HOOSIER KITCHEN CABINET

A Pantry, Cupboard and Work-Table Combined

Which do you prefer, the Hoosier System or the old-fashioned way? The Hoosier System groups everything needed in preparing a meal at your fingers' ends. Every utensil and every article has its own special place. In the old-fashioned way everything is scattered all over the kitchen. You know it only too well.

The Hoosier Kitchen Cabinet—a pantry, cupboard and work-table combined—is a practical cabinet. The flour is put in at the top and every bit comes out through the sifter at the bottom of the bin. The sugar is in the dustproof bin at the right and works on the same principle. The spices are in cans at the left and the package goods in the cupboard above. All the utensils are before you or in the cupboard below. Everything is in its handy place, leaving the big aluminoid work-table free to use. This table top, like high-grade cooking utensils, can be washed bright and clean in an instant, ready for bread or cake-making.

We are sole dealers for Hoosier Kitchen Cabinets and we have a complete line on display. We can suit all purses—all-sized kitchens. Come into our store and let us show you how to make kitchen work easy, how to always have a neat, orderly kitchen. We sell Hoosier Cabinets at very low prices. Many people buy Hoosier Cabinets after seeing the other kinds. Few buy other cabinets after seeing the Hoosier.
