

DARROW TOO SOCIALISTIC

So Counsel Richardson Gives up Case

AGAINST UNION OFFICIAL

He Had Been Dismissed as Chief Counsel and Darrow Was Appointed to Succeed Him--The Result.

Boise, Idaho, Aug. 2.—E. F. Richardson has been dismissed as chief counsel for the defense of the officers of the Western Federation of Miners, and as the result he has withdrawn from the case entirely. Clarence Darrow of Chicago will succeed him. In announcing his withdrawal, Mr. Richardson bitterly attacked what he termed as Mr. Darrow's methods and declared he would not work for Mr. Darrow.

ROUGH RIDER CAPTAIN NAMED FOR GOVERNOR

Frank Frantz Nominated by Republicans of Oklahoma at Their Convention Last Night.

Tulsa, I. T., Aug. 2.—The Republican convention of the proposed state of Oklahoma last night made the following nominations: Governor, Frank Frantz; lieutenant-governor, N. J. Turk; secretary of state, T. N. Robinson; attorney-general, S. P. Reid; state treasurer, M. Stillwell.

Without completing the ticket. Mr. Frantz is the present governor of Oklahoma territory. He was a captain in the Rough Riders and was at the San Juan hill fight in Cuba, and he is an intimate friend of President Roosevelt. He dominated the convention and his nomination by acclamation was accompanied by a remarkable demonstration of enthusiasm.

Yesterday afternoon the following telegram was received from President Roosevelt, to whom a message assuring him of the endorsement of the convention was sent:

"I have a special feeling for Oklahoma and Indian Territory and assure them of my support to anything that will further their interests." Drafting the platform occupied the committee on resolutions all the afternoon and the platform was not finished until late last night. The principal difficulty is to frame a declaration on the constitution that will absolve the Republicans as far as possible from any admission that the constitution is a desirable document. It is expected that the platform will declare for prohibition by advocating local option.

FED BY OIL, FIRE BURNED FIERCELY

New Edgewater, N. J., Was Powerless to Cope With the Flames Which Threw 800 Men Out of Work.

New Edgewater, N. J., Aug. 2.—More than 50 families were driven from their homes last night by a fierce blaze which destroyed the main refining building of the Valantine oil company's plant. At midnight the building, a structure about 400 by 500 feet had been destroyed, involving a loss of almost \$200,000, and only the most strenuous work had prevented the flames from reaching 17 oil tanks in the rear of the building. The destruction of those would mean also the destruction of a block of tenement houses in their rear.

THREE THOUSAND BARRELS OF PARAFFIN WERE IN THE BIG BUILDING AND WITH THE OTHER INFLAMMABLE STUFF STORED THERE IN GREAT QUANTITY THEY MADE ONE OF THE MOST SPECTACULAR FIRES IN YEARS ALONG THE RIVER FRONT.

The local department was unable to cope with the flames and aid was summoned from New York. A fire boat was sent here. The fire was finally brought under control. More than eight hundred men are thrown out of employment by the fire.

WILLIAMS IN THE LEAD. Has Beaten Gov. Vardman About Three to One in the Primaries.

Jackson, Miss., Aug. 2.—Incomplete returns from the Democratic primaries held yesterday throughout the state showed that Congressman John Sharp Williams was leading Governor Vardman for the senatorial nomination in the ratio of about three to one. The count is progressing slowly because of the extreme length of the ticket. In the contest for Governor Charles Scott and A. F. Noel are leading the other candidates.

Gov. Vardman Claims 37 of the 79 Counties. Williams Claims a Majority of From 20,000 to 30,000 and Allowing Gov. Vardman's claim of 37 counties, still claims a majority owing to larger counties.

DENIES HIS GUILT. Mulatto Arrested for a Crime in New York.

New York, Aug. 2.—Myron L. Carter, a mulatto, was arrested today at the tenement where the body of the murdered and mutilated Tietzschler girl was found. It is charged that he knows something of the crime. He is not considered a safe man to be at large and he will probably be sent to the state hospital for the insane at Waterbury.

ANOTHER BIG CROWD

Witnessed the Grand Circuit at Cleveland.

Cleveland, Ohio, Aug. 2.—Another big crowd was out to witness the grand circuit races yesterday. The weather again being fine. There were five events on each race was won in straight heats.

The most excitement was in the last race of the day, a sweepstakes for three-year-olds, in which seven youngsters started. Bell Bird won the event in straight heats, but Mike Bowerman, the driver of Gen. Watts, protested against the decision in the first heat, alleging that he was fouled by McDonald, the driver of Bell Bird. The judges would not allow the protest, whereupon Bowerman attempted to strike McDonald. Other drivers separated them before any more blows were struck.

Ben White of Buffalo, driving The Count, was thrown in the last heat of this race and carried off the track unconscious. The horse escaped with but slight injuries.

Bell Bird's time in the second heat, 2:13 1/4, is considered very fast for a three-year-old in this time of the year. It is within two seconds of the race record for trotters of that age.

Judge Wilson, entered by H. C. Spencer of Rich Hill, Mo., carried off the opening event, the 1:19 pace, in straight heats. Ed Geers' entry, Byron Kay, was the contender in every heat, but was not fast enough to beat the Missouri horse. Geers' only victory of the day was in the 2:09 pace, when he won rather easily with John A., which was beaten at Detroit by Kruger. Second and third money was divided between Judex and Janice W. John A.'s time, 2:06 1/4, was the best made of the day by any pacer or trotter and is a new record for Geers' horse.

JAPANESE WERE FINALLY WINNERS

In Driving Korean Soldiers Away from Their Supplies in Stations--The Fighting Began at Daybreak.

Seoul, Korea, Aug. 2.—Rioting and street fighting were resumed at daybreak today. The demand by Japanese cavalry at the Gyeongju barracks for the surrender of Korean soldiers' supplies started the trouble. At first the Japanese were driven away, but the Koreans were then driven from their quarters by a heavy fire from the lower gates. The Japanese brought machine guns into play and invested all the buildings. Three more Korean garisons are still to be deprived of their supplies and ammunition.

STORIES EXAGGERATED. Immoral Practices Among Salesian Fathers at Varazze Not General.

Rome, Aug. 2.—It is declared in Catholic circles that the revelations regarding immoral practices on the part of the Salesian fathers at Varazze are greatly exaggerated. They are an outgrowth of the sale of stories that were circulated a year ago when a young priest named Bertane left the convent, the anti-clerical papers have based their entire case upon an isolated incident, and pupils of the schools have been incited to make false confessions.

WINNER OF LIPTON CUP. The Rose Dortha Best Boat in The Fishermen's Race at Boston.

Boston, Aug. 2.—The Rose Dortha, owned by Marion Perry of Providence, town and sailed by John Watson of Duxbury, a nephew of the well known yachtsman, Nate Watson, master of the Constellation, won the fishermen's race for the Lipton cup and \$2,500 in prizes. The race was held at Old Home Week. The Dortha led all the way from start and finished one-eighth of a mile ahead of her nearest competitor. The course was 40 miles. Her time was 5 hours, 5 minutes and 54 seconds.

RUNAWAY CANNON KILLED THREE MEN

And Wounded Several Others on the French Ship Courcena Before the Machine Could Be Secured.

Toulon, France, Aug. 2.—During a practice drill on the French training ship Courcena today a cannon broke loose and killed three persons and injured several others before it was secured.

POISONED WHILE BERRYING. One Little Child Dead and Two Others Critically Ill.

Wakefield, Mass., Aug. 2.—One little child of Mr. and Mrs. Perley J. Cummings is dead and two other of their children are critically ill, as the result of eating some kind of poison while berrying in the woods which border the Wakefield and North Saugus electric car line today. The doctor who is attending the two sick children, and who was at the bedside of the third when he died, was unable to state at an early hour this evening from what just cause the death resulted. It is believed, however, that it probably resulted from some kind of poisoning. The dead boy's name was Arthur Lester, and he was but a year and a half old. The other two children are Harriett, aged 5 years, and Irving aged 4 years. Little Irving is the more seriously ill of the two, and it is doubtful if he lives.

Residents hereabouts believe that the children either swallowed some of the poison, which is being placed upon the trees by the gypsy moth commission, or that they ate some dog berries, thinking that they were blueberries.

Alexander Hanson, the "nitty" Barre tramp, is held at Washington County jail although the time for which he was sentenced has expired. He is not considered a safe man to be at large and he will probably be sent to the state hospital for the insane at Waterbury.

CRASH CAME ON A CURVE

A Passenger and Freight Trolley Collided

ON THE WESTERLY, R. I., LINE

George Lucier of Worcester, Mass., Was Killed and Ten Others Were Badly Hurt--Disregard for Orders.

North Stonington, Conn., Aug. 2.—One person was killed and ten were badly hurt in the head-on collision of a freight and a passenger car on the Norwich & Westerly Electric railway line, near here, yesterday.

The Dead.

George Lucier, Worcester, Mass.; motorist of the passenger car, instantly killed.

The Injured.

F. F. Bulkeley, Iverton, Conn.; dislocated shoulder and bad cuts on the face.

William Gardner, Popponoet, Conn.; legs broken and fractured skull.

Mrs. William Gardner; leg and arm broken.

Mrs. E. H. Herald, Westerly, R. I.; back and side badly injured.

Mrs. James Irons, White Rock, R. I.; back and neck and side injured.

William Martin, Norwich, Conn.; conductor of freight car; head cut and body bruised.

Rudolph Peterson, White Rock, R. I.; nose broken, cut under right eye.

Patrick Smith, Norwich, Conn.; head and back injured.

John Taylor, Norwich, Conn.; conductor on passenger car; body bruised and cut.

The wreck occurred on a curve at Avery's crossing, a fourth of a mile north of this village. Both cars were of the large and heavy type and were running at high speed. The freight was on its way from Norwich to Westerly and the passenger car, with a score or more of people aboard, from Westerly to Norwich.

According to the superintendent of the road, the accident was directly due to the disregard on the part of Motorman Lucier and Conductor Taylor of the passenger car of their orders to wait at a siding for the freight car to pass. The cars came together with a terrible crash, the passenger car being split almost into kindling wood and the freight car badly wrecked. Nearly half the passengers were badly hurt and scarcely any escaped without lacerations, cuts or shocks. The majority of these whose names have been given were taken to the hospital, some of whom were released later after treatment. It is expected that all will recover, although the names of William Gardner, Motorman Murphy and Conductor Taylor are on the dangerous list.

DECLARE RAID ILLEGAL. Complications in Sunderland Affair--Defendants Continue Business.

Manchester, Aug. 2.—Indications are that those who participated in the raid at Sunderland Saturday, July 20, have involved themselves in serious complications. The raid was made on the section said to be run by the Morrissey brothers of Arlington, under a license secured by Merle Pike of Sunderland, with money furnished by them. The law makes it illegal for a non-resident to sell liquor in any town, and on evidence obtained by Attorney Clarence J. Ferguson of Burlington, superintendent of the State Anti-Salvage League, the raid was made by Deputy Sheriff M. J. Covey on warrants issued by the town grand jury; Justice Edwin Graves of Sunderland found them guilty of the illegal sale of liquor. The men had been fined for \$5,000 by Edward Pike, the father of Merle Pike, who secured the license, and have been bound over to await the action of the county court in December.

It is claimed that Justice Graves refused the request for a jury trial and conducted the case arbitrarily. More than \$1,500 worth of liquor is stored in Sheriff Covey's barn, and cannot be disposed of, and a threat is made to attach the property of Justice Graves for the value of the liquor in case the county renders a decision in favor of the Morrisseys. Attorneys O. M. Barber of Burlington, F. C. Archibald of Manchester Center and J. C. Crosby of Arlington, counsel for the defense, declare the whole proceeding illegal. They advised Pike to obtain material and continue the business. This he has been doing since Tuesday, July 23, with no signs of molotation.

The affair has attracted wide attention and the action of the county court, which will consider the case on the first Tuesday in December, is awaited with interest.

BOY'S PERVERSITY TOLD IN COURT

After Which He Was Sentenced to Confinement for the Remainder of His Minority.

Bennington, Aug. 2.—Hugh Keefe, 12 years of age and a son of Alexander Keefe of Rutland, was yesterday sentenced by Municipal Judge E. L. Bates to the industrial school at Vergennes for the remainder of his minority. The charge against the boy was that of attempting to wreck the Green mountain dyer over the Rutland road at Saugus, July 22.

The boy when arrested two days after the incident made a full confession. He not only placed ties on the rails for the purpose of ditching the northbound train, but when the obstruction was removed by a freight crew he replaced it.

But for the fact that the northbound train was late and a slow freight was sent ahead, a bad wreck would have resulted, for the ties were ingeniously placed so as to throw the cars from the rails.

"RACE RIOT" CASES WERE DROPPED TO-DAY

Following Disagreement in Case of Victor Stacy, Grand Juror Davis Recommended That Charges Be Not Pressed.

The breach of the peace cases against Victor Stacy, Thomas Stacy, Louis Blair and Frank Langevin, who were arrested several weeks ago as a result of a scrap with some Italians on Blackwell street, were all not pressed in the city court this morning by Grand Juror Davis. Victor Stacy was given a trial two weeks ago, which resulted in a disagreement of the jury.

A Tomasi was arraigned in city court yesterday afternoon on the charge of obstructing the highway at Merchant street. He pleaded not guilty to the charge and the case was continued until August 6 for a hearing. Supt. of Streets Bruce found a wagon owned by Tomasi left standing partly on the sidewalk and in the street on the Merchant street side of the Tomasi block and had the complaint made out for Tomasi's obstructing the street. Mr. Tomasi claims in the first place that he did not put the wagon there and in second place that it was in the street only a very short time. He claims that he left the wagon under the piazza back of his block and that Bert Humphrey, the ice-man, came along and ran the wagon out so that he could drive in to the back door of Divers's saloon, and when Humphrey went away did not put the wagon back where he found it.

DIRECTORS "DUG DOWN"

Advanced Money Out of Their Own Pockets

TO PAY BALL PLAYERS

The Latter Agreed to Give Association Time to Raise the Balance--The Entire Base Ball Debt is Now \$1,600.

The Barre-Montpelier base ball team, the only one left of the Vermont league, was formally disbanded at a meeting of the directors in this city last evening. But the team will keep together--that is, the larger part of it will--for a time at least. After playing the "Yanigans" at Intercity park this afternoon they will go to Bennington to play there Saturday and at Hoosack, N. Y., Sunday. They may get an offer to represent Bennington for a month, and if it is satisfactory they may stay there. Newport, N. H., is also after the boys.

Cotter, Clenns and Thayer did not care to make the Bennington trip, and it is reported that Wherry is going to the Lowell, Mass., team. The players were partially paid off by the directors at the meeting last evening.

But in order to do so, the directors had to go down into their own pockets and advance the money. This they did to a man, although anyone can see that it was not a pleasant thing to do. They did not wish, however, to let the players go away from Barre feeling that they had been treated badly while here, and it is hoped that means may be devised later to make good this amount to the directors and to pay up
