DOCTOR DESPAIRED

ANEMIC WOMAN CURED BY DR. WILLIAMS' PINK PILLS.

Has a New Lense of Life and Recommends the Pills to All Others Who Suffer.

Anemia is just the doctor's name for bloodlessness. Dr. Williams' Pink Pills for Pale People actually make new blood.

"In the spring of 1903 I did my usual house cleaning," says Mrs. McGann, "and soon afterward I began to have the most terrible headaches. My heart would beat so irregularly that it was painful and there came a morning when I could not get up."

"Another I was sick for nearly two years. I was as weak as a rag, had headaches, irregular heart beats, loss of appetite, cramps in the limbs and was unable to get a good night's sleep. My legs and feet were so swollen that I feared they would burst."

"One day while I was wondering how long I could live, feeling as I did, I received a booklet telling about Dr. Williams' Pink Pills for Pale People. I read it and told my husband to get me some of the pills. Before very long I felt a change for the better."

When Dr. Williams' Pink Pills for Pale People had blood with good blood they strike straight at the root and cause of diseases like headache, biliousness, indigestion, anemia, neuralgia, sciatica, locomotor ataxia and other disorders often pronounced incurable.

APPEARING OLD

Acts as a Bar to Profitable Employment.

You cannot afford to grow old. In these days of strenuous competition it is necessary to maintain, as long as possible, the youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair. The presence of dandruff indicates the presence of a burrowing germ which also, and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpelle is the only known destroyer of this pest, and it is as effective as it is delightful to use. Herpelle makes an elegant hair dressing as well as a dandruff cure.

Accept no substitute—there is none. Sold by leading druggists. Send 10c. in stamps for sample to The Herpelle Co., Detroit, Mich.

Rickett & Wells, Special Agents. WE OWN PALMA'S ISLAND. But It's Not Cuba—Just a Small Philippine Speck on the Map.

Washington, Sept. 28.—It is said at the state department that no doubt exists as to the American ownership and control of Palma's island, one of the small islands on the southeastern edge of the Philippines.

About eighteen months ago the war department requested the department of state to determine whether or not Palma's island was included in the Philippine group owned by the United States.

An investigation then disclosed the fact that the island was inhabited principally by Dutch settlers, and frequently visited by Dutch vessels, but was undoubtedly owned by this country.
