Without exaggeration, the show at the Bijou theatre is far beyond the realms of mediocrity. "Bear Hunt in Canada," is one of the most natural, true to life pictures ever made. It shows the actual killing of a real live bear away up in the mountains. One who ever went hunting to any extent will fully appreciate this very vivid picture. For a beautifully colored and highly artistic picture, "Pierrette's Tailor" is not to be compared with many. The song is a sweet thing, equalled by very few present day popular songs. If ever a theatre gave five cents' worth, the Bijou theatre is doing it to-day.
