

Myers' Make of Gloves For Women!

This name stands for forty years of sustained improvement in the making of better Gloves. Real Glove worth is dependent upon several elements, integrity of the manufacturer and dealer being not the least important. From the selection of the leather stock through each process to the showing of them over the counter, THE BEST possible is the Myers' watchword. The quality, fit, style reputation of Louis Myers & Son is too firmly established for them to produce other than real Glove worth if they would.

Leather has advanced on nearly every Glove we carry. If it has been necessary to advance the price rather than cheapen the quality, we have done so. We are frank to tell you and believe you'll appreciate this when so many are working in cheaper grades to take the place of the old qualities at advanced prices. Our standard of quality must be maintained. OUR FALL LINE IS READY FOR INSPECTION.
