FIFTY YEARS WITH ONE FIRM. Asa S. Field of Brattleboro, who has Served Three Generations, Retires. Brattleboro, Aug. 22.—At six o'clock tonight Asa S. Field will put away his tools at the Estey Organ Company's plant, and will retire on his 82d anniversary of his birth, after completing fifty years of service for the Estey company. He will also retire from active labor. Mr. Field had no family to do any work, except such as he finds at his home and garden on Pearl street.

With the exception of six months Mr. Field has spent the past half century making organs, first for melodions and then for reed organs, and he has become so skilled that for many years he has done only the very finest of action work. He has worked for three generations of Esteys, first for Deacon Jacob Estey, then for General Julius J. Estey, and lastly for Col. J. Gray Estey and Capt. J. Harry Estey, all of whom have appreciated his services.

Mr. Field began work for the Estey company August 23, 1837, as a cabinet maker. No other person in the employ of the Estey company has worked for the firm as long as he, and with the exception of Joseph L. Jones, who became an inmate of the Brattleboro home for the aged and disabled a year ago, his length of service for the company exceeds that of any person living. He has always been in good health, working steadily 10 hours a day the year around, with the exception of the summer half-holidays. He is as active as most men with far less years to their credit.

Mr. Field was born in Northfield, Mass., August 22, 1825, a great grandson of Capt. Seth Field, who at one time was stationed at Fort Dummer, and a son of Henry and Mary (Simonds) Field. At the age of 17 years he came to Brattleboro and spent one summer carpentering for Isaac Hinds. He came again the next year and spent three years learning the cabinet makers trade of Anthony Van Doorn. At the completion of his apprenticeship Mr. Van Doorn gave him a silk certificate on which was printed a picture of Mr. Van Doorn's shop, which stood where the Emerson building now stands.

After spending a season in Lynn, Mass., Mr. Field returned and worked for Mr. Van Doorn for two years. Then he entered the employ of Jones & Burdett in the melodeon business in Graniteville. Four years later he went to California, where he spent one season in a gold mine and the rest of the time carpentering, returning after one year. For the next two years he worked in Jones, Carpenter & Wood's melodeon factory. He then went to work for Estey & Green.

On May 29, 1856, Mr. Field married Laura R. Jewell of Whitehall. For the past 47 years they have lived in the house which they built on Pearl street. They have two children, Edith S. Cutler, wife of Fred A. Cutler of Minneapolis, and Frank H. Field of Brattleboro.

Mr. Field has given his best efforts for the Estey company, and he says that the success of any company is as much dependent upon the hearty co-operation of those employed as it is upon the necessary capital to conduct the business.

Married? Judge Blank, a justice of the peace in Oklahoma, was called upon to perform the marriage ceremony for a young couple of Guthrie. The judge, who until a short time before had gained his legal knowledge in a neighboring state, where ministers officially officiate on such occasions, was at a loss to know how to proceed. However, he arose to the occasion. Commending the couple to stand up, he directed that they be sworn in the following terms: "Do you solemnly swear that you will obey the constitution of the United States and the constitution of the territory of Oklahoma, and perform the duties of your office to the best of your ability, so help you God."

The couple nodded assent. Then continued the judge, "By the power in me vested by the strong arm of the law, I pronounce you man and wife, now, henceforth and forever, and you will stand committed until the lines and costs are paid, and may the Lord have mercy on your souls!" Philadelphia Ledger.

ABOUT THE STATE. Items of Interest Gleaned From Our Exchanges. P. E. Baldwin, of Manchester, a fireman in the Boston & Maine railroad, was seriously injured Saturday night by a train jumping the track at East Saratoga, N. Y. The accident was caused by a broken frog.

Mrs. Elizabeth B. Dexter, aged 94 years, widow of John L. Dexter, died Sunday at the North family of Shakers in Enfield, Conn. Mrs. Dexter was born in Dover and was a daughter of John and Abigail Eames.

They recently died in California a native Vermontor who was no believer in the race suicide theory. William Knight, who was born in Ryegate, left 23 children by two wives and 83 grandchildren. Of the 108 direct descendants the only death in the family up to Mr. Knight's demise was the death of his first wife.

After having been on the road two days and nights and traveling more than 80 miles, 14-year-old Mary Mellen of Claremont, N. H., was captured with a stolen team near Gassetts, Vt. She was asleep in the buggy and the horse was standing at the side of the road. She and her mother were berrying, having hired a team to go to the fields, when Mary took it into her head to take a trip. She had had nothing to eat during the two days.

Freeman Fay, of Middlesex, the young man who had been suffering from hemorrhages for ten days, returned last Saturday night from Burlington, where he went for treatment in a sanitarium, but his condition was not improved as he continued to hemorrhage and spasms. He had previously been under the treatment of eight physicians, but without getting relief. He went to the home of H. Constock, in Middlesex, his half brother, Dr. Stevenson was called, and under his treatment the hemorrhages were stopped on Sunday and he is now on the road to complete recovery.

Thomas Halloran, superintendent of the National Mining company at Moretown, was in the city this morning. He said that the company has just purchased a 180 horse power boiler, 150 horse power engine and a large late separator for use at their plant. These will be installed about September 1st, or as soon as they can be moved from Mallett's Bay, where they were bought. Mr. Halloran has gone to Middletown, Conn., to set up some machinery at a quarry in that town. The company has been using gasoline engine power, but this has been unsatisfactory.

Vermont Fair Dates. The fair season in Vermont opened yesterday at Barton. The following is a partial list of the fair dates: Orleans county fair, Barton, August 20, 21, 22, 23. Lamoille Valley fair, Morrisville, August 27, 28, 29. Addison county fair, Middlebury, August 27, 28, 29, 30. Franklin county fair, Sheldon, September 3, 4, 5, 6. Manchester fair, Manchester, September 10, 11, 12. Caledonia county fair, St. Johnsbury, September 17, 18, 19. Dog River Valley fair, Northfield, September 17, 18, 19. Valley fair, Brattleboro, September 24, 25, 26. State fair, White River Junction, October 1, 2, 3. World's fair, Tunbridge, October 8, 9, 10. Washington fair, September 10, 11, 12.

CHILD'S NARROW ESCAPE. Little Daughter of F. K. Davidson Fell Into Lake. Rutland, Aug. 22.—Emily, little daughter of Mr. and Mrs. F. K. Davidson of this city recently met with an accident at Lake Bomoseen which would have terminated fatally in the case of most children. While the child was on a dock at Hydeville, leaning over in order to wash her hands in the water, the woodwork gave way and she was precipitated head first into the deep water. The little girl did not lose her presence of mind and as soon as she was able to reach the shore she swam, reaching shore safely. Had it not been for the fact that Emily is a good swimmer she would without doubt have been drowned, but the plucky child was none the worse for her sudden bath.

BARONESS ROSEN COMING. She and The Baron Will Be Entertained at Shelburne Farms. Burlington, Aug. 22.—Baroness Rosen will arrive at Shelburne Farms, Dr. Webb will return from a short touring trip in time to assist in entertaining the distinguished guests and attend the meeting of the Reunion society and the banquet of the Fish and Game league at Bluff Point on the following day.

HAIR NATURALLY ABUNDANT. When It Is Free of Dandruff, It Grows luxuriantly. Fair preparations and dandruff cures are a rule, are sticky or irritating and that do no earthly good. Hair, when diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, oil, or any matter or dangerous drug; it always itching instantly; makes hair glossy and soft as silk. "Destroy it; cause you remove the effect." Sold by leading druggists. Send list in stamps for sample to The Herpicide Co., Detroit, Mich.

WOMAN MURDERED AND THREE MEN HELD. Brooklyn Police Are Baffled; Those Under Arrest Are Only Witnesses. New York, Aug. 22.—The Brooklyn police yesterday arrested three men in an effort to find the murderer of Mrs. Lena Scham, a young widow, whose body was found in her apartment in Flushing avenue, Tuesday night, with her skull crushed, the arteries in her wrist severed and marks of a stranger's hand on her throat. The men under arrest are held as witnesses. Mrs. Scham was last seen alive on Sunday evening, when she returned from a picnic and was escorted to the door of the hotel by a valet. The murder was only discovered when other tenants of the building noted that Mrs. Scham was silent and notified the police.

One-Eyed Fish Produced. Writing in Science Dr. Charles R. Stockard of Columbia University gives a brief account of an interesting experiment in artificially producing a single median eye in the fish embryo by means of sea water solutions of magnesium chloride. It seems that fundulus embryos when developed in certain strength solutions of MgCl2 in sea water form a large median single eye. The condition is comparable to the one-eyed human monsters known as Cyclops, Cyclopia or Synophthalmia.

Chinese Honesty. John Lee Jung, a Chinaman, once of Washington, deserves a modest fame, and even more so do John Jung's Chinese relatives. John was a successful merchant in Washington for many years but finally his health and his business failed at about the same time and he was compelled to retire owing about \$1,000. Nearly ten years ago he went back to China to die, having tried vainly to pay his creditors. But in China things went better with the old man after a time, and when he died a little while ago, there was found among his effects a list of his creditors in Washington and the exact amount owed to each, and there was also found in Chinese money, saved by hard labor, enough to pay the entire amount. A little note in Chinese hieroglyphics told what the old man wanted done with his savings, and his relatives have now sent the money on to be distributed among his creditors, who had forgotten that he ever owed them. The old man who remembered his debts, and the relatives who followed his instructions, instead of grasping the money, are refreshing samples of honesty and offer an explanation why Chinese commercial credit is higher than Japanese.—Springfield Republican.

ESTATE OF WILLIAM J. CARROLL. STATE OF VERMONT, ss. In Probate Court, District of Washington, ss. I, held at Montpelier, Vt., for said District, on the 14th day of August, A. D. 1907. An instrument purporting to be the last will and Testament of William J. Carroll, late of the City of Barre, in said district, deceased, being presented to the Court for Probate, it is ordered by said Court, that all persons concerned therein be notified to appear at a session of said Court, to be held at the Probate office in said Montpelier, on the 31st day of August, A. D. 1907, and show cause if any they have against the probate of said instrument, for which purpose it is further ordered, that notice of this order be published three weeks successively in the Barre Daily Times, a newspaper printed in said City of Barre, in the State of Vermont, at least three days appointed for hearing.

A GOOD RECORD. Woodstock Base Ball Team Claims Amateur Championship. Woodstock, Aug. 22.—The record of the Woodstock amateur base ball team is one which challenges a poet. In 1905 it won 14 straight games and was the undisputed amateur champion of Vermont. In 1906 the team played 16 games, losing two of them; two of these 16 games were tied. To date since its organization three seasons ago the team has won 51 and lost five, and of these lost games two went to extra innings.

A Cat and Rats. Molly, the feline mascot of the electrical supply house, the Federal Lead Company at Flat River, has adopted two young rats, which she is rearing together with three kittens. The little rodents are as much at home as the kittens, and the mother cat seems to prize them just as highly as she does her own offspring. Heretofore Molly has been a most persistent hunter of rats and mice, and the office force at the Federal is rather doubtful about the trustworthiness of Molly's intentions.—Kansas City Journal.
