

# BIG GUNS IN NEW YORK

## Busiest Week of the Entire Campaign

### HALF A DOZEN SPEECHES

Both Parties' Great Spellbinders Have Been Drafted—Taft Opened His Work for the Day in New Haven.

With election day only a week away, the leaders of all the political parties yesterday started out in the final effort of what is expected to be a sensational finish of the national political campaign. New York is the real battleground, in the opinion of the campaign managers, and there were gathered practically all the heavy ammunition of all the parties. William H. Taft and William J. Bryan, who came in from stumping tours Sunday, spent the night in the city, and both were of hard work. Mr. Bryan's schedule for the day provided speeches in half a dozen towns and a long formal address at the big mass meeting in Madison Square Garden last evening. Mr. Taft had a mid-day engagement in New Haven, but he returned to New York in the afternoon and delivered a number of addresses before midnight. He will devote the entire week to New York state. In addition to Mr. Taft and Mr. Bryan, hundreds of speakers will appeal to voters of all classes throughout the state for the remainder of the week. They include party candidates for governor, members of President Roosevelt's cabinet, United States senators, members of Congress and just plain political spellbinders. Vice presidential candidate Sherman also is scheduled for a number of speeches in

## UNIONS COME OUT FOR BRYAN.

Executive Council Passes Resolutions Pledging Support. New York, Oct. 27.—For the first time since President Gompers and the executive council of the American Federation of Labor started his campaign to "support the friends and defeat the enemies of labor," it was admitted yesterday by the representatives of Gompers at the meeting of the Central Federated Union that the Gompers campaign was in support of Bryan and the Democratic party and against Taft and the Republican party. This admission was made after an uproarious scene following the reading of a circular from Gompers asking the body to hold a mass meeting on Saturday evening or Sunday evening next in support of the campaign policy of the A. F. of L. Resolutions for the support of Bryan and the Democratic party and calling a mass meeting to be held next Sunday evening in Grand Central Palace, at which Gompers will speak, were passed amid wild uproar after a number of delegates had begun to leave the hall, while several delegates entered their protest against it. The meeting was unusually well attended. A circular from President Gompers and other officers of the American Federation of Labor was read containing the political program of the American Federation of Labor declaring that the Republican party at its convention had snubbed the representatives of labor when it asked to have the anti-injunction plank of the American Federation of Labor embodied in its platform, while the Democratic party at its convention had not only welcomed the Gompers delegation, but granted all labor's demands and embodied them in its platform.

## HASKELL STATEMENT DENIED.

Department of the Interior Declares His Charges Deliberate Untruths. Muskogee, Okla., Oct. 27.—A statement has been received at the office of the commissioner of the Five Civilized Tribes from the interior department at Washington, with instructions to publish the same for the information of the Osage Nation, directly concerned, and the Five Civilized Tribes, incidentally interested, and to take every necessary step to bring it to the notice of the individual Osage Indians. The statements are an answer to Governor Haskell's recent charges, and for the information of the Indians of the Osage Nation, and says: Governor Haskell's recent open letter to the president charges that the president acted unfairly to the Osage Indians in the matter of fixing the royalty for the lease of their oil lands to the Indian Territory Illuminating Oil company. Governor Haskell's statements are deliberate falsehoods; nor does he suggest a possible remedy. As his disregard of truth is wilful, no reply will be made to him personally, but President Roosevelt and Secretary Garfield wish that the Osage Indians should know the truth about these matters, in order that they may not be deceived by Governor Haskell's false statements. For this reason they send to the Indians the truth about each of the charges he makes. The statement takes up Haskell's charges in detail and analyzes them to show their "deliberate untruth."

## ON EACH CHEEK.

Two Women Kiss Bryan, Another One Tries To.

New York, Oct. 27.—When William J. Bryan entered the Astor gallery at a reception of the Women's Democratic club at the Waldorf-Astoria, he was kissed by two women in the presence of nearly 700 others and narrowly escaped the embraces of a third. Mrs. Bryan was present. Mr. Bryan displayed some embarrassment.

## HUGHES CONTINUES CAMPAIGN.

His Throat, Which Has Troubled Him, Is Much Improved. Albany, N. Y., Oct. 27.—Governor Hughes started from here yesterday on his final tour of campaign before election. He said that his throat, which had been a source of much trouble to him, was much improved.

## Mack Claims More States For Bryan.

New York, Oct. 27.—Norman E. Mack, chairman of the national Democratic committee, received a telegram from the headquarters of that committee at Chicago yesterday declaring in addition to his forecast of the Bryan vote published yesterday, the following states are reasonably certain to cast their electoral vote for Mr. Bryan: "Wisconsin, Iowa, Illinois, Utah, Oregon and Washington."

Commenting on the president's letter to P. H. Grace of Binghamton, Mr. Mack said he guessed the president was trying to keep the minds of the people off their demand to open the books of the administration, especially the Panama books.

Bryan Predicts Close Vote in New York State.

Yonkers, N. Y., Oct. 27.—W. J. Bryan spoke at two large meetings here. Mr. Bryan told his auditors that he felt that the result in this state would be close.

Metcalf III and Will Be Unable to Speak.

Washington, Oct. 27.—Because of ill health Secretary Metcalf has been obliged to cancel his engagement to address a political gathering at Charleston, W. Va., next Friday. He is confined to his bed, and it will be some days before he will be able to get out.

# "MORSE BUSTED THE BANK"

## Curtis's Words Previous to Failure

### THE TESTIMONY GIVEN

By Government Witness—Directors Not Consulted on Loans—Neither Did Institution Have Committee for the Purpose.

New York, Oct. 27.—A. H. Curtis, president of the National Bank of North America previous to its failure, said to one of the vice-presidents, W. W. Lee, on Oct. 16, 1907: "Well, Morse has busted the bank."

This remark was repeated yesterday by Mr. Lee when he was called as a witness for the prosecution at the trial of Curtis and Morse before Judge Hough in the criminal branch of the United States court.

It was also shown at the same session of the court that during the Morse-Curtis control the directors of the National Bank of North America had no loan committee, and the directors, as a board or as individuals, were never asked to approve or disapprove the many loans made to Morse to enable him to carry on his speculative deals in ice and smelters and to put through his ship trust deals.

Charles W. Schwab, W. F. Havemeyer, John W. Gates, and R. M. Johnson, former directors of the bank, were all in court, waiting to be called. It was on Oct. 16, when Curtis said to Lee, "Morse has busted the bank," that Morse was allowed to withdraw his account \$210,000. After the loss of business that day Morse borrowed \$211,000 from the bank to square his account with it.

"I stayed at the bank until seven o'clock that day," said Mr. Lee. "At four o'clock Curtis came to me and said, 'Well, Morse has busted the bank.'"

"What did you do after their conversation with Curtis?" asked Mr. Wise, the assistant United States district attorney.

"I asked Curtis what Morse had said to you," he replied.

"He replied that Morse had said, 'Oh, Curtis, don't say that.'"

"What did you do after their conversation with Curtis?" asked Mr. Wise.

"I examined the books to see how the Morse matter stood."

"Did you find any record of a loan of \$211,000 to Morse made on that day?"

"Not then."

"Did you make such a loan?"

"No."

"What happened at the bank that afternoon?"

"I saw Morse and Curtis come upstairs from the safe deposit vaults with an attendant who was carrying two tin boxes, containing securities, which they examined."

"Did you see a record of the loan of \$211,000 later?"

"Yes, it appeared on the loan sheet later."

That loan, as already brought out, made the total of Morse's obligation to the bank on Oct. 16, 1907, \$500,000. The defense tried to show yesterday that the bank was amply secured, and they put in evidence a list of securities, valued at \$701,140, which was shown to the directors on Oct. 20. But under red-

## SMOKE HAZE CLEARS.

Ships Able to Sail From Montreal After Week's Delay.

Montreal, Oct. 27.—For the first time in a week the atmosphere here cleared sufficiently this morning to allow outgoing steamships to proceed on their way. Fifteen steamships bound for half as many British and continental ports sailed, from three days to a week behind their schedule.

A gentle though persistent rain in the mountains north of Montreal has suspended down the forest fires, though the danger is by no means past.

## HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol, Glycerine, Etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is now no longer a secret that oil of wintergreen mixed with thymol, glycerine, etc., makes a wash that is found to cure.

Old, obstinate cases, it is true, cannot be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or oil of wintergreen compound. It is made by the D. D. D. Co., of Chicago, and our long experience with this remedy has given us great confidence in its merits.

Defense of Yellow Dog Made Ex-slave Oldest Prisoner in Land; Story of Another Kindness Won Release.

Providence, R. I., Oct. 27.—David Hill tottered out of the police court yesterday a freeman. The kind heartedness of 99-year-old ex-slave had brought him before the tribunal and a simple little story of a generous act of his years ago, when related to the judge by Attorney Thomas F. West, brought him probation after he had been found guilty of revealing a charge raised on a technicality in a city ordinance.

Hill, so far as the records show, the oldest person ever arrested in the United States, passed Sunday, as he had the greater part of Saturday, in a cell at the central police station, all on account of his affection for an onery yellow dog, on which the old man had set his affection and abuse of which he had resented with such forceful language that he fell into the police net on Friday evening.

On Saturday he was arraigned before Judge Lyman. Pleading not guilty, in default of \$100 surety, he was held for trial until yesterday.

The police presented three witnesses, and Hill was found guilty of revealing. Attorney West, an old soldier, informed the court that he had known Hill for many years, and that he had fought for the North in the Civil war and now had no friend excepting his old dog.

He said that two years ago, but for kindness of the old negro, who had earned the money by doing chores, a poor woman and her two children would have starved.

Hill's age is authentic. He has been in Providence for two generations, and, despite his age, has been an active worker as a chore man.

## THOUSANDS OF SHEEP PERISH.

Six Herds Missing in Storm in New Mexico.

Santa Fe, N. M., Oct. 27.—Twenty thousand sheep grazing on the Cumbers mountain range in Rio Arriba county, 140 miles north of here, are reported to have perished in the blizzard which raged in that section during the last three days. The storm is the worst in years, and snow is from five to ten feet deep. Besides the great loss of sheep, six herders are missing and it is believed they were also frozen to death.

# HAINS PLEAD NOT GUILTY

## The Captain's Defence is Announced as Insanity

### NO DATE SET FOR TRIAL

Justice Garretson Passes Case Up to the Justice Who is to Preside at the November Term for Final Action.

New York, Oct. 27.—Judge Garretson, in Flushing, L. I., yesterday denied the application for the dismissal of the indictment against T. Jenkins Hains, who is charged with being both principal and an accessory before the fact, in the murder of William E. Annis last summer. Such an indictment was not defective, he said, according to the penal code.

Hains was thereupon called to the bar to plead and counsel entered a plea of not guilty for him.

On behalf of his brother, Capt. Peter C. Hains, who is charged only with being a principal in the murder of Annis, counsel next entered a plea of not guilty, but added at the time of the commission of the alleged crime that Capt. Hains was insane.

Judge Garretson refused to set a date for the trial, saying that duty should devolve upon the judge who is to open the November term of court.

Then the two prisoners were taken back to jail. T. Jenkins Hains, with his beard cut off, lacked none of the coolness that has characterized his demeanor heretofore.

## COAL LAND CASE NOV. 4.

The Supreme Court Set the Date for the Hearing.

Washington, Oct. 27.—The supreme court of the United States yesterday fixed January 4 as the date for hearing the argument in the commodities clause case, which involve the constitutionality of the clause of the Hepburn rate law prohibiting railroad companies from carrying commodities of their own production.

## MONTGOMERY FOUND GUILTY.

Prosecution Quickly Finishes in Pittsburgh Bank Case.

Pittsburg, Pa., Oct. 27.—The trial of former Cashier William Montgomery on the charge of embezzling and abstracting \$400,000 from the wrecked Allegheny National bank was resumed yesterday, and soon went to the jury.

The state's examination of witnesses was over, and the cross examination was not drawn out.

The jury found Montgomery guilty. He was immediately placed on trial on a third and last indictment charging him with the misapplication of \$144,000 in bonds.

## SENTENCED TO DIE.

Leaders of Mexican Raiding Party to Be Shot.

El Paso, Tex., Oct. 27.—Mexican revolutionists who raided the town of Victoria, Mexico, last June, have just been tried at Fort Bliss. The two leaders were sentenced to be shot, and twelve accessories were each sentenced to fifteen years in the penitentiary.

The men attacked the town, pillaged the federal post office, killed a policeman and burned a railroad bridge last June.

### AMBASSADOR TO ROME

#### In Rude Form Demands Guarantees from Ally That Abandonment, as at Algiers, Be Not Repeated.

Milan, Oct. 27.—The Secolo prints a report that Albert Pansa, the Italian ambassador at Berlin, has suddenly left for Rome to submit to the Italian government an important communication received by him from Chancellor von Buelow with reference to the proposed European conference.

It is said that Germany does not wish to play this time the part that Italy made her play at the Algiers conference, and has demanded guarantees of Italy's attitude should the conference be held.

The demand is couched in a form so rude that Ambassador Pansa is said to have deemed it prudent to go personally to Rome in order to convey his impressions to the government.

Berlin for Conference Only on Austria's Terms.

Cologne, Oct. 27.—The Cologne Gazette, in what is believed to be an inspired statement, sets forth Germany's attitude with regard to the proposed European conference. The Gazette says Germany will participate in the conference on certain conditions:

First, that Austria-Hungary shall participate, as without her a conference would be impossible. Second, that the powers shall have previously agreed upon all points of the program and that guarantees shall be given that no decisions shall be reached by the conference to the further detriment of Turkey.

The statement concludes by saying that Germany's friendly attitude of ally toward Austria precludes her exercising any pressure upon her as regards the conference.

## POUREN IS REARRESTED.

### Russian, However, Is Free For a Moment.

New York, Oct. 27.—Jan Janoff Pouren, the Russian refugee who has been in jail here many weeks awaiting the outcome of proceedings brought by the Russian government to have him extradited to Russia to answer charges of arson, attempted murder and burglary, had one minute of freedom yesterday. It came about through a letter received by United States Marshal Henkle from Assistant Secretary of state Adee informing him what the state department had declined to issue a warrant for the surrender of Pouren to Russia. Pouren was promptly discharged from custody and thanking the marshal when he was rearrested.

New warrant was issued by Judge Holt upon application of counsel for the Russian government. The prisoner later will be arranged before United States Commissioner Hitchcock, who has been substituted for Commissioner Shields in the second extradition proceedings.

## SAVED BY POLICE.

### Seven Persons Are Rescued from New York Fire.

New York, Oct. 27.—Seven persons were saved from death in a fire at No. 1932 Bathgate avenue, Bath Beach, at 2:15 yesterday morning by the police.

The house is one of a row of three-story buildings directly opposite the police station. As the reserves were being lined up before Lieut. Fogarty prepared to being relieved from duty they heard cries of "fire." The policemen ran through the flaming hall, but were driven back with their uniforms on fire. They crossed another roof to the flaming building and broke in the scuttle, which had been securely locked.
