

HAWLEY TALKS FOR THE STATE

Argument Started Yesterday Was Continued To-day

HE WARMS TO HIS WORK

He Was Frequently Interrupted by Attorney Darow For Defense Which Seemed to Stir the Speaker to Greater Effort.

Boise Idaho, July 20.—The argument of Attorney Hawley, leading counsel for the state in the trial of William D. Hayward, charged with murdering Frank Stuenkel, was resumed today and it is expected that he will finish today. Field for argument both by the prosecution and the defense in the trial of Wm. D. Hayward, charged with murdering Frank Stuenkel, was limited by Judge Fremont Wood, who removed from consideration of the jury all evidence bearing on the alleged conspiracy of mine owners and others against the Western Federation of Miners.

Judge Wood decided that the defense had not legally connected the Mine Owners' association, the Citizens' Alliance of Colorado and the Pinkerton detective agency in laying a foundation for the evidence introduced by defense, with the accusation that the charge against Hayward and his co-defendants is the outcome of a conspiracy to exterminate the federation.

Immediately following this decision argument began. Attorney Hawley, leading counsel for the state, spoke for two hours and fifteen minutes of the afternoon session yesterday, the morning session having been adjourned to enable the judge to prepare his decision.

Mr. Hawley described Orchard's story as truthful not only because of the manner in which it was told out but because it had been corroborated in every important detail. When he found reason for the concession in the conscience of the criminal, he said to you gentlemen, that Harry Orchard has no more hope in his future than he has pride in his past. He expects no earthly reward. In the light of an awakened conscience he told the truth with no desire to shield himself or any one else.

Harry Orchard told his story in no spirit of boastfulness," declared Mr. Hawley, "nor did he tell it in a spirit of revenge. I say to you gentlemen, that Harry Orchard has no more hope in his future than he has pride in his past. He expects no earthly reward. In the light of an awakened conscience he told the truth with no desire to shield himself or any one else."

When Magill, Charged With Wife-Slaying Is Brought East. Clifton, Ill., July 20.—When Fred N. Magill, the Clinton banker now under arrest at San Diego, Cal., with his bride a few weeks charged with the murder of Magill's first wife, is brought here he will be met by five secret service men, who will guard him from the mob violence which is feared. He will be taken to the local jail at night.

That such extraordinary precautions against an attempt on the life of the former banker and alleged wife murderer are deemed necessary by the Hewitt county authorities was announced in an interview given out by Supervisor Ernest L. Hoffman, in which he made three statements. That negotiations are even now under way for retaining the best criminal lawyer in Illinois to assist state's Attorney Miller in the prosecution of Fred Magill, that all financial resources of the country would be placed at the disposal of the prosecution, that no jurymen would be sworn to try Fred Magill who would not convict of murder in the first degree on circumstantial evidence.

Bolton, July 20.—After a search extending over 30 hours, the body of Mrs. Elmer Pierce was found yesterday afternoon in a clump of evergreens about 40 rods from her home. She had killed herself by taking arsenic. Mrs. Pierce was first missed at 5:30 o'clock Thursday morning and all day and night her husband and neighbors searched for her, mainly in the river as it was thought that she had drowned herself. Yesterday Mr. Pierce asked aid of the mill owners and the latter shut down the hands in the mills of Tracy & Howe and M. E. Davis joining in a searching party of men.

The woman's body was found beside a spring yesterday afternoon at three o'clock and nearby was a cup containing her false teeth. In the pocket of her dress was a package of arsenic and the wrappings of a second package, the contents of which she had swallowed. The authorities were notified, but after communicating with State's Attorney A. L. Sherman of Burlington, an autopsy was not deemed necessary and permission to proceed with the burial was given. There was no evidence of foul play and the cause of death was found. A doctor summoned stated that Mrs. Pierce died Thursday morning, a few hours after her disappearance.

Family troubles had unsettled her mind and she had made two previous attempts to take her life, the second about two months ago. She was a woman of many fine qualities, the daughter of Mr. and Mrs. Madison Gillette of Huntington in which town she was born 45 years ago. Johnson, July 20.—The body of Frank Whitcomb of Hyde Park who was last seen alive on the night of July 12, was discovered yesterday afternoon in the Lamolle river where it had lodged on a sandbar near the house of Charles Holbrook. On July 12 Whitcomb with a man named Warner went to Higate and returned that evening. Later Whitcomb was seen walking down the railroad track which borders the river. His pipe and hat were found on the bank, which led to the belief that he was drowned. The sum of \$25, the balance of \$50 which he took to Higate has been accounted for. SOON FOUND MAN'S BODY

John Massie Failed to Appear This Morning

SEARCH WAS INSTITUTED

South Ryegate Granite Cutter, Who is Supposed to Have Gone There From Barre Recently Was Drowned in the Wells River.

South Ryegate, July 20.—When John Massie did not appear this morning at the breakfast table at the boarding house of G. Leonard, where he lived, someone went up to his room and found that the bed had not been occupied during the night. A search was then instituted for the missing man, and at eight o'clock his body was found in the Wells River just back of the house.

Massie went in bathing alone in the river last night, and was drowned. The details of the drowning are not known as the man was alone. The body was lying on its face in about eight feet of water. It was partially clothed with an old pair of trousers, and the feet were incased in shoes. In the pockets the searchers found \$63 in money. The body was placed in the hands of the undertaker, and will be buried in the South Ryegate cemetery if no one claims the body.

It is not known if Massie had any relatives in this country, but he is said to have a widow and one child in Italy. He was a granite cutter by occupation, and was employed at the plant of M. S. McDonald. It is believed that Massie formerly lived in Barre. He came to South Ryegate only a month ago and little was known about him, even by his fellow-workmen.

The boy's face was lacerated in several places, there being one cut on the forehead, one over the eye and another on the cheek.

Dr. Woodell of Montpelier and a nurse, Miss Daniels, from this city, were summoned to care for him. Eight stitches had to be taken to close the wounds. The little patient had a bad night, but it is hoped that there will be nothing to prevent his recovery.

TOOK A FURLOUGH FROM COUNTY JAIL

Harry Gilbert Didn't Work Yesterday Afternoon But Paid a Visit to Barre, Returning Early in the Evening.

Harry Gilbert or Diamond, as he is better known by in this city, who is one of Sheriff Tracy's trusty workers at the county jail at Montpelier, thought he was entitled to a little vacation from his work and when he left the jail yesterday afternoon with the other prisoners, instead of going to his work with the city stone crusher, took the electric car for Barre.

About 3 o'clock yesterday afternoon Officer Carle saw him on River street in company with two women and thinking it was too soon for him to be out of jail, as he was sentenced from the court here a month ago for three months for breach of the peace, the officer called up the county jail to find out about it. As the men are let out on their honor, Sheriff Tracy supposed he was at work and had not missed him, but soon found out that he was gone and notified the officers here to capture him. Constable M. B. Nichols, in a team, had just passed Diamond at the corner of Pike and River streets but a few minutes before he met Officer Carle coming back after the man. Constable Nichols' team was taken into the chase and the officers drove to where they had last seen Diamond but he had disappeared. They scoured around for some time on the streets and houses in the neighborhood but failed to locate him.

Meanwhile Officer Hamel came around onto Berlin street, and met the two women that Diamond had been with. They told the officer that he had just taken the 5.15 car for Montpelier. This proved to be true as at six o'clock Diamond showed up at the jail with his overalls on just as he had left to go to work and stoutly denied that he had not been at work all the afternoon as usual. The officers here say that he tried to hire a team while in this city but for some reason failed to get it.

This is the first case of the kind that has happened at the jail since this method of working the prisoners who are sent there on intoxication or breach of the peace charges. The men are let out by Sheriff Tracy entirely on their honor and they can come and go from their work without any guard being placed over them.

CLATTERED THROUGH CROWD.

Runaway Horse Tied Itself Up in Wheel and Was Then Stopped.

A runaway horse, the property of John Magnaghi, traveled Main street from Castle park to the City hall and then cut across the corner of the crowded park last evening without hitting anybody and doing no damage except slight breaks on the wagon. It is probable that if the animal had not been stopped by the lines winding around the forward wheels, which he dragged along with him, that someone would have been hurt.

Mr. Magnaghi was driving along the street when the attachment, body part of the forward axle and wagon body parted company. This caused the horse to give a leap, dragging the driver out and causing him to let go of the reins when he struck the ground. Thus freed, the animal clattered up the crowded street and steered a straight course until he turned toward the park by the obstruction in the street, where a water pipe was being repaired. Luckily the reins wound around the wheels then and stopped the animal so that several men in the park completed the capture. The horse was then taken to Page's stable, where it was claimed later.

NOTES FROM THE RACE TRACK

Chester F. Pike, who acted as starter at the recent races of the Gentlemen's Driving club, will start the horses in the Sherbrooke races this summer.

Ed. Sunderlin pulled down a first and a second at the Waterdown, N. Y., races Thursday. In the 2:24 pace he got the front and stayed there in straight heats with Harry Em. But Princess Hal beat out Burlington Maid in a hard six heat race in the 2:18 pace.

The local horsemen are preparing to send out their entry blanks for the second in the season's races on the Granite City Trotting park next month.

It developed that Highball's defeat by Sonoma Belle, both M. & M. handicaps at Libertyville, this week, was due to a recently developed curb on Geer's much-touted trotter. Every effort is being made to "kill" the curb in short order, but the feeling of many horsemen is that Highball will not go to the wire at Detroit. Certainly he will not start as a favorite over Sonoma Belle, another great green trotter.

The gray Bingham mascot gelding, Ben Coma, the Dr. F. H. Kendrick of Worcester, Mass., picked up for a few hundred dollars a couple of years ago and with which he has won many a good race, set up a new track record for paces at White Point, N. Y., Thursday afternoon, stepping the first four in the 2:12 pace in 2:14 1/4. In the field he defeated Coast Maris.

Trainer Carpenter is fast getting the trotting gelding Budd (2:10 1/4) ready to go after the money. With arunner to prompt him he stepped the distance in 2:10 1/4 yesterday at the Roadville track and was the most distressed at the end of the mile. Budd has always been a slow beginner, but went down the half in 1:05 in this mile, and was there in the same time in a second mile which he trotted in 2:14. In the second mile he was at the three-quarters pole in 1:55 1/4, and would have trotted in 2:10 or less for a break in the stretch. His mile in 2:10 1/4 is the Roadville track record for the season. Trainer Bob Proctor drove Benjamin Pope's 2-year-old filly a mile in 2:24 1/4.

EASY FOR TWINS.

Morrisville Defeated Yesterday 13 to 4. Other Base Ball Notes.

The Barre-Montpelier base ball team
