THINKS ROCKEFELLER IS FULL OF GNOMES.

Colonel Oloott, Theosophist, Believes That These Imps Control Successful Effort.

Chicago, Ill., Sept. 18.—Gnomes, the funny little creatures with round, floppy ears and pointed red caps, are the actual financiers of the world, John D. Rockefeller is said to be simply jammed full of these imps, and every man in Wall street who is successful is simply beset by them.

"Gnomes, sylphs, undines and salamanders are the spirits of the earth, air, water and fire, respectively," said Colonel Oloott in his address to the Theosophists, "and unless there is an abnormally strong in a person's system, he will have no success as an astronomer, shak wire walker or flying machine inventor."

"Unless the man who undertakes to control money, oil, diamonds and other treasures of the earth has a few gnomes to pilot him, he might as well go into bankruptcy before he lands in a madhouse."

BOY WITH NO BONES IS DEAD AT AGE OF 21.

Case in Brooklyn baffled specialists and attracted much attention.

New York, Sept. 18.—Born without a bone in his body and absolutely helpless, Antonio Congo of No. 234 North Fifth street, Brooklyn, lived for 21 years. He died Friday and was buried Sunday.

His case attracted much attention from medical men, who frequently visited the home of his father to examine him. Although Antonio's father, Frank Congo, who is prominent in Republican politics, spent thousands of dollars in employing specialists to treat his son, all of them were forced to admit that the ailment baffled them.

From the day of his birth until his death, Antonio was never out of a cradle, except when held on a pillow that the bed linen might be changed. He could see, but could not hear or talk. He was powerless to move hand or foot, and yet was perfectly formed, except for the fact that he had no bones.

Mr. Congo has six other children, all of whom are healthy.

German Manufacturers Call on Roosevelt to Remove Certain Restrictions.

Oyster Bay, N. Y., Sept. 18.—President Roosevelt yesterday received a delegation of manufacturers from Germany who sought relief from what they consider restrictive legislation in American custom houses against imports from Germany. The delegation was headed by C. Leo Zoufen and Bernhard Cohen.

President Roosevelt referred them to Washington, where they went immediately, and where they were to consult the officials of the treasury and state department and present the complaint they have to make against the customs regulations.

DISFIGURING SKIN HUMOR

Impossible to Get Employment, as Face and Body Were Covered With Itching Sores—Scraped Till Flesh Was Raw—Spent Hundreds of Dollars on Doctors and Hospitals and Grew Worse

CURED BY CUTICURA IN FIVE WEEKS

"Since the year 1894 I have been troubled with a very bad case of eczema which I have spent hundreds of dollars trying to cure, and I went to the hospital, but they failed to cure me and I was getting worse all the time. Five weeks ago my wife bought a box of Cuticura Ointment and one cake of Cuticura Soap, and I am pleased to say that I am now completely cured and well."

"It was impossible for me to get employment, as my face, head, and body were covered with it. The eczema first appeared on the top of my head, and it had worked all the way around down the back of my neck and around to my throat, down my body and around the hips. It itched so I would be obliged to scratch it, and the flesh was raw."

"I would first wash the affected parts with warm water and Cuticura Soap, and then apply Cuticura Ointment and let it remain on all night, and in the morning I would use Cuticura Soap. I am now all well, which all my friends can testify to, and I will be pleased to recommend the Cuticura Remedies to any and all persons who wish a speedy and permanent cure of skin diseases." CHICAGO WON IN THE 11TH

Defeated Philadelphia After a Hard Battle

NEW YORK BEAT ST. LOUIS

While the White Sox Fell Down Before Philadelphia—Boston Took Yesterday's Game from Detroit.

The New Yorks had the scrappy St. Louis team in eleven innings, the score being 5 to 4 in favor of the packers. Lajoie's men batted hard, but couldn't defeat Washington, getting the small end of a 4 to 2 game. The Stalwarts got into the game in the ninth to avoid the 100-defeat mark and won from Detroit by the score of 7 to 2 in a clean battle.

There was but one game scheduled in the National league, that being won by New York over Philadelphia with a ridiculous ease, the losers playing a poor game in the field to match up against the heavy slugging of the Giants.

SEVENTY GOVERNMENT PRINTERS ARE EXPELLED

Much Trouble May Result Over the Union's Action Because of Open Shop.

Washington, D. C., Sept. 18.—Columbia typographical union of Washington, at a meeting Sunday, voted to expel 70 members who refused longer to pay an assessment levied for strike benefits on account of the strike against employing printers in the District of Columbia, which has been on since last January. The dismissed members are all employed in the government printing office and it is said that the number expelled may reach 250 before the matter ends.

The action may lead to no end of trouble in the government office, Public Printer Stillings has given it out that no man shall be molested in his work on account of the fact that he does not belong to the union. The president has recognized the open shop. Yesterday's action makes the government office in fact what it has been in name, an open shop.

The bookbinders' union has voted to ask the president to investigate the government printing office on account of the action of Public Printer Stillings in suspending A. J. Tanner, an employee in the bindery.

DELAY BUILDING.

Shaw Directs Breaking Off of Negotiations for Site for Appraisers' Store.

Washington, D. C., Sept. 18.—As the result of Senator Lodge's appeal to President Roosevelt, Secretary Shaw has sent a telegram from Tennessee to Acting Secretary Edwards, directing him to break off negotiations for the purchase of the Commercial street property of the Boston Consolidated Gas Company as a site for the appraisers' stores.

The matter will be held up indefinitely, and probably no action will be taken until after the return to Washington, in November, of President Roosevelt and Secretary Shaw. This may seriously delay the construction of the building.

Mr. Edwards said yesterday that in his opinion the government is already under contract to purchase the property and that there is no doubt of its moral obligation to do so.

"The contract submitted by the gas company several days ago," he said, "positively has been signed."

CREAMERY CONCERN BANKRUPT.

Creditors of Joseph H. White & Sons File Petition.

St. Albans, Sept. 18.—The creditors of the firm of Joseph H. White & Sons, of Boston, a firm doing a butter manufacturing business in Highgate, have filed a petition in bankruptcy. They represent that the firm is insolvent, and that, in making a general assignment, August 24, for the benefit of its creditors, to J. Henry Thorp of Brookline, Mass., it committed an act of bankruptcy. The names of the petitioners and the amounts of their claims, all of which are book accounts, are D. W. Steele of Highgate, \$75; D. Noyes Barton of Highgate, \$92; T. R. Stinson of Highgate, \$130; H. M. Carr of Swanton, \$120.

DOWIE WILL GO.

His Farewell to Zion City Is Announced for Sunday Next by "Elijah."

Chicago, Ill., Sept. 18.—John Alexander Dowie Sunday announced a farewell service at Shiloh house for next Sunday. Immediately after this service he will leave for Mexico if his physical condition will permit, and it is not expected that he will ever see Zion City again.

In a communication from the old leader, which was read at the tabernacle by Elder Arrington, he advised his loyal followers to remain away from the polls at the election for a new general overseer today.

The polls for the election today were open from 6 a. m. to 9 a. m. The election of Voliva, who spoke to a large outdoor meeting on Sunday, is conceded by a practically unanimous vote.

BIGGEST CORN EAR.

Grows in Massachusetts and Weighs Two Pounds.

Grafton, Mass., Sept. 18.—W. C. Carpenter of North street has found in his garden an ear of corn which weighed two pounds. The ear has twenty-eight rows each of sixty kernels in a row, making in all 1,680 kernels. The ear surpasses one found in Kansas, which weighed one and a half pounds and had twenty-eight rows of forty-two kernels each, a total of 1,176 kernels, which won a prize in the champion corn test of 1906 and was declared the largest ever found.

LITTLE GIRL FOUND BODY.

Peter Boucher Lost Life in Unusual Well at Eliot, Me.

Portsmouth, N. H., Sept. 17.—Shortly before noon yesterday a little girl in passing by an unusual well in the Abbott backyard near Sturgeon creek, Eliot, saw the body of a man floating in the water. She gave the alarm, and the body on being taken out proved to be that of Peter Boucher, aged 50, who has resided in that vicinity for several years. Long employed in the brickyard, George Shubert of Eliot was called and while the body was badly decomposed, he could find no marks of violence and turned it over to the selectmen for burial. Boucher has relatives residing in Somersworth and Brunswick.

NEW YORK YACHT BURNED.

Dr. Hellerung's Leslie Destroyed at New Haven.

New Haven, Conn., Sept. 18.—The auxiliary schooner yacht Leslie, owned by Dr. A. Hellerung of New York, which flew the Columbia yacht club pennant, was burned to the water's edge early yesterday off Keller's wharf, the former mooring place of the New Haven yacht club. The fire was caused by a leakage of gasoline, and the only person on the yacht at the time was John Anderson, the steward, who left the burning boat soon after the fire started.

Several yachts anchored near the Leslie were threatened by the blaze, and some of them shifted their positions in order to escape the flames.

COINERS, PLOT FOR AMERICA

Paris Counterfeiters Intended To Flood Chicago

MANY AGENTS ABROAD

Inquiry Into the French Plot Reveals a Mammoth Scheme to Pass Bogus Money in Many Parts of the World.

Paris, Sept. 18.—The Journal says that inquiry into the history of the gang of counterfeiters, whose leader was arrested Sunday in his private mint at Affort shows that the gang not only flooded France with bogus ten-franc pieces, but carried on its operations in foreign countries. In the premises raided Sunday, the police found correspondence with confederates in Dresden, London, Edinburgh and Barcelona.

Other papers show that preparations were being made to operate in Chicago, in the Argentine Republic and in other parts of the world. So far fifty-five persons are under arrest and it is expected that this number will be doubled as the result of investigations now in progress. Efforts are being made to conceal the names of some of the prisoners because of the prominence of their family connections.

The counterfeit coins were passed by the gang principally in shops in the center of the city and at the race courses. On the day of the Grand Prix alone 400 of the counterfeit coins were put into circulation. Some of these were silver two-franc pieces, which bear the allegorical figure of a woman sewing.

But the most perfect counterfeiters issued by the gang are imitations of gold ten-franc pieces, made of tough brass, gold plated. They are of the proper weight and have the ring of the genuine coin. The plating, however, soon wears off, and the glass is liable to break, unless it is carefully handled.

NEW RATE RULE.

Interstate Commerce Board's Regulations for Railway Tariff Schedules.

Chicago, Ill., Sept. 18.—President A. B. Stickney's attack upon the present chaotic system of railroad rate publications has been commended by the interstate commerce commission. Martin A. Knapp, chairman of that body, which yesterday began an important session in Chicago, gave out Sunday night a statement admitting as true the general counts in Stickney's indictments, and announcing that the commission would send out tentative proposals for reform.

Mr. Knapp expressed himself as doubtful of the wisdom of forcing the railroads to reprint their entire book of rate schedules every time they change a single item. He thought that some limit, say five, should be placed upon "amendments" to which they were entitled. At the sixth proposed amendment, for instance, the roads would have to issue a new schedule and take up their old. This would reduce to a minimum the possibility of their playing hide and seek behind various rates on the same commodities.

Mr. Knapp gave out the new rules determined upon by the commission in secret session Saturday. These rules, which will have a very great effect upon the administration of the new law, may be summed up briefly as follows: Nothing but money can be received for transportation. This is aimed at newspaper and periodical advertising, the bulk of which is paid for in transportation.

Where two or more connecting roads unite in establishing a through rate, such action will be regarded as a change in rate and will require 30 days' notice to the shippers. This is aimed at the road which is opened and obtains a through rate with another line, such a rate will be deemed a new one and will require no notice.

General commutation, mileage and excursion rates cannot be changed without 30 days' notice, except that excursion rates, good for three days, will require one day's notice, and rates good for more than three and not more than 30 days will require three days' notice.

ROCKEFELLER ILL.

Return of Attack from Which He Suffered Two Weeks Ago.

Cleveland, O., Sept. 18.—John D. Rockefeller is again ill by a return of the attack from which he suffered a fortnight ago. He was unable to attend church Sunday.

Mr. Rockefeller expects to go to his country home at Pocomoke Hills, N. Y., next month. He will remain there most of the time until some time in March, when he will go to Lakewood for a couple of months. Mrs. Rockefeller, with her sister, Miss Spellman, will spend most of the fall and winter at the family residence in New York city.

No matter at which of his residences he may be, Mr. Rockefeller is always accompanied by his two secretaries, Miss Howard and Miss Adams, and he spends considerable time each day dictating his many business letters.

Rheumatism Cannot Be Cured Unless Uric-O is Used

The Red Cross Pharmacy is the Home of Uric-O in Barre.

The rheumatic person is skeptical regarding the benefit almost any remedy advertised for the cure of Rheumatism and one can scarcely blame him for being so. All the plaster and liniments combined never actually cured a case of Rheumatism. They may relieve it in some quarters, but it is sure to break out somewhere else. The only true way to cure Rheumatism is to drive it from the system, for as long as the Uric and Rheumatic Acid remains in the blood one is never entirely free from the trouble.

This is where the value of Uric-O as a permanent cure for Rheumatism comes in. It seeks out the Rheumatic poison in the blood, cleans and kidneys, renders it inert and harmless and drives it out of the system. That is why Uric-O is such an admirable and effective cure for Rheumatism.

The chief reason that Uric-O is such a wonderful cure for Rheumatism is that it is designed and prepared to cure Rheumatism and Rheumatism only. It does not contain any alcohol or other so-called tonics to make one "feel good" for the time being, but is composed of antitoxins for the rheumatic acid poison in the system. This is the secret of its wonderful success. Rheumatism simply cannot exist in a person's system if Uric-O is used.

Uric-O is sold by The Red Cross Pharmacy, The Home of Uric-O in Barre, at 75c and \$1.00 the bottle. But if you still feel skeptical about its efficacy you can test it free of charge by cutting out this advertisement and sending same together with your name and address, to the Smith Drug Co., Syracuse, N. Y., and they will send you a sample bottle free. To persons who want to test it thoroughly and will agree to take it systematically according to directions, they frequently send a regular 75c bottle free.

EYE ON AMERICA.

Vatican Wishes It to Offset the Disaffection in France. It is Announced.

New York, Sept. 18.—In a letter which will be read in all the Catholic churches of the Newark, N. J., diocese next Sunday, the Right Rev. John J. O'Connor, bishop of the diocese, discusses the trouble between the Vatican and the French government.

The Newark diocese was so liberal in its contributions last year that Pope Pius sent a personal letter of thanks and bestowed his blessing upon the faithful. Bishop O'Connor says: "The bishops of France at the hands of an irreligious government and the consequent difficulties to be encountered by the bishops and priests of that unhappy country to preserve, in spite of adverse legislation, the faith in the hearts of the people, will necessarily deprive the holy father of much of that pecuniary assistance and support which in recent years he has received from the nation hitherto known as 'the eldest daughter of the church.'"

It is but natural that he should now look to his children in the great republic of the west, in which the church enjoys the fullest freedom to develop herself on the lines of her divine constitution, and build the new lines that in his mission of charity and of teaching mankind the truths of salvation, to supply him with a more abundant portion of the means requisite to carry on the sublime work which devolves upon him as the vicar of Christ and the spiritual ruler of so many millions of souls."

PROCTOR'S PRIVATE SECRETARY.

Will Be Benjamin Williams, Jr., of Proctor.

Proctor, Sept. 18.—It is authoritatively announced that Benjamin Williams, Jr., of this place, is to be Governor-elect Proctor's secretary of civil and military affairs when he assumes his office.

Mr. Williams is about 30 years old, was born in Rutland county, and is of Welsh descent. He was assistant postmaster at Fair Haven for a while and then went to Washington for three or four years and studied law there, being subsequently admitted to the bar in Vermont. He entered the employ of the Vermont Marble Co. about a year and a half ago.

Mr. Williams was practically in charge of the detailed work at the headquarters of the Republican state committee in the campaign of 1904 and again in the campaign recently closed. He there demonstrated the possession of an unusual capacity for organization and administration, and his services were of great value to the committee and to the party.

ALL WIRES CUT.

Cienfuegos Province, Cuba, Is Shut Off from World by Act of Rebel.

Washington, D. C., Sept. 18.—Cienfuegos, Cuba, in the vicinity of which are valuable American sugar plantations, in some of which Edwin F. Atkins of Boston is largely interested, is cut off from the world today, and a dispatch received at the navy department yesterday morning says that the revolutionists have cut the cable between Bermuda and Cienfuegos, that the cable between Cienfuegos and Havana was cut Saturday, and that section of the island is shrouded in obscurity.

That the situation there is most serious is evinced from the fact that the Dixie sailed yesterday morning from Havana for Cienfuegos with 500 marines.

BRYAN TELLS HIS POSITION

Tells Why He Is For Government Ownership

ADMITS HE WAS DRAWN

To Idea Reluctantly—Believes Change Would Purify Politics—Expects Other Democrats Will Come to His Support.

Jackson, Miss., Sept. 18.—In a letter to Governor Vardaman, W. J. Bryan declared that the main thing which led him to believe in the Government ownership of railroads was the corruption in politics brought about by private ownership.

"You are right in saying I prefer private ownership consistent with pure politics and justice to the public, and I came reluctantly to my present position. I believe that you and other Democrats will be brought reluctantly to the same position. As for the party it can only act when the voters are ready to act and it is impossible at this time to say how far public opinion will support the suggestion I have made."

BACON OPPOSES BRYAN PLAN.

He Sees Great Danger in Government Ownership of Railroads.

Washington, Sept. 18.—Senator Bacon of Georgia, in discussing Mr. Bryan's latest enunciation of doctrine, said yesterday: "I am not in favor of the Government ownership of railroads by the United States. In its practical operations it would be the most extreme and radical measure of paternalistic socialism. It would be impracticable for the Government to maintain and operate 250,000 miles of railroads economically and honestly, and build the new lines that would be required as well. It would present the most inviting and unlimited field for graft and thievery the world ever saw. The Government ownership, maintenance and operation of the railroads of the United States would constitute a political machine the reach and resistless powers of which cannot be realized or even conceived of, and if it is within the power of money to corrupt people that machine would be controlled by the army of grafters and thieves who would be in the plundering business. But if only a political machine limited to the business of politics, its baleful influence would be beyond estimate. Conditions would be horrible."

RUTLAND COUNTY FAIR OPENED TODAY

Better Exhibits Than for Several Years—Effort Being Made to Bring the Association Out of Debt.

Rutland, Sept. 18.—The first annual Rutland County Fair opened here yesterday with the usual confusion incident to getting the exhibits in order. By noon everything was in line and the usual first day crowd was on hand. The Rutland fair for the last few years has been on the decline but this year the county grangers have taken the matter in hand and given it an impetus with a view to putting the agricultural society out of debt. Several society ladies have floral parlors in charge and a special effort has been made to get a big exhibit of fancy work.

Today's race program consisted of a gentlemen's race for horses owned in Rutland county only, never started before, purse \$75. Tomorrow there will be a colt race for Rutland county horses, purse \$75; a 2:35 class, trot or pace, purse \$150; and a running race for farrier's horses, ridden by owner or employee, purse \$30. The fastest race of the fair, the 2:17 class will be run the last day, Thursday, purse \$150. The same day there will also be a Rutland county race for horses with no mark, purse \$75, and a free for all, purse \$50.

The exhibits are better than for several years.

LIKE FINDING MONEY.

D. F. Davis, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount he agrees to return the money to any purchaser when the specific does not cure.

It is quite unusual to be able to buy fifty-cent pills for a quarter, but it is only recently through the solicitation of Druggist D. F. Davis, that this medicine could be bought for less than fifty
