

GEN. HOWARD THEIR HERO. Appeared Unexpectedly at Reunion of the Army of the Cumberland.

Gen. O. O. Howard of Burlington was one of the speakers at the annual reunion of the Society of the Cumberland which was held in Chattanooga, Tenn., last week.

Gen. Howard's voice was clear and mellow. His words were quick spoken and distinct, almost giving the lie to his actual age, which is only evidenced by his snowy white hair and beard.

General Howard's voice was clear and mellow. His words were quick spoken and distinct, almost giving the lie to his actual age, which is only evidenced by his snowy white hair and beard.

The Randolph Woman's Literary club met with Mrs. M. A. Tenbury on Saturday afternoon from three to five. The quotations were from Charles and Mary Lamb, and the programme consisted of selected reading by Miss Walsh, an English Story, by Mrs. Mann, and English Antiquities by Mrs. Powers.

The members of the post and the ladies of the W. R. C. with their friends, Bover a surprise on Saturday evening, it being his 62d birthday. They left with him as a substantial evidence of their good wishes in future years a nice chair, and after an hour of social enjoyment and the serving of light refreshments departed with wishes for many happy returns.

Silk and Flax. A silken thread is three times as strong as a flaxen one the same thickness.

Remains of Ancient Cities. All around Chingchow, China, there are mounds, earthworks, lookout towers, etc., the remains of ancient cities and fortresses, which mark the sites of capitals from the very dawn of authentic history.

Maldivo Archipelago. The Maldivo archipelago contains 14,000 islands, which abound in coconut palms.

THANKSGIVING DAY PROCLAIMED. President Proclaims a Little Sermon for the Occasion.

Washington, D. C., Oct. 28.—President Roosevelt Saturday issued his Thanksgiving proclamation, through the secretary of state, naming the last Thursday in November, the 28th. The proclamation follows:

Once again the season of the year has come when, in accordance with the custom of our forefathers for generations past, the president appoints a day as the special occasion for all our people to give praise and thanksgiving to God.

During the past year we have been freed from famine, from pestilence, from war. We are at peace with all the rest of mankind. Our natural resources are at least as great as those of any other nation. We believe that in ability to develop and take advantage of the resources, the average man of this nation stands at least as high as the average man of any other.

Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 28th day of November, as a day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and in their homes or their churches meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given the strength so to order their lives as to deserve a continuation of these blessings in the future.

Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 28th day of November, as a day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and in their homes or their churches meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given the strength so to order their lives as to deserve a continuation of these blessings in the future.

Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 28th day of November, as a day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and in their homes or their churches meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given the strength so to order their lives as to deserve a continuation of these blessings in the future.

Now, therefore, I, Theodore Roosevelt, president of the United States, do set apart Thursday, the 28th day of November, as a day of general thanksgiving and prayer, and on that day I recommend that the people shall cease from their daily work, and in their homes or their churches meet devoutly to thank the Almighty for the many and great blessings they have received in the past, and to pray that they may be given the strength so to order their lives as to deserve a continuation of these blessings in the future.

Brandon's Sorrow. Today Brandon, this whole community is living in the shadow of a great trouble which, descending with awful abruptness, has stricken one of our most honored and beloved families.

While one family only is directly affected, the blow is so appalling that it has cast a gloom over the entire community. The mystery of the whole affair is beyond the human mind to unravel, but time—that wipes away all mysteries and finally lays bare all secrets, even those of the human heart will one day make this also clear to those who ought to know.

But, on the pity of it! That Mr. Bullard, so bright, so brilliant and so full of possibilities to do good, should in the springtime of his life be stricken with a malady that must deplete the remainder of his life into desolate winter, for we can hardly conceive that Mr. Bullard whom we have known could by his own free act ruin his own prospects and shatter the happiness of his family for any worldly consideration.

In this instance there was absolutely no motive. The pain was so infinitesimal as compared to the penalty. It is not true that Mr. Bullard should be judged by the common standard—because the penalty that he must pay, if guilty, is so much greater. Mr. Bullard must lose his reputation, which compared to the average mortal is as gold compared to clay, and he must likewise lose his profession, which the ordinary and average mortal need not do.

Therefore it is right and just that everything in Mr. Bullard's favor should be given the fullest consideration, and in the mean time our people can be depended upon to do all in their power to lighten the sorrow which is crushing the innocent wife and children. The way Brandon people have done and will continue to do until the end of the whole affair is the one bright spot that has yet appeared. The only thing to be thankful for. They have been charitable and no matter what today brings forth they will continue to be charitable. Brandon people have shared the sorrow and the suffering of those who are sorrowing and they will continue to—Brandon Union.

Argo Red Salmon can be served on any table. It can be served as it comes from the can, or prepared in many palatable dishes.

Where The Nickels Go. A practical electric railway account-ant discourses of the nickel which is paid for street railway fare, and finds that each contribution from a passenger 14.785 per cent. is expended for maintenance of plant, 35.055 for immediate output for operation, and 15.333 per cent. for general expenses and taxes.

The wages of conductors and motormen alone amount to 20 per cent of the nickel. A suggestive item in the calculation is that 4 per cent of the nickel, or one-fifth of every cent, is required to meet the claims for damages for personal injuries, the fees of doctors, hospitals, lawyers and court costs. A glance at any of the dockets of the tort sessions of civil courts will readily confirm this estimate. The frequent entrance of street railway corporations as defendants is commonly noted. On twenty-fifth of gross earnings is a heavy percentage to pay for carelessness and recklessness in operation. The average cost per passenger in Massachusetts is figured at 3.19 per cent, which does not leave an extravagant margin to be utilized for sinking funds, interest payments, extraordinary expenses, and for dividends. In the close figuring which is required to produce profitable results, the fifth of a cent that is now sacrificed to accidents in operation seems a large proportion.—Boston Herald.

Public Survey. My rubber-tired survey will meet all trains and accommodate the public. Survey trip by the hour for business or pleasure trips at reasonable prices. Sunday and night work a specialty. Telephone Hughes stable, 116-21, or residence, 85-3.

GRANITEVILLE. To Rent.—Two small tenements, plenty of land to go with them, in Graniteville. Inquire of A. A. Smith, Barre, or M. J. McLeod, Graniteville.

BRIDGE BUILT IN CAVE. Huge Chasm Crosses Tunnel Under Lookout Mountain. The two crews of workmen driving the huge cavern beneath Lookout mountain have met at a point one-quarter of a mile from the west entrance and 1,000 feet directly under the hotel, perched on the summit of the mountain. The tunnel is unique in many ways. It is 3,400 feet long and will be broad enough to accommodate four tracks. The progress of the digging has been rapid, equaling about an average of 800 feet per month.

A serious obstacle was encountered. A huge cavern starts at the Tennessee side of the mountain, intersects the tunnel and emerges in Alabama at a point 18 miles distant. Efforts were made to fill across the cave with the blasted rock taken from the tunnel, but only a slight impression was made and the attempt was abandoned.

It has now been decided to throw a bridge across the chasm, which, if successfully accomplished, will be a feat entirely new and novel in bridge construction.—Popular Mechanics.

Hard Times in Kansas. The old days of grasshoppers and drought are almost forgotten in the prosperous Kansas of today; although a citizen of Codel, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me."

The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed by the Red Cross Pharmacy. 50c and \$1.00. Trial bottle free.

How to Feed Poultry Food. We will send free, postpaid, to any farmer or poultryman who will write us, mentioning this paper, our directions for feeding "Page's Perfected Poultry Food." These directions represent the combined experience of some of the best poultrymen in New England who have used our food successfully. There are also given many suggestions as to the proper care to be given hens to produce the best results. Carroll S. Page, Hyde Park, Vt.

PEN, CHISEL AND BRUSH. Julian Story will have a studio this winter on the top floor of the Hotel St. James in Philadelphia.

Italian newspapers are once more discussing the question as to who invented oil painting. Most of them side with Vasari, who maintained that Jan Van Eyck was the first to use oils as a means of fixing pigments.

Gutzon Borglum, the sculptor, says that Robert Fitzsimmons is one of the best specimens of manhood in the world and by far the most perfect representative of the fighting man that this age has produced. Borglum is to make a statue in marble of the former champion prize fighter.

George Alfred Townsend (Gath), the well known correspondent, since the death of his wife lives almost entirely in a den erected on the grounds of his beautiful estate, Gopland, in the Maryland mountains. It was originally built for his workshop. On the grounds was also erected a beautiful art studio, the memory of writers and artists who served in the civil war.

WATCHES! The largest variety to be found in the city. See our LADIES' SOLID GOLD WATCH for \$10.00. FINE WATCH REPAIRING.
