The 20th Century Divan Bed

Public Demonstration in our show windows on Monday evening.

The 20th Century was given this name for the reason that it embodies more modern ideas than any other convertible bed ever made.

It is of neat design and occupies the smallest amount of room by day. It is simple in its operation and strongly made. Has no catches, locks or bolts. Is a perfect bed at night, having a National steel spring on a steel frame and a mattress of cotton felt. Make a special effort to see the working of this Divan. You will want one sometime.

A TWO WEEKS' SALE

THIS is an Advertisement of value to you that you can trust—from a store that you can trust. As you well know it is not the custom of this Store to hold Sales. We, believing that as they are usually conducted they are unsatisfactory to the customer and demoralizing to good business policy, therefore we feel we should make an apology and give a reason for this Sale. The warm weather all the Season and the generally quiet business has left us with a surplus stock on our hands, and we are willing to sacrifice our profit to reduce our stock and turn it into money.

We always give full Value for money received. We never claim to give two dollar values for one dollar, although our prices are always as low as first-class merchandise can be bought for. Our first consideration is QUALITY. We never buy seconds, bargain goods, or goods manufactured for Sale purposes, therefore this will be a genuine saving on every purchase you make. In no case will the price be changed from what the goods have sold for up to this time—we do not mark them up before marking them down. We will give a straight discount of

20 Per Cent or 1-5 Off

from our regular price (all prices in plain figures) on everything in our stock except overalls and overall coats. This Sale will include our Fur and Fur Lined Goods, of which we have a fine selecton.

We have a few Suits—old style but of first-class material to sell at one-half the original price—suits that will give excellent wear at a very low price.

ALL GOODS SOLD FOR CASH.

We will have extra salesmen and will give you our best attention.

Cleanliness is the First Law of Nature

Cleanliness is the first law here. We insist on everything being kept neat and clean. Our Meat Department is kept as sweet and clean as your own pantry. We handle only the best of meats. Our lard room is kept as sweet and clean as any dairy room. The room is whitewashed often and everything is cleaned with steam after being used. Our Ham is smoked in an air tight steel closet in the same room.

We take special pains in our Bakery Department. We have the cleanest and the best bakery in this state. Our bread dough is mixed with an electric power Day mixer, instead of the old-fashioned and unsanitary way of mixing by hand. All our pastry making is done in a clean and sanitary manner. We think our Grocery Department is the cleanest and most up-to-date in the state.

All these departments are open to your inspection. In fact we are glad to have you inspect them.
