A Rightly Made Shoe

Is one you can put on and forget.

You cannot forget a shoe that hurts at every step; or a shoe that spreads all out of shape; or a shoe that "scuffs" up or cracks.

The Emerson Shoe

never reminds you of its presence. It is comfortable because it fits. It fits because made on a last that conforms to the foot. Its shape is permanent, due to the good stock and skillful shoemaking.

Broken down arches are impossible if you wear this shoe. The EMERSON Steel Arch Shank in every pair is a positive cure for flatfootedness.
