

DEMOCRATS AT DENVER

Convention Committee Making Arrangements SOME COMPLICATIONS

Over the State Headquarters—Tickets to the Hall Are in Great Demand—All Colorado People Apparently Wish to Attend.

Denver, Col., June 30.—Members of the committee on convention arrangements who spent Sunday in the mountains northwest of this city returned to find a strenuous program outlined for them yesterday. No meeting of the committee will be held until four o'clock this afternoon, but in the meantime the members will have their time fully occupied. The principal matter taken up yesterday was the selection of headquarters for a number of the states which have not as yet secured an abiding place for the week of the convention, and the making of contracts covering the rental for and the decoration of the headquarters. The headquarters for these various states must be sufficiently commodious to permit a caucus being held in the rooms, and because of the fact that practically all of the hotel space had already been engaged, the committee yesterday found it necessary to arrange for state headquarters in different sections of the business district of the city.

In addition to the work entailed by the headquarters proposition, the members of the committee were compelled to visit the auditorium early in the day to decide concerning some of the physical details of the convention arrangements, and were obliged to confront also the never-ending and always-increasing demand for tickets of admission. This proposition has really become the most serious that has troubled any convention committee in recent years. Some of the committee members said that it seems, in their opinion, as though the state of Colorado was anxious to be inside the Auditorium when the nominations for president and vice-president are made. It is expected also that the visitors from the Pacific coast and other far West points will largely outnumber the attendees from that section at any convention of either party held in many years.

It has been arranged, in accordance with the custom of the Democratic party, that all contests for seats on the temporary roll call of the convention will be heard by a sub-committee of the national committee, which is to meet on July 6. Although it is possible for a protestant to give notice of his forthcoming protest as late as the day on which the sub-committee will meet, it is not believed by the members of the national committee that the number will be sufficiently large to consume more than a portion of the single day set apart for the hearing of evidence. The finding of the sub-committee will be turned over on the night of July 6 to a meeting of the full committee, which will have its report ready for presentation when the convention is called to order on the following day.

Work on the seating arrangements in the convention hall and the elaborate system of decorating was actively pushed Sunday, and a large force of men was hard at work early yesterday placing the thousands of seats for the delegates, alternates and visitors. The seats in the galleries are of a permanent character and are already installed, and it is only upon the main floor, where portable seats are used, that work of yesterday was being carried on. Although the convention arrangements are far advanced and the entire work of preparation seems to be thoroughly in hand, much energy has been spent on the completion of the electric light system throughout the Auditorium to meet any possible call that may be made for all-night work, if there should be any unexpected or unforeseen delay in completing the decorations. The matter of seats of the

FIRE Insurance Rates REDUCED

Seventeen old reliable Stock Companies and five Mutuals. Take your choice. Call and investigate. Any competition met, in companies that have had an experience of from 25 to 100 years.

Strengthens the stomach, aids digestion, and purifies the blood, restores vitality, restores the appetite, and is the best medicine for anemic, pale, nervous and dyspeptic men, women and children, and all sufferers from the effects of the strenuous life of today. Price 50c. or \$1.00. Sold by mail, C. I. Hood Co., Lowell, Mass. If made by Hood's Goods.

ANTI-INUNCTION PLANK LOOKED FOR BY BLACK

Washington Judge Gives His Opinion After an Hour's Conference With Bryan at Lincoln.

Lincoln, Neb., June 30.—After an hour's conference with William J. Bryan yesterday, Judge W. W. Black of Everett, Wash., delegate to the national Democratic convention at Denver, declared that he believed the national platform would contain a strong anti-injunction plank.

John W. Kern of Indiana was the only candidate for the vice-presidency mentioned by Judge Black.

The members of the Illinois delegation to the Democratic national convention visited William J. Bryan at Fairview yesterday.

The party, bound for Denver in automobiles, had a most discouraging experience on the trip to Lincoln. Rain and mud impeded the progress of the machines.

"Will you support the good roads plank at the Denver convention?" asked Mr. Bryan.

"We are unanimously for it," answered one of the members of the delegation.

HUGHES SUSTAINS LEARY.

The Superintendent of Elections Upheld.

Albany, N. Y., June 30.—Governor Hughes has dismissed as not sustained by the evidence, the charges and demand for removal from office brought by a committee of the Independence League against William Leary, state superintendent of elections for the metropolitan district. The charges alleged inefficiency in the conduct of his department, especially in connection with the municipal election in New York City last November.

THE NATION'S EDUCATORS HAVE A SPELLING BEE.

Between 20,000 and 30,000 Teachers Are in Cleveland.

Cleveland, Ohio, June 30.—A meeting of the council of the directors and a spelling contest were the opening features of the forty-sixth annual convention of the National Education association, which began here yesterday. The estimates as to the attendance vary from 20,000 to 30,000. It is believed fully 50,000 school teachers will be here by tomorrow.

Yesterday afternoon the program consisted of music, an address of welcome by the mayor, a response by William O. Thompson, president of the Ohio State university, Columbus, Ohio, and a report upon the education progress of the year by President Charles F. Twining of Western Reserve university of Cleveland.

LIBRARIANS AT BURLINGTON.

Annual Meeting of State Association Opened Yesterday.

Burlington, June 30.—The State Association of Librarians has its annual meeting yesterday and today. Yesterday papers on "Work with Schools," by Mrs. Albia Doten Chamberlin of Abbott Memorial library, Pomfret, and on "The School and the Library," by Charles H. Morrill, principal of the Randolph normal school.

In the afternoon at Billings library a round table was conducted by Miss Francis Hebert of Cambridge, and the topic of raising money for libraries, books for men, books for children, branch libraries and buying books was taken up and discussed by experts.

This evening Melvil Dewey, founder of the New York state library school, will speak on "The Librarian's Share in the World's Work."

Yesterday's American League Scores.

At New York, Boston 4, New York 1. At Philadelphia, Philadelphia 4, Washington 0.

Yesterday's National League Scores.

At Boston, Philadelphia 9, Boston 2. At Brooklyn, Brooklyn 11, New York 7.

At Cincinnati, Cincinnati 5, Chicago 3. At St. Louis, St. Louis 5.

Table with columns: National League Standing, Won, Lost, Pct. Rows include Chicago, Pittsburgh, New York, Cincinnati, Philadelphia, Boston, St. Louis, Brooklyn.

If you want a tight roof and one that can be easily kept in repair, insist upon using Carpenter-Morton Roofing. This roofing is made from long fibre wool felt, treated with natural asphalt. Nothing else is equal to it for durability. Mr. E. L. Clark carries a large stock of this roofing and sells it under an absolute guarantee of satisfactory results.

HIGHEST FOR FORTY YEARS

Government Expenses for 1908 \$659,000,000

EXCEED FIGURES OF YEAR

Before by About \$80,000,000—Largest Postal Deficit But One, \$13,500,000—Rural Delivery Service This Year Will Cost \$25,000,000.

Washington, June 30.—The forthcoming statement of the treasury receipts and expenditures for the fiscal year ending June 30, 1908, will show a marked falling off in the receipts, as compared with the year 1907, and a large increase in the expenditures. The disbursements for the year will be shown to have aggregated but \$659,000,000, or \$80,000,000 more than for 1907, and \$4,000,000 more than for any other year since 1865, not excepting the Spanish war period. The Panama canal during the closing year will have cost the government \$38,000,000, as against \$27,000,000 for the year 1907, and the work this year in connection with the reclamation of the public lands will be shown to have cost about \$13,000,000, which is not far from last year's figures. The deficiency in the postal revenues for the present year will probably reach \$13,500,000, as against \$7,500,000 for 1907. This is the largest postal deficit in the history of the government, except in 1905, when it reached nearly \$18,000,000. The records show that there has been a postal deficiency every year since the establishment of the service, with the exception of twelve, when small surpluses were shown. The expense of the rural free mail delivery this year is not expected to fall below \$25,000,000. The decrease in the amount of receipts of \$4,000,000 and the increase in the expenditures of \$80,000,000, make a difference against the treasury for the fiscal year of \$144,000,000.

MEXICANS LUNCH WITH THE PRESIDENT.

No Particular Significance in Their Presence, According to Secretary Loeb.

Oyster Bay, June 30.—Assistant Secretary Bacon lunched with the president at Sagamore Hill yesterday. With him came Senator Manuel Calero of Mexico City and Mayor Marta Molina of Vera Cruz, Mex. Secretary Loeb, when he announced the luncheon guests, declared the visit of the Mexican senator and mayor had no particular significance, and that Secretary Bacon was coming for no other purpose than to pilot Senator Calero and Mayor Molina up to Sagamore Hill and attend to the introductions.

Caspar Whitney and Dr. Albert, magazine editors, and Col. William L. Marshall, who built the Ambrose channel, were also guests of the president. Mr. Whitney was asked to come down to talk over the African experiences in order that Mr. Roosevelt may avail himself of the seasoned explorer's store of knowledge while planning the big hunt that is to follow his retirement from office.

Secretary Loeb emphatically denied yesterday that Secretary Root had visited Sagamore Hill Sunday.

"Now that Secretary Root is at Mul-doon's," said Mr. Loeb, "I suppose we shall hear every day that he has made a secret visit to the president. As a matter of fact, Secretary Root has no appointment to meet the president now or in the future, and we do not expect him on this side of the sound."

CALIFORNIA LIMITED DITCHED; THREE DEAD.

Strikes Burned Bridge Over Gully Sixty Feet Wide.

Winslow, Ariz., June 30.—The west-bound California limited on the Santa Fe was wrecked last night near Harly, twelve miles east of here, killing two trainmen and a passenger, and injuring about twenty persons, only nine of whom are said to have required hospital treatment.

While going at a good rate of speed the train struck a burned bridge extending over a deep ditch sixty feet wide. The engine, mail car, accommodation car and diner fell into the ditch. The fireman and engineer were buried under the wreckage.

SEVEN KILLED BY TORNADO.

Sixty Hurt in The Storm in Minnesota.

St. Paul, Minn., June 30.—Specials from Graceville, Minn., give additional details of the tornado that struck Clinton, a town of four hundred inhabitants in the western part of Minnesota, late Saturday afternoon, killing seven persons. The dispatches say that over sixty were injured, but that only eleven were seriously hurt. Thirty-three houses in Clinton were destroyed and twenty-five were practically ruined. Two hundred people are homeless and scores are destitute of clothing, and outside aid is needed.

Chronic Cases of Piles.

You may have had piles for years and have tried so many "remedies for piles" that you have given up all hope of cure. Just try Hill's Pile Ointment and you will surely get rid of your piles. Eases the suffering in 15 minutes or less. Guaranteed to cure or your money back. Your druggist has it—get it today. D. F. Davis.

TRUES ELIXIR

Dr. Trues' Elixir... It is safe, pure, vegetable and has been the standard household remedy for 57 years. Sold by all druggists, 35c. 50c. \$1.00. Dr. J. V. Trues & Co., Ashburn, Va.

ZU EULENBURG IS CARRIED TO COURT.

Prince Charged With Perjury—His Trial Held Behind Closed Doors.

Berling, June 30.—The trial of Prince Philip Zu Eulenburg for perjury and inciting another person to commit perjury began yesterday. The accused, accompanied by his wife and two sons, arrived at the court in a closed carriage. Apparently he was in the most unfeared condition. He had to be carried into the building. In the court room the judge permitted him to sit in an arm chair, propped up with cushions. A physician will remain in attendance upon him throughout the trial.

The court room was crowded. Only holders of tickets were admitted.

After the witnesses had been sworn and had identified the accused, the judge announced that further proceedings would be held in camera and the court was cleared.

OVERCHARGED FOR WASTE.

Evidence in the New York Trial of the Standard Oil Company.

New York, June 30.—When the government's suit against the Standard Oil Company was resumed yesterday, Frank B. Kellogg, attorney for the government, introduced in evidence a letter accusing a subsidiary of the Standard Oil company of charging a railroad three cents more than the market rate for cotton waste. The letter was signed by Theodore H. Curtis, superintendent of machinery for the Louisville & Nashville railroad and complained to the road's general manager that the Franklin Manufacturing company, a Standard Oil concern, was charging the line twelve cents a pound for cotton waste, against open market quotations of nine cents.

THEY MEAN IT.

No one should suffer a moment longer with piles, for Dr. Leonard's Hem-Roid will cure any case.

A guarantee for \$1,000.00 goes with every package of the Hem-Roid. No matter what kind you have, blind, bleeding, internal, external, itching, or suppurating, Dr. Leonard's Hem-Roid will cure you.

This is a strong statement but it is supported by a thousand testimonials from those who have been permanently cured by Hem-Roid.

If you are not cured you get your money back. \$1.00 at Rickett & Wells, 160 North Main street, Barre, Vt., or Dr. Leonard's Co., Station B, Buffalo, N. Y.

THE N. D. PHELPS CO.

TROUBLE IS SERIOUS

Troops Hurried to Meet Grave Situation in Mexico

RAIDERS ARE CRIMINALS

Says Mexican Government—Bandits Operating With the Insurrectionists Between Jara and Torreon—People in Terror.

City of Mexico, June 30.—The international troubles in Mexico which developed several days ago along the northern border of the republic, have developed serious features. Yesterday the storm was centered around the city of Torreon and in the country between that place and Jara, where bandit bands are operating in conjunction with the insurrectionists. Government troops are rushing to the scene. Already 1,500 federal soldiers have reached Torreon to reinforce the garrison there, 200 more have reached Puerca and in Chihuahua soldiers are patrolling the streets and the public houses and jails are heavily guarded.

In view of the latest developments Ambassador Creel, the Mexican representative at Washington, who has been here on what promised to be a long leave of absence, has been instructed to return to the American capital without delay. He will leave at once for Washington. It is understood to be the belief of the Mexican government that the rebellion now in progress was started by a band of agitators who long have made their headquarters in the United States.

On this ground, Ambassador Creel will appeal to the United States authorities to assist in apprehending some of the revolutionists, particularly those who were concerned in the attack on Las Vacas. The request will be made also that if any of the ringleaders in the movement are captured in the United States they may be tried in the courts of that country on charges of violating the neutrality laws.

At Las Vacas, where the first serious attack was made, the government has gained the upper hand. Troops are now in complete control of the situation in that city, the rebels and bandits who composed the attacking force having been driven back to the mountains. They will not be permitted to rest there undisturbed, however, as the government proposes to make an example of its foes as an object lesson to others who might join the movement in other sections. To this end a large force of cavalry has been sent into the hills on the heels of the fugitives and the chase is now in progress.

It is the view of the Mexican government that Mexican citizens who were concerned in the recent raids are irresponsible bands of agitators and that the contentions to the contrary, on the ground that their acts were committed in furtherance of a revolutionary movement, will not hold.

WILL BUY ROAD ROLLER.

Second Village Meeting at Randolph Refuse to Rescind Previous Action.

Randolph, June 30.—The special village meeting called for last evening for the purpose of rescinding the vote to purchase steam road roller and reduce water rates was largely attended. O. J. Mascott was chosen moderator and V. I. Spear clerk, when the attendance increased so rapidly that all could not gain admittance to the high school building in which the meeting was being held and they adjourned to the Parish house for business. A vote was called to reconsider the vote at the last meeting, but it was declared by vote of large majority not to reconsider and the trustees are still authorized to purchase a steam roller. The meeting was adjourned without action in regard to reduction of water rates.

The Tactful Lamp.

In the parlor there were three: Girl, the parlor lamp and he. Two is company, no doubt; That is why the lamp went out. —Princeton Tiger.

UNTOLD INJURY.

To Barre People, as It Is Elsewhere Throughout The Land.

Neglecting a bad back. Not trying to reach the cause. Brings untold injury to the human system. Following in the wake of backache. Are urinary disorders, diabetes, Bright's disease. Let a Barre citizen tell of a Barre cure. F. A. Beede, of East Barre, Vt., says: "I was bothered with a constant lame-ness across my back and kidneys. I was very restless at night and when I awoke mornings I felt more tired than when I went to bed. I saw Doan's Kidney Pills highly recommended for such troubles and went to E. A. Brown's drug store for a box. They proved to be just what I needed. It was not long before the lameness left my back and I could sleep well nights. Doan's Kidney Pills cured me, and I shall always be glad to tell people of my experience with this remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Keep the Kitchen Cool

Why swelter over a glowing range in a stuffy kitchen, when a new Perfection Wick Blue Flame Oil Cook-Stove will do the family cooking without raising the temperature enough to be noticeable?

By putting a "New Perfection" in and allowing the range fire to go out, you may make this summer's kitchen work not only bearable, but actually a pleasure. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

produces an intense heat under the kettle or in the oven, but does not radiate heat in all directions as a coal range does—hence is used with comfort on the hottest summer day. Made in three sizes, and warranted. If not with your dealer, write our nearest agency.

The Rayo Lamp

comes as near lamp perfection as possible to get. Gives a clear, bright light that reaches the farthest corner of a good sized living-room. Well made throughout of nickel-plated brass; perfectly safe and very ornamental. Warranted in every particular. If not with your dealer, write our nearest agency. Standard Oil Company of New York (Incorporated)

MUST FACE GRAND JURY.

Men Said to Be Concerned in Alleged "Boston Agreement" Held.

Boston, June 30.—Waiving examination in the municipal court, George P. Bullard of the Eastern Expanded Metal company, David H. Andrews, president of the Boston Bridge works, and Charles N. Pitts, secretary of the New England Structural company, were held for the grand jury by Judge W. A. Bolster yesterday, on the charge of conspiring to defraud the city.

Four other defendants, Alfred E. Cox, treasurer and manager of the Atlantic works, and a former member of the governor's council; John E. Lynch, general manager of the Hodge Boiler works; Duncan D. Russell, treasurer of the James Russell boiler works, and Charles F. Koopman, jr., of the Cunningham Iron works, who are charged with conspiracy to defraud the city were placed on trial.

These are the cases in connection with the alleged "Boston agreement," the claim of the prosecuting officials being that these seven defendants submitted collusive bids on work done for the city, and that the bidder to whom the contracts were awarded re-negotiated the other parties to the alleged collusion. It was in reference to this case that President Roosevelt devoted a considerable portion of a recent message to Congress.

At yesterday's trial, Assistant Corporation Counsel James H. McLaughlin appeared for the prosecution and Samuel J. Elder represented the defendants.

WILLING TO HELP.

Our Government Anxious for Preservation of Neutrality.

Washington, June 30.—The state department is carefully watching the developments in the insurrectionary situation along the northern border of Mexico. The officials feel that the international aspect of the trouble will be adjusted satisfactorily and every effort will be made for the preservation of neutrality.

The expected return of Enrique Creel, the Mexican ambassador, probably will be followed by conferences between him and Acting Secretary of State Adee, which are likely to be productive of much good in the maintenance of the closest possible relations between the two governments in the matter.

Attention has been given here to the allegations that those responsible for the present insurrection propaganda used United States domain as their base.

The punishment for the violation of neutrality laws is provided in section 5,286 of the revised statutes, which provides that every person who within American territory begins, sets on foot or assists any military expedition or enterprise against any government with which the United States is at peace is subject to a fine not exceeding \$3,000 and imprisonment for not more than three years.

CAUTION IN PHILIPPINES.

No Hurry on Autonomy, Says Assemblyman Quezon.

St. Petersburg, June 30.—Manuel Quezon, the Filipino assemblyman, Mr. Rogers, his secretary, and Mr. Kalaw, editor of the Manila Renacimiento, have finished their study of the Douma and have left here for Berlin and Paris. They also will visit Switzerland and Egypt before returning home. The Filipinos attracted much attention in the Douma. They met a number of the leaders of that body. Their trip was undertaken at the initiative of the war department at Washington, with the object of broadening the outlook of the Filipino leaders. Senator Quezon was greatly impressed by his observations of the Russian policy toward Poland and Finland, the severity of the police regime, and the results of the policy of the first and second Doumas. He spoke of the advantages of the American attitude toward the Philippine islands and of the necessity of the Filipinos going slowly and carefully in the development of legitimate autonomy. He sympathized with the position of the Philippine assembly for an independence, but he said that he feared this resolution would have an unfavorable effect on American opinion.

Rural Telephone Service.

Under a new plan for rural telephone service proposed by the Vermont Telephone and Telegraph company, owners of farms, country homes or city business people, clubs, camps, stores, etc., in places having a population of 200 or less, can have telephone connections with the general system of New England at very moderate cost. The principal features of this plan are the construction of local lines by subscribers themselves and connection with the nearest central office of the Vermont Telephone and Telegraph company, which makes a charge of 50 cents per month for residences and 70 cents per month for places of business, to cover the cost of operating. The subscribers get unlimited communications with all the subscribers of the exchange with which they are connected, and extend to the toll lines covering all New England and the eastern part of the United States. This arrangement is of peculiar advantage to subscribers for more neighbors may club together, cut their own poles, do their own work of construction, buying only wire, glass insulators and brackets, purchase their instruments outright or lease them from the company if preferred. This plan enables residents of localities too remote for remunerative development by the Vermont Telephone and Telegraph company to obtain telephone service as good as that of nearby towns and cities, and at moderate cost.

WERE STUFFED.

Hearst's Lawyer Shows 34 Votes in Excess in "Little Tim" District.

New York, June 30.—The mayoralty recount trial was resumed yesterday in the supreme court with Justice Lambert on the bench and the jurors in their seats in the jury box. The actual recounting of the ballots came to an end on Thursday night and gave to Hearst an unofficial gain of 869 votes, reducing McClellan's plurality to 2,965. At the outset, yesterday, Clarence J. Shearn began his attempt to prove his assertion that in many election districts there were more ballots in the boxes than the number of enrolled voters in the districts. He asserted that many of the ballot boxes were stuffed. In his effort to establish this assertion, Mr. Shearn caused to be produced before the court for examination the poll books for the respective election districts. There were 150 of these books before the court when the session began. The first poll book which Mr. Shearn put in evidence to establish his assertion of ballot-box stuffing was from the 8th electoral district of the 8th assembly district of which "Little Tim" Sullivan was the Tammany leader in 1905. He called to the witness stand Ernest Edmund Murray, an expert accountant. Murray testified he had examined the poll book produced by Mr. Shearn. He testified that he found 280 voters names entered with their addresses and the number of ballot voted by each. He said that he found 79 additional names in the poll book without addresses and without a ballot number opposite those names. The recount showed that 393 votes were cast in this district. With the 79 names added to the 280 made 359. Mr. Shearn said this showed that, setting aside the 79 improperly enrolled names for the present, that there was an excess of 34 ballots in this box.

WOMAN ATTORNEY'S FEE \$50,000.

Won Suit Involving Distribution of \$3,000,000 Estate.

Chicago, June 30.—A Chicago woman attorney has just received a fee of \$50,000. She is Miss Mary E. Miller, who successfully prosecuted a suit on behalf of the grandchildren of the late William Ross for the distribution of the \$3,000,000 estate left by the decedent.

How She Struck Him.

"You have been staying with James lately, haven't you, John?" "Yes."

"They say his new wife has an awful temper. How did she strike you?" "With anything that came handy."—Baltimore American.
