

BUOYANT TONE NOTED TODAY

Situation Considered Well in Hand in New York

NO TROUBLE EXPECTED

Stock Market Showed an Improvement Today and Industrials Opened Strong--Unusually in Western Cities.

New York, Oct. 28.--The local banks continued on an increasing scale to use clearing-house certificates today. Most of the trust companies resorted to paying depositors with certified checks on clearing-house banks in preference to releasing their currency. The crowds about the institutions where there were heavy runs last week dwindled to handfuls early today. Leading bankers say that they expect no trouble this week whatever.

The stock market at the opening showed further improvement over Saturday. Industrials were strong, but there was a tendency to irregularity in the railway list. In London, Paris and Berlin it opened from one to three points above Saturday's closing. The sentiment was cheerful, and it is believed financial conditions in the United States are sound. The reports of heavy gold shipments from London to New York caused a slight depression in English securities.

UNEASY IN CHICAGO.

Many Depositors Were Waiting in Front Today.

Chicago, Oct. 28.--One hundred and fifty plain-clothes men reported today for special duty at the banks. Utica, N. Y., Oct. 28.--The Montreal express on the Adirondack division of the New York Central railroad which left Utica at 1:35 o'clock Sunday morning was wrecked five hours later near Nehasane while running at a speed of about 40 miles an hour. The train carried New York, Boston, and Philadelphia people bound for the woods. The train was made up of an engine, mail car, baggage car, two day coaches and four Pullman sleepers. The second day coach left the rails, followed by the two rear Pullmans which turned over on their sides and were dragged nearly 300 feet. All the passengers were thrown from their berths and tossed about the cars. The most seriously injured was Mrs. L. F. Requa of No. 2 East 84th street, New York, who had one rib broken and was otherwise injured.

Among those slightly injured were Mrs. and Mrs. Paul Ely, Mrs. E. J. Killworth, Mrs. Bernard and L. F. Requa, all of New York. All the injured went through to their destination with the exception of Mrs. Requa, who was taken from the train at Lake Clear Junction. The cause of the accident was probably the breaking of a truck on the New York coach. About 1,600 feet of track was torn up, blocking traffic until last night.

Providence, R. I., Oct. 28.--Forty-eight persons were badly injured, eight of them seriously, as the result of a collision of electric cars on the Pawtucket line on North Main street here last night. The accident was caused by the inability of the motorman on the north-bound car for Pawtucket to stop his car on approaching the switch, owing to slippery rails. The car jumped a switch and ran into a south-bound car coming down from Pawtucket to Providence. The Pawtucket bound car was driven into the vestibule of the Providence bound car, telescoping it. EVERY ACT WAS ILLEGAL

Declared Former President Small To-day

ON MILWAUKEE MEETING

It is Believed in Chicago That the Settlement of the Telegraphers' Strike is Now but a Short Distance Off--Will Open Branches.

Chicago, Oct. 28.--Former President Small of the Telegraphers' union issued a statement today, declaring every act of the Milwaukee special convention of operators illegal, and styling the election of W. W. Beattie of Washington as president a childish move, because Beattie already held that office by virtue of Small's suspension. He says he will attend the next regular convention in June.

It is believed here that a committee named to confer in New York with the Postal and Western Union officials will bring about an agreement for the definite ending of the strike. The Western Union announced today that the branch offices in Chicago will be reopened at once.

CONFERENCE ON TUESDAY.

Looking to Settlement of the Telegraphers' Strike.

On Tuesday a conference will be held in New York between representatives of the companies and the men. At that time arrangements will be entered into by which the strike will come to an end.

Freeman, pastor of St. Andrew's Memorial Episcopal church, to represent them in negotiations with counsel for the railway company. The strikers bound themselves to abide by any agreement that the Rev. Freeman may make with the company's agents. A conference of opposing interests was at once arranged.

Because of Saturday's rioting the company made no attempt to operate its cars yesterday.

The question of responsibility in regard to the acts of violence which have occurred since the men struck for increased wages, continues. Mayor Coyne again formally addressed Sheriff Charles M. Lane demanding that he exercise his full powers to control the situation before resort to military aid is taken.

Sheriff Lane has insisted that state troops be called out, and a reiteration of the views resulted yesterday in the police board asking him to apply for military assistance. The sheriff has communicated with Governor Hughes, but a letter received by him from the executive has not been made public. There was some discussion yesterday, but it was promptly suppressed by the police.

Three lives have been lost and a number of persons more or less seriously injured. Some half a dozen bears have been killed, one wild cat and an extra large hedgehog. Many deer have been killed contrary to law and at least two cows.
