A Holdup in Calabria, the feature picture at the Comique, last night proved to be an exceptionally interesting subject. A great many Italianas came to see it last night, as Calabria is located in southern Italy, and many of them recognized familiar landscapes in the picture. An interesting game of "Mori" is played during the action of the picture. "Mori" is to Italy what poker is to America. Daniel Roach is certainly making a big hit, singing "Love Makes the World Go Round," his articulation is so good that you can stand anywhere in Depot square and understand every word of the song.

A Few Facts About Clothes

A woman shops around—she examines and compares and, when she is satisfied, she buys. A man, as a rule, doesn't shop. He goes almost mechanically to one store from force of habit, or because his friends buy there. But each year men get more wide awake and appreciate the fact that there's something more to the Clothes question than attractive outside appearance. We see increasing numbers of men each season who know more about the "unseen" parts of the Suit. When a store says—"Suits \$10.00, \$12.00 to \$25.00," what does it signify until you have examined the Suit? It's what you get for your money and not what you pay that makes good value. We ask comparison. That's the test we welcome. We're strong on it!
