Every woman should know

that in the Comforts and Economics it bestows

to other article ever made (at the same cost) equals a Bissell "Cyco" Bearing Sweeper. The Bissell has displaced the dust pan and the corn broom, two primitive instruments of torture; has robbed sweeping day of its terrors, has made sweeping a pleasure instead of a drudgery, has given housewives and servants time for other more agreeable tasks, by performing the work of sweeping in one quarter the time the corn broom requires and with 95 per cent less effort. The Sweeper confines all the dust, thus protecting the furniture, draperies, curtains, bric-a-brac, etc. If there exists today a positive menace to the health of the entire family, it is the clouds of dust raised by the corn broom, which permeate every nook and corner in the home. The very latest improved "Cyco" Bearing Bissell sweeper can be bought at a low price and will last longer than fifty brooms. Why sacrifice health, comfort and convenience because of so slight an investment.

### GOING SOME

Goods that we advertised in our last ad. evidently were just what a part of the trade were looking for and they have shown good judgment in selecting early as the lots are not large and soon will be closed out. We repeat here some of these great values as follows:

<b>YARD WIDE SHIRTINGS.</b> For men's shirts and boys' waists. These are goods that in whole pieces would have to sell at 25c a yard. They come in short cuts and so long as we cut them any length you say what is the difference to you so long as you can save 10c per yard. They are now only 15c per yard. <b>Striped Pongees.</b> These are Silk Striped Pongees that in a regular way sell at 50c per yard. Come in the new shades of silk stripes and this lot at 37 1/2 cents per yard.	<b>SILKS.</b> You can see in our window new patterns, new qualities of Foulard and Messaline Silks in all of the latest shades, such as amethyst, mulberry, rose, old rose, Copenhagen blue, gerbarne blue, toupie, catawba and the darker shades of smoke. These Silks are all of them in individual patterns, no two alike, so don't ask for samples of these patterns. We are adding to our line of Colored Silks a 27-inch Messaline Silk in all colors and while these widths are selling in large cities at \$1.25 they are being sold in Barre at \$1.00 per yard, which is a very small margin.	<b>LADIES' NECKWEAR.</b> We seldom speak of our Ladies' Neckwear. Just now we want to say that you will find this line with us away ahead of any holiday line that we have ever shown and we go further and say that you will look a good many city assortments over before you find its equal. Prices 25c and 50c, a very few of the higher prices. <b>Holeproof Hose.</b> These Holeproof Hose for ladies are the original Warranted. Hose that so many New England ladies have such good luck with. They come in two grades, six pairs in a box, warranted for six months, at \$2.00 and \$3.00 per box.

This is to be a great big Suit Season. We predict three Suits where one has been sold in past seasons, and we are ready to meet that demand.

On the Party Line. While the two ladies are talking over the telephone a soft clicking is heard. "Somebody is on the wire," says one. "Yes, somebody is listening to us," says the other. "I think it is that Mrs. Dyzit, who blondines her hair." "Indeed it is not," comes in a third voice. "And besides, I would have you know my hair is perfectly natural. So there!"—Chicago Post. A Painful Interruption. "Cummerbund went upon his roof the other day to dislodge the snow and slipped." "Good gracious! Did he fall to the ground?" "No, but he wished he had." "Why?" "A nail in a shingle stopped him."—Cleveland Plain Dealer.
