# STRIKE OR NO STRIKE

We Are After Your Business Just the Same.

Having bought as liberally as usual at the expositions this past Winter we are, of course, overstocked. Natural, isn't it, with the present difficulty on? We did not anticipate any trouble. Very few did. However, we have got the goods and they have got to be paid for. This is a very painful thought, but true. We are going to make it an object for you to help us meet this deficiency.

We are told that more than half of the men who have stopped work have bank accounts. We believe this. We also believe that you can save a big interest on your money by coming to us just now and buying those things you need in the furnishings of your home.

Here you'll find a stock that contains everything that makes the home comfortable and at a lower price than has been made on the same goods in the past ten years. Let us prove this to you. A glance at our show-rooms will be convincing.

Don't forget we are agents for the "Hoosier" Kitchen Cabinets and always show samples on the floor.
