

A C-B a la SPIRITE CORSET SALE

Do You Know What It Means?

It means this—that you get what we believe to be the best Corset on the American Market today at prices way below what they have usually sold for. Compare the Sateens, Batistes or the Coutils, the bones and the steels that are put into these Corsets with those of your favorite make—better still try a pair in wear and the results will show for themselves. Then why do we cut the price? Simply that we have several styles we are to discontinue and then, too, it makes a bit of good advertising for us, besides moving them quickly. A style for every figure. Short, medium or tall, slim, medium or stout. All sizes 18 to 36.
