

A WALKOVER FOR GODDARD

Home Team Defeated Montpelier Seminary, 44 to 0

Had No Difficulty in Executing All Its Plays—Foot Made One 70-Yard Run for a Touchdown.

The long-time football rivals, Montpelier seminary and Goddard Seminary, met for the second time, this season on the Goddard campus yesterday afternoon and the final score of 44 to 0 tells the story of the ease with which Goddard defeated its rival from the capital city.

The features of the game were the playing of Slack, the Goddard full back, who played last season on the Windsor high school team, and that of Foot, the Goddard quarter back, who went through the line in the last few minutes of play for a 70-yard quarter back run, making a touchdown.

In the first half M. S. kicked to Goddard. Goddard was unable to gain and the ball went to Montpelier. Montpelier attempted a forward pass and Berry got the ball on a fumble and made a 15-yard gain around right end. Slack made a 10-yard gain through the line, followed by a 10-yard gain by McDonald and Foot failed to gain on an attempted quarter back run.

In the next rush Goddard attempted a forward pass over the center of the line and was penalized 15 yards, the ball going to Montpelier. The ball was immediately returned to Goddard on a fumble and Slack made a 20-yard gain through Montpelier's line, followed by gains on rushes by McDonald and Berry, getting the ball to the 10-yard line.

Slack made a five-yard gain and on the next rush took the ball over for a touchdown and Benedict kicked a goal.

M. S. kicked off to Goddard and Slack caught the ball and made a 30-yard run followed by short gains by Berry and Slack for a total gain of 25 yards, when the ball went to Montpelier on a fumble. Montpelier was unable to keep the ball and Slack made a five-yard gain through the line, followed by one by McDonald and Slack went through the line for the second touchdown and Benedict kicked the goal, making the score 12 to 0 in Goddard's favor.

Goddard kicked off to Simonds, who made a 25-yard run. In the next play Montpelier executed a forward pass to Reed for a total of 30 yards, when the ball went to Goddard on mixed signals. Slack made a five-yard gain through center and the ball was given to Berry.

on a double pass and he made a gain of 10 yards. The ball was given to Slack by an outside pass and he ran around Montpelier's right end to the 15-yard line. In the next rush Harrison made a 15-yard run around the right end for a touchdown and Benedict kicked goal-making the score 18 to 0.

Goddard kicked off to Simonds, who made a 30-yard run, but Goddard got the ball on a fumble. Montpelier was penalized twice and Goddard advanced the ball to the five-yard line when the half-time whistle blew.

The Second Half. In the second half, Goddard kicked off to Thomas, who made a gain of five yards. In the next two attempts Montpelier was unable to gain and the ball went to Goddard on downs. Goddard was unable to gain the required distance and the ball went to Montpelier on downs.

Montpelier lost 10 yards on a run around right end and attempted a forward pass, which Alexander caught, and the ball was advanced by short gains to the 20-yard line, where Berry made a 20-yard run on a trick play for a touchdown. Benedict failed to kick the goal. Score, 23 to 0.

Goddard kicked to the 15-yard line, Thomas catching the ball and losing five yards in an attempted run, but retained the ball and Carrier made a 10-yard gain through the line. Montpelier made several short gains and attempted a forward pass but the ball was caught by Benedict, who made a short gain, and Alexander made a run around Montpelier's left end to the 15-yard line. Goddard failed to gain and the ball went to M. S. on downs.

Goddard regained the ball and it was advanced to the five-yard line when Slack went through the line for a touchdown and Benedict kicked goal. Score, 29 to 0.

Goddard kicked off and Alexander got the ball on the 25-yard line, McDonald made a 10-yard gain. Slack carried the ball to the five-yard line and Berry made the touchdown through the line. Benedict missed the goal kick. Score, 34 to 0.

The remainder of the game was but a repetition of what had gone before, Slack making another touchdown when the ball was put into play by Berry and McDonald made end runs and Foot made a sensational 70-yard run for a touchdown, making the score 44 to 0 in favor of Goddard.

RULES VANDERBILT IS INCOMPETENT.

Supreme Court Will Next Name Committee in "Bright Eyes" Case.

New York, Oct. 22.—Supreme Court Justice Abbott of Brooklyn, handed down a decision yesterday confirming the finding of the commission in lunacy declaring Edward Ward Vanderbilt, the husband of "Bishop" May Ann Scannell Pepper Vanderbilt, an incompetent. The next step will be an application for the appointment of a committee of the person and estate of Mr. Vanderbilt.

The lunacy proceedings were brought against Vanderbilt, who is a well-to-do lumberman, 65 years old, at the instance of his daughter, Miss Minerva Vanderbilt, who did not like it when her father married the medium in June. Miss Vanderbilt alleged that her father had not a mind of his own since he fell under the influence of Mrs. Pepper, and that if he had not handed over \$50,000 worth of property to his bride he intended to do so very soon.

"Little Bright Eyes" the spirit who had made Mrs. Pepper famous, was alleged in the suit to have had a great deal to do with the man in influencing Mr. Vanderbilt's actions.

DIVISION IN RANKS

In Opposition to Fitzgerald For Boston Mayorally

HIBBARD WILL STAY IN

Street Commissioner Hanson Also Refused Yesterday to Withdraw—Mayor Fitzgerald Is Pleas'd With Outcome.

Boston, Oct. 22.—Postmaster George A. Hibbard, candidate for the Republican nomination for mayor, will not withdraw because the Good Government association doesn't want him to run. He declines to reply to any statement by Laurence Minot, president of that association, and leaves the question in the hands of the Republican voters.

Street Commissioner William E. Hanson refused yesterday to withdraw as a candidate, although urged to quit in the interest of party harmony by President Edward G. Graves of the Republican City Committee.

"I will stick until the primary votes are counted," said Mr. Hanson. "If Mr. Hibbard wins I will support him. If I expect Mr. Hibbard to support me."

"The sentiment of our organization is to have as best against Mr. Hibbard," Mr. Minot said yesterday. "We do not feel that he can win. He has been rejected by our organization as a candidate."

There are three courses open to us, one to await the outcome of the Republican primaries, these being the possibility that Street Commissioner William E. Hanson may defeat Mr. Hibbard, the second is to run an independent candidate against Hibbard in the primaries, and the third to run an independent candidate at the polls.

While we cannot consider the action of the Republican city committee in picking out Hibbard as a candidate without consulting us, as a breach of faith we are surprised at the action. There are many other candidates who were being considered and there was a possibility that we might have gotten together."

Postmaster Hibbard said: "I have nothing to say in answer to Mr. Laurence Minot of the Good Government association. I will have nothing to say until after the caucus. If the Republican party of Boston nominates me as its candidate for Mayor I will accept the nomination. My statement of last night covers the whole ground."

Fitzgerald Is Pleas'd.

The hopeless defeat of Postmaster Hibbard at the polls was predicted by Mayor Fitzgerald. The Mayor did not conceal his pleasure at the selection of Hibbard by the Republican organization.

That Senator Lodge, the boss of the Republican organization of the state, had consented to Hibbard's retaining the postmastership while running for mayor was the assertion of Mayor Fitzgerald, and is evidently the fact, as the Republican leaders of the city organization were in conference with "Boss" Fitzgerald.

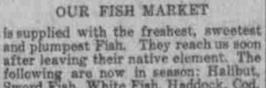

How Oritine Destroys All Desire For Whiskey and Beer. The terrible craving for liquor is a symptom of disease and to overcome it, the disease itself should be treated in a scientific way. When one has used whiskey, beer or other stimulants for a long time, the nerve cells have become accustomed to the effects of the stimulants and demand liquor in order to perform their duties. If the nerve cells are properly treated, the craving for liquor will be destroyed.

It is in this way that Oritine cures alcoholism, by supplying to the nerve cells the strength needed, thus destroying the desire for liquor. It eradicates every molecule of the terrible liquor craving, imparts new strength and vigor to the whole system, and restores the free blood. Treatise on "Drunkenness," free on request. The Oritine Co., Washington, D. C.

Every box is a registered guarantee which entitles you to a refund of your money if Oritine fails to effect a cure. Never before was a treatment for the liquor habit sold in this way. A guarantee like this shows the faith of the discoverer of Oritine and the agents who handle it, the leading druggists everywhere.

Oritine is in two forms, No. 1, which can be given secretly in food or drink; No. 2, in pill form for those who desire to be cured. Either form costs \$1 per box, and both are sold under the liberal guarantee that your money will be refunded if Oritine fails to cure.

Oritine is for sale by Rickert & Wells.

A GOOD RECIPE IF YOU NEED IT

Says This Home-Made, Helpful Mixture Should Be Used Promptly.

A well-known authority states that backache and pains in the joints are only too often the danger signals which notify the patient that something is wrong with the kidneys, and warns everyone to be careful, particularly at this period of the year, when the skin pores are closed, forcing the kidneys to do double their work of filtering the impurities and poisons from the blood and system.

At the first sign of backache or pain in the region of the kidneys, or weakness and urinary trouble, the following simple home recipe should be used. Any one can easily prepare it.

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Take a teaspoonful after each meal and at bedtime.

Any good prescription pharmacy will supply these three ingredients at small cost, which can easily be mixed by shaking well in a bottle. Few people seem to know the value of these common remedies in the treatment of the kidneys. This simple prescription, when taken as directed, will regulate the urine, clear up and remove sediment, overcome back-pains and cleanse the entire kidney structure, correcting bladder troubles in just a little while.

Lodge yesterday. The Mayor's friends assert that Fitzgerald will force Hibbard to resign.

The Mayor said, speaking of the selection of Mr. Hibbard while Evose Commissioner Hudson was considering the offer of the Republican nomination with the Good Government endorsement.

"Postmaster Hibbard has revealed himself in his true light as a Republican politician. If the stories I hear are true the members of the Good Government association were badly tricked. The postmaster of Boston ought to be above trickery of this kind, but it seems that he is not. Mr. Hibbard, if nominated, will be hopelessly defeated."

The session should be seized upon by the citizens of Boston to get a strong man as postmaster."

LUCKY ESCAPE IN AUTO CRASH

Machine Crashed Through Stone Wall, Two Injured, Chauffeur Only Slightly.

Middleboro, Oct. 22.—A 60-horsepower touring car lost a complete wheel yesterday at the foot of Barden Hill, where it plowed through a stone wall, and citizens are discussing how it was possible for a Boston man and woman who were in the tonneau, to have escaped death.

The chauffeur was thrown out and sustained injuries to his arm and head, but they were only slight, and he continued in another car to Boston.

The machine is numbered 15,502 and is listed as owned by the Motor Power Renting company of Park square, Boston.

A heavy rain was falling when the car drove down the hill at high speed. In attempting to make a sharp turn, the wheels skidded and the auto shot through the stone wall at the side of the road. It tore out a hole 10 feet wide in the wall, hurling stones a distance of 20 feet. The man and woman in the tonneau were thrown against the front seat, but were not injured. Their escape is considered remarkable.

EVIDENCE ALL IN AT TRIAL OF EVERETT.

Testimony on Composition of Dynamite The Important Feature Today.

South Paris, Me., Oct. 22.—All the evidence in the trial of Wallace G. Everett for the alleged murder of Edgar L. Radcliffe at Paris Hill on the night of June 13 last, was in when the noon recess of the supreme court was taken yesterday.

The cross-examination of the respondent was concluded, several witnesses were called by the defence and the state in rebuttal brought out some expert evidence on the composition of dynamite before both sides rested.

Everett, under cross-examination by Asst. Atty. Gen. Philbrook, said he could not tell who the man was who lighted the match near the dynamite house in which Radcliffe later was blown up and that he was not near enough to see how he broke into the house.

FISH WINS BIG FIGHT

Harriman Conceded Defeat in Proxy Count

ALLOFF TILL DECEMBER 18

The Final Result Will Depend Upon Court Injunction Decision—Fish Partisans Claim to Be Confident.

Chicago, Oct. 22.—Stuyvesant Fish has won the first skirmish in his battle with Edward H. Harriman for the control of the Illinois Central railroad. Harriman's defeat was conceded yesterday by his lieutenants when the proxy committee met to proceed with its count of the votes. Attorney William Nelson Cromwell of New York, chief of the Harriman forces, went to ex-Judge Farrar, leading attorney of the Fish faction, and told him that the Harriman people were satisfied that Mr. Fish was far in the lead in his proxy holdings, and that the further count might as well be suspended.

Mr. Cromwell suggested that all further action be suspended pending the decision of the court as to the legality of voting 250,000 shares of Illinois Central stock held by the Harriman faction in the names of the Union Pacific railroad and the Mutual Life Insurance company.

In Judge Hall's temporary injunction, restraining the counting of these 250,000 votes for Harriman, it was agreed by both sides that in case the casting of this vote should change the result of the balloting, the present election should be declared null and void pending the court's final decision as to the disputed proxies, and Dec. 18 was the date set for a new election by the stockholders.

The adherents of Mr. Fish were jubilant over the capitulation of the enemy and declared that the battle was won not only for the present, but for all time. They asserted that they were confident that the court would continue the injunction against the voting of the 250,000 shares of stock held by corporations outside of the state of Illinois by the Harriman faction and that in that event there was not the slightest doubt that Mr. Fish would continue to control the majority of the proxies that could be legally voted in the forthcoming election of directors.

After the surrender the attorneys for both sides got together and signed a stipulation postponing the further count of proxies at this time and agreeing to defer the whole matter until the election on Dec. 18. Meantime the legal battle as to the disputed proxies will be fought out in the courts.

Following a day's rest Sunday the proxy committee went into session yesterday morning, prepared to resume its task of counting the credentials. While the committee was beginning its work, William Nelson Cromwell, representing the Harriman interests, and Edgar H. Farrar, representing Mr. Fish, met at the Auditorium Annex and entered into a stipulation that the counting of the proxies should cease and that the annual meeting of the stockholders should be postponed until the election on Dec. 18.

STILL HOLD TO REDMOND.

Declaration in His Favor Made By Many of Irish Party.

Dublin, Oct. 22.—John Dillon, member of Parliament for East Mayo, who took up his political activities ten days ago, continues to support John E. Redmond, the leader of the Irish party, and his colleagues. Another letter from Mr. Dillon was read at Tipperary yesterday in which the writer vindicated Mr. Redmond's policy. He said he saw nothing in the alleged collapse of the national cause except the collapse of inflated prices for land and the breakdown of the ranching system.

William O'Brien, member of Parliament for Cork, speaking at Tralee yesterday, indicated his desire to return to the party in order to influence the decisions during the next session of the House of Commons on the question of land purchase, finance and university settlement. Mr. O'Brien said he was ready to accept Mr. Redmond's leadership and the party pledge if the pledge was either made more stringent or allowed greater latitude for individual policies. The archbishop of Cashel and the bishop of Dromore have written letters declaring their adherence to Mr. Redmond's policy. These are significant signs of the collapse of the attack on the Irish party. A rumor is current here that the Government desires another opportunity of extending local government, but on different lines from those laid down in the council bill. Sir Anthony Patrick MacDonald, under secretary to the lord lieutenant of Ireland, is said to favor this attempt, but the project is not favorably viewed here; it is regarded as an effort to revive devolution.

JOHNSON MAY BE CANDIDATE. If He Wins in Cleveland He Probably Would Be Boomed For President.

Washington, D. C., Oct. 22.—Politicians from the middle west say the presidential importance of the mayoralty contest at Cleveland is underestimated. If Mayor Tom L. Johnson wins a reelection against the Administration forces that are trying to break him, say these Middle West men, he becomes a White House possibility, and practically the only man who has any chance of defeating Bryan for the nomination. A prominent Republican ex-governor of one of the largest states in the Union said here that the interference of Roosevelt and Taft in the Cleveland mayoralty was certain to result in an aggressive Johnson boom unless the mayor is defeated. Ohio men say, however, that Johnson could never carry his own state, whatever his popularity in Cleveland.

ST. JOHN BRIDGE TO CUT RUN TO HUB.

New Brunswick Road Asks Connection With Boston & Maine Lines.

St. John, N. B., Oct. 22.—A second and much shorter railroad route between St. John and Boston will be opened up if an application for the New Brunswick Southern railway for the erection of a bridge across the St. Croix river, near St. Stephen, is granted by the government.

By bridging the St. Croix river, the New Brunswick Southern railway would have direct connection with the Washington county railroad in Maine, which is allied with the Boston & Maine. The proposition is not a new one, but up to this time it has been held up by the objection of the people of St. Stephen to the site proposed. This objection seems to have been withdrawn, and it is expected that the Canadian Parliament will act favorably on the application.

FOOD FAIR NEARING END. Great Exposition at Mechanics Building, Boston, Will Close November 2.

The greatest exposition ever held in Boston, the New England Food, Fair and Housefurnishing Exposition at Mechanics building, is drawing to a close. Nov. 2, Saturday, is positively the last day. The popularity of this year's food fair easily exceeds that of any that has ever been held before in this part of the country, and the attendance has been increasing at a remarkable rate. The nights have been crowded from the start, but during the past week there has not been a moment from the opening until the closing hour that the great Mechanics building has not been filled.

The management wisely limited the number of tickets it will sell so that the crowds are never so large as to interfere with the visitor seeing the sights of the fair. The management has had many complaints upon the generous aisles which have this year been added. They are nearly twice as wide as formerly.

Mostly interesting and important events are scheduled for this week. To begin with, there is an entirely new band and it has created the biggest kind of a sensation. It is a stranger to Boston, and it is called the Banda Roma. It comes direct from Rome, Italy, where it is rated one of the foremost musical organizations of that most musical nation. Signor Suiseppe Sirignano, the conductor, and he is said to out-Crestadori himself. The band will give a complete programme twice every day and except as encores no numbers will be repeated during the engagement. With the band as a special added attraction will come the Metropolitan quartette, composed of the following soloists from the Italian Grand Opera company: Miss Anna Flack, soprano; Signor Antonio Paoloni, tenor; Signor Giorgio Strauss, contralto, and Signor G. Zars, baritone. This will be a genuine musical treat.

ACCEPTS THE PRESIDENCY

Rev. J. M. Thomas Is Coming to Middlebury

DECLINED CHURCH CALL

He Writes First Church in Burlington That He Believes He Can Do More Good With the Young People of the College.

Burlington, Oct. 22.—The letter of the Rev. J. M. Thomas declining the call to become pastor of the First church, following the call to the presidency of Middlebury college, has been received. It is as follows:

East Orange, N. J., Oct. 18, 1907. Mr. Charles F. Smith, Burlington, Vt.

My dear Mr. Smith: I write you as chairman of the joint committee of the church and society of the First church to decline the call extended to me on September 12. It is with keenest regret that I do this. The inspiration of the church was generous in every respect, and I have felt that I was invited by the hearts of the people, not less than by formal vote. The opportunity afforded for true spiritual service, the entire liberty of thought and utterance promised me, and the stimulus and incentive of the peculiar situation and reputation of the First church united in making the appeal to my mind and heart very strong.

But I have now received a call from my alma mater at Middlebury to become the president of the college on the retirement of Dr. Brainerd. This work exclusively among and for young men and women appeals to me irresistibly. If I can succeed, I can do more in this field than in any other. Despite the risk of undertaking a new form of effort, I feel that I ought to try, and as a resident of Vermont I hope I shall not altogether lose the good will of those in Burlington who voted confidence in me.

I am very sorry to disappoint the church, and I regret keenly that I have been the cause of loss of time in securing a leader for your important work. However, I have no fears of any real injury overruling the First church, since you are so strong in a united spirit and in the good will of the community, and I am very certain both that you will be wise enough to select the right leader and that the position will attract the right man.

With sincere appreciation of your many kindnesses to me, and with kindest regards to all who have had an interest in me, I am, Faithfully yours, John M. Thomas.
