Coats. We like to talk about them. They are so full of the best fashion points of the season—They so plainly represent all that is best in Woman's Tailored Garments this year that we give them first place —the place of honor. Popular prices, from **\$4 to \$32.50**

Suits. Seldom can we offer you a choice of Suits so fine, so tastefully fashioned and cleverly tailored. And the prices too—you'd best not delay as rapid selling is inevitable. Prices from **\$9.98 to \$32.50**

Skirts. The fashionable novelty fabrics—stripes and plaids and checks make most attractive Skirts when tailored "our" way. Variations of the pleated Skirt are favorites. It is said that when an audience leaves a theatre in a whistling mood, it insures the success of a musical play.

That this is so, is strikingly exemplified in the great success of that greatest of all musical comedies, Weber & Field's "Buddy Tooty." It is unquestionably the greatest whistling success of the age, among the popular favorites being "Monte Carlo," "Bill Simmons," "Minstrel Parade," "Take a Ride With Me," and the lovers of this style of an entertainment will have an opportunity to enjoy it at the opera-house next Wednesday evening.

The social features of the legislative session at Montpelier next week promise a gay time. Then there will be other social events of the week, which is called "ladies' week."

AFTER SHAVING

Rose Cream is a pleasing emollient after shaving. Tender faces which the razor seems to irritate lose all their smarting under Drown's Cream's soothing effect. Use Drown's Cream for any skin irritation. It is limpid and imperceptible on the skin, yet exerts a healing result that feels good. Drown's Cream comes in bottles or jars 25c each.

Pertinent Points in Men's Modes

Smart Styles Are Radically Different From Any Previous Productions For Years Past.

There are many attractive style features about the new modes for men. Perhaps the most significant is the tendency toward the form fitting garment. History repeats itself and the smart styles for Fall and Winter are faint suggestions of those that prevailed in the time of Louis XV.

We invite the interest of men of particular taste in presentation of our "SINCERITY" styles. When we say form fitting, we refer to the backs of the coats.

In other respects they have the roominess which has characterized the styles for the past two seasons.

These styles are considered "swagger" and are becoming to a great majority of men.

Let us show you a few "Sincerity" styles.
