirts we are selling for \$1.00, \$1.50 or \$2.00.
