Rheumatism Cannot Be Cured Unless Uric-o is Used.

Sudden Death, Heart Failure and Paralysis Are Caused by Poisonous Uric and Rheumatic Acids.

The rheumatic person is skeptical regarding the claims of almost any remedy advertised as a cure for rheumatism, and one can scarcely blame him for being so. All the plasters and liniments combined never actually cured a case of rheumatism. They may relieve it in one quarter, but it is sure to break out somewhere else. The only true way to cure rheumatism is to drive it from the system, for as long as the uric and rheumatic acid remains in the blood, one is never entirely free from the trouble. This is where the value of Uric-o is such an admirable and effective cure for rheumatism.

The chief reason that Uric-o is such a wonderful cure for rheumatism is that it is designed and prepared to cure rheumatism and rheumatism only. It is composed of perfect antidotes for the rheumatic acid poison in the system. This is the secret of its wonderful success. Rheumatism simply cannot exist in a person's system if Uric-o is used. Uric-o is sold by druggists at 75c and \$1.00 the bottle, but if you still feel skeptical about its efficacy you can test it free of charge by cutting out this advertisement and sending same, together with your name and address, also the name of your druggist, to The Smith Drug Company, 146 Smith Building, Syracuse, N. Y. and they will send you an order for a 75c bottle free.

RECENT DEATHS IN VERMONT.

The death of Frank J. Osman occurred in St. Albans Sunday morning after a long illness. Mr. Osman was 62 years old, a veteran of the Civil war and a member of A. R. Hurst post, no. 60, G. O. P. He had a large acquaintance among railroad men, having been for many years conductor on the Central Vermont railway. He is survived by a daughter, Mrs. Louis W. Moore, and a son, William A. Osman. Mr. Osman is the fourth veteran to pass away at St. Albans in as many weeks.

St. Albans. W. Rounds died at his home in Richmond Saturday morning at 5:45 o'clock after pneumonia, which he had had since Monday. Mr. Rounds was born at Stevens Mill, Richmond, in August, 1846. He was the son of William Rounds and Fannie Heath Rounds. In 1865 he married Miss Abbie Fletcher, who died in 1906, and in July, 1907, he married Mrs. Ida M. Noyes. Mr. Rounds always resided in Richmond and had been engaged in business for the greater part of his life and owned a large dry goods store. The funeral service was held in the Baptist church this afternoon at two o'clock.

D. & H. WILL COMPLY. Weekly Wages Will be Forthcoming For Vermont Workmen.

The Delaware and Hudson railroad company has assured State's Attorney Robert A. Lawrence, says the Vermont Union Signal, that the management will start to pay its Vermont workmen weekly before March 3, this information coming directly from Albany in reply to a letter sent by Mr. Lawrence to the home office of the company. Blair's Pills for Gout and Rheumatism.

Not Enough Evidence. The hearing in the case against "Tonic" Brace, Mary Profit and "Dabe" Braze and his wife, charged with robbing George N. West of Waterbury of \$10, was closed in St. Albans Saturday afternoon. The evidence for lack of sufficient reputable evidence to hold them for county court. "Tonic" Braze was immediately re-arrested charged with lack of support of his family and Mary Profit was also held on the charge of keeping a house of ill-repute.

ABOUT THE STATE.

Items of Interest Gleaned from Our Exchanges. N. D. Blake, president of the Vermont Business college at Burlington, has accepted the invitation of Bailey Post, No. 67, G. A. R., North Troy, to deliver the Memorial day address in that place.

W. L. Proctor of West Ferrisburg, recently caught in a trap set in his dooryard a hoot owl which weighed about five pounds and was an excellent specimen of the species. The owl had killed one of Mr. Proctor's ducks.

The mills of the American Woolen company in Winooski, which have been shut down since the week of last Christmas resumed operations in part, when about 700 employees went to work. It is expected that within a short time the plant will again employ its full crew of 1,600 operatives.

At the recent annual village meeting in Bellows Falls an appropriation of \$1,000 was voted for permanent road work, and of \$400 for open air band concerts. A tax of 30 cents was voted. The total village tax for the coming year will be as follows: Sprinkling, 5 cents; highway, fixed by statute, 20 cents; corporation, 30 cents, a total of 55 cents.

G. B. Judson of Richmond, has growing in his house a cutting of the rhubarb or vine plant, which has upon it eleven stalks, some of which measure seventeen and eighteen inches in length and over one inch in diameter. It is said this plant can be grown in the house successfully for winter use, and Mr. Judson's experiment would seem to justify the assertion.

Railroad business at Newport is the best it has been for years. At one time last week there were over 200 loaded cars in the yards waiting to be forwarded and no available train to take charge of the train. Nearly all the sidings on the C. P. R. between here and Farmington are full, making it difficult to pass trains enroute. The Montreal express was delayed 30 minutes one day last week from this cause.

Constable N. C. Florence of Burlington, has mailed notices to non delinquent taxpayers warning them that if they do not pay before the 15th inst., their names will be crossed off the check list and they will be unable to vote at the coming municipal election. Many of the delinquents appeared on Saturday and settled and many others are expecting to be heard from before the time limit. It is thought that some of the delinquents are out of town, others under age and some immune because of old age.

Mr. and Mrs. D. J. Williams of Essex Center celebrated their golden wedding anniversary Friday afternoon and evening. About 100 of their friends were present and many letters were received from others who were unable to be present. Among those from out of town were Mr. and Mrs. Harry Williams of Chicago, Mr. and Mrs. William Blake of Long Island, N. Y., Mrs. Alfred Lord of Lebanon, N. H., Miss Cornelia Lavigne of Claremont, N. H., C. S. Bates, Henry Gibson and many others. The guests left many nice gifts, including a solid silver cake dish from the King's Daughters, of whom Mrs. Williams is a member, a gold mounted smoking set for Mr. Williams and much money in gold.

Brattleboro Y. M. C. A. Debt. The committee appointed by the directors of the Y. M. C. A. to wind up the affairs of the association has practically finished its work and finds that the debt, after disposing of all the assets will be about \$200 to \$250. If it is the expectation of the committee that this amount will be reduced somewhat from outside sources. A meeting of the directors will be called in a few days, and steps will be taken for winding up the entire debt. The association gave the women of the auxiliary such of its equipment as the auxiliary could use, and that organization is carrying on its work as usual, hoping that some time the association may be revived.

Remodelled Y. M. C. A. Building Dedicated. The remodelled Y. M. C. A. building at St. Johnsbury was opened to the public Saturday afternoon and evening, the day marking the 32nd anniversary of the founding of the institution. Many attended the reception. At eight o'clock a short program was given with Frank H. Brooks, president of the association, presiding. Prof. Henry Fairbanks, the donor of the building and the only charter member living, and H. N. Turner gave short addresses. A gigantic exhibition under the leadership of the physical director, Charles A. Palmer, and a basket ball game were features of the entertainment.

The enlargement of the interior of the building for the more modern methods of association work was made possible by the 15-day campaign last July to raise \$23,000. So successful was this campaign that over \$28,000 was raised and the directors at once made their plans for remodeling the building. The St. Johnsbury association was organized in 1885 with 21 charter members. In the spring of 1885 the new building was dedicated. At that time it was one of the finest associations in the country, though not by any means the largest, and today it is as good as can be found in any town of this size in the country. The association also owns music hall, the gift of Horace and Frankie Fairbanks, which has recently been leased to a syndicate of young men, who are enlarging the auditorium and making it more available for theatrical companies.

Winter Chaps. Hands, face and lips become easily chapped in cold winds, causing a great deal of unnecessary inconvenience. Apply Hill's S. E. S. Ointment well rubbed into the flesh and note the sudden cure of all skin ailments. 25 cents at D. F. Davis, the druggist.

AMUSEMENT NOTES. Life on Board a French Battleship. Life on board the modern battleships has a fascination all its own—and is especially interesting to those not familiar with it. Therefore the series of moving pictures to be shown by Lyman H. Howe in the opera house on next Wednesday evening depicting a sailor's life on board a typical French man-of-war—the Joan of Arc—cannot fail to grip the interest of every beholder. The scenes reveal the sailor's life in detail from "morning wash" through "mess" time to the big gun drills—the entire process of loading being fully shown. Another portion shows a crew of vicious "Jack-Tars" at close range rowing in a sixteen-oared boat, and later the inspection of the crew is witnessed. Another feature shows the entire process of quarrying stones near Cherbourg, the ancient marine port of France. The quarries were opened by the great Napoleon over a century ago. The dislodgment of a veritable cliff of solid rock—150,000 tons—is fully shown. Eight weeks were required to tunnel and saw up with five tons of cement the 1,800 tonne dynamite used for this gigantic blast. The scene is indescribable.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament. Many people believe that blonde or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character. The hair is the disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness, Prof. Sabouraud, of Paris, France, inoculated a rabbit with Trichophyton, producing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newb's Herpicide. It is sold by leading druggists. Send 10c in stamps for sample. Newb's Herpicide Co., Detroit, Mich.
