What does it mean to you? It means prices almost cut in half. It means that people are just becoming aware of the fact. It means to us a clearing up of our stock, an **expansion** in our methods of doing business. When we bought our present stock of Furnishings it was **expansion** always before our eyes that gave us nerve to buy as liberally as we did.

Open up your pocketbook and expend enough to take advantage of our Red Tag Sale. They seldom come, but while here you cannot afford to ignore them.

# If That Famous Old Woman

That lived in a Shoe,  
Who had so many children she didn't know what to do,  
Had lived in the days of the Pope Co.'s Store  
She would have been less worried and had a good deal more.

To this store she'd taken them all together  
And fitted them out for all kinds of weather.  
Our goods are as good as one could desire  
And the prices would tickle your old Aunt Sophia.  
Anyhow, she would have saved enough to have fed and dressed her

And have had a good time once in a while, God bless her.
