Wedding in Brandon. The wedding of Franklin Reynolds Farrington and Miss Lola Barton Brown took place at St. Thomas's Episcopal church in Brandon at noon Tuesday. The ceremony was performed by the Rev. William Farrar Weeks of Shelburne, assisted by the Rev. Charles B. Carpenter, rector of St. Thomas's church. The bride was accompanied by her mother, Mrs. Dudley Chase Brown, and the matron of honor, Mr. Clifton Morse Heaton of Montpelier. The bride was met at the foot of the chancel steps by the groom, attended by his brother, William R. Farrington, where the betrothal service took place, after which the marriage ceremony was solemnized at the altar rail. The ushers were Burt Merritt of Brandon and Dr. George M. Somers of Proctor. The bride was dressed in a becoming blue gossamer gown and the matron of honor wore a tan colored broadcloth costume. The wedding was a quiet one, there being only relatives and immediate friends of the two families present. The church was elaborately and beautifully decorated by the Altar Guild of which the bride was a member. After the service, a luncheon was served at the residence of F. H. Farrington after which the newly wedded couple left on the 1:15 train for New York where they will make their home and where the groom is in business, being manager of the building department of C. E. Taynton & Co., contractors of granite buildings.

New Holland-America S. S. Named. The Holland-America line has received a cable stating that the new twin-screw steamer now in course of construction for the company at the shipyard of Harland & Wolff, Belfast, will be named "Rotterdam". This new steamer is of gigantic proportions, being 23,700 tons register, and will have six decks for the accommodation of 500 first and 500-second passengers. Every inside and outside room on the saloon deck will have an adjoining private bath-room. In addition to spacious and luxurious ladies' boudoirs, reading and writing rooms, conversation rooms, smoke rooms, elevator, etc., she will have as a novelty, a Palm Court, of enormous dimensions and sumptuously appointed on the upper promenade deck. It is expected that the "Rotterdam" will be launched in the latter part of this year, and make her maiden trip to New York in April, 1908.

How's This? We offer One Hundred Dollars Reward for any case of a starfish that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O. We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions and financially able to carry out any obligations made by him.

WALDO KIRKMAN & MARTIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Treat-ment is simple, free of pain, and does not injure the system. It is the only medicine that will cure the disease. Take Hall's Family Pills for constipation.

Playing Cards AT HALF PRICE! GEO. M. MARRION, CORNER CIGAR STORE. Mileage Books on all Roads.

Wheat. The sales of wheat in France have decreased nearly 3 per cent within a year. The amount drunk last year was, however, still 4,537,529 gallons. The making of wooden spoons is a handicraft in Brittany and one of considerable importance, for wooden spoons are employed almost universally there for table use. Many an old sailor takes up the carving of these necessary utensils as a means of livelihood. In Paris, according to the Paris de Paris, they have found the saloons in the various wards, the ward in the vicinity of the exchange has the record with a saloon for every forty-five of its inhabitants. The market district follows with one for every fifty-two inhabitants, while the Champ de Mars has one for every 162 inhabitants. The quarter near the Military school has a saloon for every 172 people. There are 222 varieties of wheat which have a botanical difference from each other, and a great many others whose differences are mostly in the name.

ABOUT THE STATE. Items of Interest Gleaned From Our Exchanges.

Mrs. Oscar Brown, of Rutland, who numbers among her former pupils many of the grandparents of the city's present population, is 93 years old. The strike last week of men employed at the Swift ice shed in Newport for an increase in pay of 25 cents a day resulted in the granting of their demand.

Bennington and North Bennington sports pulled off a cock fight at Albany, N. Y., one night recently with birds from Coburn. The main war was \$100 and the championship. Coburn birds won five out of seven battles and took the money. It was the first beating the Bennington birds ever received.

M. O. Howe, of Newfane, is anxiously awaiting news from his son, Dr. Marshall A. Howe, who is on the island of Jamaica. Doctor Howe formerly was instructor in the Brattleboro high school, but is now botanist at Columbia university. He went to Jamaica recently for botanical research, and Kingston was one of his objective points. Whether he is in that city at the time of the earthquake is not known.

RECENT DEATHS. Mrs. Phoebe A. Goodale Died at Vergennes Tuesday. Mrs. Phoebe A. Goodale died Tuesday morning in Vergennes after about one week's illness from pneumonia in the 93rd year of her age. Mrs. Goodale was the widow of Jared Goodale of Addison. She leaves one son, Belden S. Goodale, with whom she and her husband resided, and a daughter, Mrs. M. C. Carpenter of Addison, a brother of the deceased, where the funeral was held this afternoon at one o'clock. Edwin A. Carpenter was born in Addison in 1827 and leaves a mother, Mrs. P. M. Carpenter of Addison and Truman C. Carpenter of El Paso, Tex. Mr. Carpenter was an expert taxidermist and many fine specimens of his work are found all through this section. For a number of years he had spent a portion of the time in the Southwest and Mexico and only recently went to British Columbia.

One of the largest funerals ever held in Richmond was that Tuesday of Mrs. Celia Henley McGarghan, who died Saturday after a day's illness of Bright's disease. The funeral was held this morning at the Church of Our Lady of the Holy Rosary at nine o'clock. A requiem high mass was sung by the pastor, the Rev. A. J. Glynn, there were also present in the sanctuary the Rev. A. J. Barron of Bennington, the Rev. J. Bartlett of Burlington and the Rev. Father Coffey of Bristol. The choir was assisted by several members of the cathedral choir of Burlington. The bearers were Martin and Dan Henley, George O'Brien, Edward McGarghan, Martin Purcell and John O'Donnell. F. J. Kenyon and Michael Murphy had charge. The burial was in the family lot in the old cemetery. Seldom is seen such a profusion of flowers.

Calvin R. Hogle, a well known citizen died Monday morning of pneumonia. The funeral was at the house Wednesday afternoon at two o'clock. Mr. Hogle was born in Highgate 73 years ago and for over 30 years had been engaged in monumental business in Swanton, but retired last spring on account of failing health. His first wife was Miss Elizabeth Keenan of that place. His second wife was Miss Brooks of St. Albans point and died several years ago. A daughter, Miss Grace Hogle, by the latter survives.

Frank H. Foster, formerly town clerk for Swanton, who died Sunday at the St. Albans hospital, aged about 55 years, had been in poor health for a year. He was successfully operated on for appendicitis at the St. Albans hospital only this winter, returning to his home in West Swanton a few weeks ago. Last week he was again taken to the hospital for an operation for the kidneys. Mr. Foster went to Swanton about 30 years ago and married Miss Donaldson, who survives him, the daughter of John Donaldson. In his youth Foster was neighbor to Benjamin F. Butler, and through the friendship of the famous Massachusetts general secured a clerkship in the pension department at Washington. He was a notably fine penman as the records of the town of Swanton, while he acted as its clerk, has striking evidence.

FACTS FROM FRANCE. The sales of wheat in France have decreased nearly 3 per cent within a year. The amount drunk last year was, however, still 4,537,529 gallons. The making of wooden spoons is a handicraft in Brittany and one of considerable importance, for wooden spoons are employed almost universally there for table use. Many an old sailor takes up the carving of these necessary utensils as a means of livelihood. In Paris, according to the Paris de Paris, they have found the saloons in the various wards, the ward in the vicinity of the exchange has the record with a saloon for every forty-five of its inhabitants. The market district follows with one for every fifty-two inhabitants, while the Champ de Mars has one for every 162 inhabitants. The quarter near the Military school has a saloon for every 172 people. There are 222 varieties of wheat which have a botanical difference from each other, and a great many others whose differences are mostly in the name.

AVOID THE PHILIPPINES. Great Decrease in Arrivals of Japanese. LOSS OF \$710,353 IN YEAR. Customs in Collections—Opium and Rice Importations Are Smaller—Drop Both Ways in Trade With the United States.

Washington, Jan. 24.—That the tendency of Japanese emigration is not toward the Philippines is shown by statistics presented to the Philippine commission by W. Morgan Shuster, insular collector of customs, and contained in a report made public at the insular bureau. The report is for the fiscal year ended June 30 last, and shows that but 277 Japanese went to the islands in 1906, as against 1,235 for the preceding year, 2,744 in 1904, and 4,072 in 1903. Mr. Shuster says there has been a large decrease in the importation of opium and rice.

The total customs collections from all sources throughout the islands for the fiscal year covered by the report aggregated \$7,553,099, gold, a decrease of \$710,353 over the preceding year. In explaining the falling off in the imports of flour from the United States, Mr. Shuster says that the decrease can be attributed mainly to the prevalence of the boycott against American goods and manufactures by the Chinese, who are the principal retail traders in flour in the Philippines. At present these places of business carry in stock principally Australian brands.

Of the total value of imports for the fiscal year 1906, \$4,334,020 came from the United States, as against \$5,839,512 for the corresponding period preceding, or a decrease of \$1,505,492. The total value of Philippine products exported to the United States was \$11,455,169, as against \$13,678,875 for the preceding year, or a decrease of \$4,028,706.

Tufts Gets \$200,000. Boston, Jan. 24.—Through the recent death of the late John C. Frye, a Boston produce merchant, Tufts college comes into a bequest of \$200,000. Mr. Frye was practically unknown to President Frederick W. Hamilton and other officials of the institution and was not a college graduate, so the announcement of the gift came as a great surprise.

Noted Peace Advocate Dead. Chicago, Jan. 24.—David R. Goodie, champion of peace advocate and for many years a public character, died last night at his residence here in his sixty-second year. Mr. Goodie is said to have been one of the first to agitate for international peace.

ATTEMPT TO CORNER SILVER. The demand for silver exceeds the supply and a large mining trust is trying to control the supply. It has already tried to HOLD UP THE MARKET. One of the oldest producers in Mexico has a plan to thwart the mining scheme. This is not a mining prospect, but a trust in great demand on the Boston Curb Market.
