shaking up the candidates.

The Champions showed yesterday
that there is baseball in them.

Take the word of one side and you'll
be certain that the good old state of
Vermont is sliding down hill faster than
we can ever pull it back; take the word
of the other side and there's no differ-
ence.

Reports from Mt. Gretna, Pa., say
that of the militia troops attending the
great encampment, the Vermont and
the West Virginia regiments are stand-
ing the ordeal the best. The mountain-
cers are the stuff!

One of the results of the placing of
a large natatorium at Amherst college
is the decision to make the art of
swimming one of the requirements of
the college course. Amherst will be-
come a popular college if this is done,
for where is the boy and young man
who does not have a liking for the
water and the chance to learn to swim?
Besides, Amherst will be in the forefront
of a movement which will prove of
wide-sweeping benefit. We may not all
take to the water like ducks, but we
ought to know what to do when we
are unavoidably forced to take to the
water.

BARRE'S COMPARATIVE DEBT.

The average per capita debt, less sink-
ing funds, of the 329 cities of the United
States with populations from 5,000 to
30,000 is \$27.85. Of the individual cities
in this class, Barre has per capita net
debt of \$39.63; Burlington \$33.80; and
Rutland \$37.87. Each of these Vermont
cities is above the average in its class.
In cities of the United States with a
population of 30,000, Newton, Mass.,
has the largest net per capita debt of
\$125.58, with Boston not far behind
with \$108.17. The average per capita
debt less sinking funds, for these larger
cities is \$56.97. In comparison with
these Barre doesn't look so bad, but
her debt is much larger than most cities
in her class.

THE BASEBALL UMPIRE.

Pity the poor umpire! Stormed at
with shot and shell of red hot invective,
he stands a target for the disgruntled
crowds, a shining mark for the players
and an object of commiseration for those
who know not the game and think him
abused. Sandwiched between two hos-
tile forces, the baseball official takes his
life and self-respect in his hand when
he saunters onto the baseball diamond.
If he calls "Fair ball," he is greeted
with objurgations of "Robber," "Thief,"
"Poltroon" and other things which do
not look so well in print. If he ven-

tures to say "Foul ball," the other side
hurts even choicer expressions of en-
dearment at his precious head. Mean-
while the crowd is taking a hand. The
hoarse croak of the masculine bass
forms a vocal background for the shrill
soprano as they, one and all, lost in
the intricacies of the great national
game, lose also their self-control and
advise, reprove and rail at the poor
cause of all their wrath—the umpire,
that being who consents to act as arbi-
ter of a worse than Russo-Jap peace
conference. Who was accused of steal-
ing baseballs in Boston the other day?
The umpire. Who was charged with
being the cause of almost a riot in New
York the same day? The umpire. Who
gets the broadside of shot in this little
Northern league of ours? The umpire,
of course. The fact is, the umpire is
getting more than is coming to him.
What would a game of ball be if it
were not for the umpire? We hesitate
to predict. So be more kindly disposed
to the wretched individual. Lend a bit
of charity, for umpires are made of
flesh like the rest of us. If he errs
he will not do it knowingly, for he
values his job. If he errs through igno-
rance, then it will be discovered soon
enough and the way will be cleared for
his successor. So pity the umpire!

MUST PAY FOR ROBBERY.

Losses of Russian Government Assessed
Against Cities and Towns.

Warsaw, Russian Poland, Aug. 9.—
The terrorists are continually attacking
and robbing postoffices, government spir-
it shops, treasuries and the mails.
The governor general has ordered that
henceforth the inhabitants of villages,
communities and cities in or near which
such crimes occur shall pay the losses
resulting from such robberies.

MAZET IS TO APPRAISE
RUSSELL SAGE ESTATE

New York State After Its Inheritance
Tax, Which May Reach Sum
of \$800,000.

New York, Aug. 9.—Robert Mazet,
chairman of the legislative committee
which investigated the government of
New York city in 1905, will be selected
by Surrogate Thomas as chief appraiser
of the estate of Russell Sage.

Mr. Mazet has had wide experience in
various lines of inquiry. In October,
1900, he was appointed by Surrogate
Fitzgerald to fix the tax upon the \$5-
000,000 trust estate created by William
H. Vanderbilt for his son, the late Cor-
nelius Vanderbilt, and to determine the
share of the fund due to each child of
Cornelius Vanderbilt. Mr. Mazet's other
most conspicuous experiences in the set-
tlement of estates were the appraisal of
Abram S. Hewitt's property and that of
Collis P. Huntington.

The primary object of Mr. Mazet's ap-
pointment will be to see that the state
gets its inheritance tax, which, if the
estate amounts to \$800,000, will be
\$800,000.

TELLS OF THEFT.

New Haven Man, Overcome by Remorse,
Reveals Robber of Thomas Toole.

New Haven, Ct., Aug. 9.—Overcome
by remorse, William Woodson of West
Haven, who was arrested Tuesday on a
charge of drunkenness, broke down and
told the officers that he was guilty of a
theft of \$3,200 in cash, committed on
April 1, 1903. He said his conscience
troubled him, and he wanted to atone.
Woodson also implicated his wife, Mrs.
Catherine Woodson, and both were ar-
rested Tuesday evening.

The victim of the theft was Thomas
Toole, an aged man, who was found af-
ter Woodson's confession by the police,
and told a pathetic story. All his life
he had hoarded his savings in a tin box,
which he always locked in his trunk,
and it finally amounted to \$3,200. One
night he was awakened by the noise of
some one in his room. So paralyzed with
fear was he that he could not get up
to move or cry out. In a moment the thief
had the tin box.

The old man then grappled with the
intruder, but was thrown aside and his
savings were gone in an instant.

INDIANA'S LARGEST
REAL ESTATE DEAL

Steel Trust's City of Gary Will Call
for Expenditure of \$75,000,000
in Next Eight Years.

Chicago, Ill., Aug. 9.—The price, \$1-
926,065, paid by the United States Steel
Corporation for its site for the coming
city of Gary, Ind., has been entered in
the books of the county recorder at
Crown Point. This is the largest real
estate deal ever closed in the Hoosier
state.

It is planned to spend \$75,000,000 on
this site in the next eight years. The
city is laid out and the exact location
of every plant as well as the areas to
be devoted to residences have been de-
termined. The tract measures 2,732-
28 acres.

SEEK ICE FACTS.

New York Grand Jury Begins an Inquiry
by Questioning the "Trust" President.

New York, Aug. 9.—The August grand
jury, which, acting under the suggestion
of Judge Otto Rosenthal, will consider
the present high prices charged for ice,
were early in their seats yesterday morn-
ing. There were a dozen witnesses in
waiting to be examined, the first to go
before that body being Wesley M. Oler,
president of the American Ice Company.
Mr. Oler was under examination for
more than an hour. When he emerged
from the grand jury room he refused
to answer any questions as to what his
evidence had been. We was then asked
about a published story to the effect
that his company had advertised for
sale, at two towns in Pennsylvania—Mt.
Bethel and Johnsonville—their stock
of ice stored in these towns. Mr. Oler
said the story was a "villainous and
malicious lie."

"Instead of our offering ice in such
large quantities," he declared, "we are
buying all we can for the Philadelphia
market. Besides, we have no ice houses
at the places mentioned."

The probable price to which ice will
be pushed this summer was then put
up to the ice company's head.

"I don't know how high it is going,"
he replied. "I am paying 70 cents a
hundred pounds at my home in Latch-
mont."

STRIKE FOR HUSBANDS.

Chicago Janitresses Vite to Lay Down
Mops and Brooms.

Chicago, Aug. 9.—The first family
strike to be recorded in the labor move-
ment in Chicago was ordered yesterday,
when 200 janitresses voted to go to the
aid of their husbands to win an increase
in wages demanded by window washers
in large buildings downtown.
Mrs. Felicia Prendergast turned the
tide of sentiment in the janitresses'
meeting. Several speakers pointed out
that the wives of the strikers ought to
stay at work and earn a living for their
husbands while the latter were out of
work.

"That is a false doctrine," objected
Mrs. Prendergast. "Women are supposed
to be helpmates of their husbands, but
are not their slaves. Moreover, I believe
we can assist them better by refusing
to scrub the floors and stairways in the
big office blocks."

The vote was practically unanimous
in favor of laying down mops and
brooms in twenty skyscrapers this morn-
ing.

THE POPE YIELDS.

Agrees to Temporary Arrangement Under
French Clergy Law.

Paris, Aug. 9.—Le Matin says that
the Pope's instructions to the French
clergy as to the course they shall pursue
with regard to the church and state sep-
aration law have been received in Paris.
The text of them has not been pub-
lished, but it believed that the Pope
refuses to accept the law, though he
agrees to a temporary arrangement under
it.

NORTHFIELD.

Mr. Clement has a plank in his plat-
form which reads: "We charge the Re-
publican machine of Vermont with con-
tinuing the rotten borough system to
maintain its absolute supremacy." And
Mr. Clement pledges his best efforts to
secure an amendment to change the pre-
sent system of representation from towns
to districts. This means that your
town will have no representative in the
legislature; that your town will become
one of a chain of towns and that this
chain of towns will elect a representa-
tive. Will you stand for it? There's
just one way to avoid this Clement plan
and that is to vote the straight Repub-
lican ticket.—Adv.

Mrs. Pratt, returned to her home in
Bainbridge Wednesday.

The freight train which is run between
Bethel quarries and Northfield broke
apart in the yards this morning about
5:30 and ran into shed No. 1 at the
Ellis granite works and did considerable
damage to the east end of the shed.
The train was heavily loaded with granite
and a large block of granite was
standing on end in one of the cars,
which struck against the large timbers
on which the track used for the derrick
is laid. The timbers were broken and
the track torn up. A portion of the
shed will have to be rebuilt.
