ONE MILLION DOLLARS FOR A GOOD STOMACH

This Offer Should be a Warning to Every Man and Woman.

The newspapers and medical journals recently have had much to say relative to a famous millionaire's offer of a million dollars for a new stomach.

This great multi-millionaire was too busy to worry about the condition of his stomach. He allowed his dyspepsia to run from bad to worse until in the end it became incurable.

His misfortune serves as a warning to others. Everyone who suffers with dyspepsia for a few years will give everything he owns for a new stomach.

Dyspepsia is caused by an abnormal state of the gastric juices. There is one element missing. The absence of this destroys the function of the gastric fluids. They lose their power to digest food.

We are now able to supply the missing element--to restore to the gastric juices their digestive power, and to make the stomach strong and well.

We know that Rexall Dyspepsia Tablets will positively and permanently cure disordered stomachs, indigestion and dyspepsia.

We want you to try them and will return your money if you are not more than satisfied with the result.

Price, 25 cents. Only at our store, or by mail. Ricker & Wells, The Red Cross Pharmacy, Miles Granite block.

The city never having seen such a blizzard. Telegraph wires for 70 miles about the city were blown down and hundreds of thousands of people who started for Washington to see the parade and inauguration never got there. Train service was dead.

The Isle LaMotte Telephone company filed articles of incorporation in secretary of state's office yesterday and are to build and maintain a telephone line in the town of South and North Hero, Grand Isle, Isle LaMotte, and Albion.

The patent department some time since announced its decision in the case to determine the priority of invention claimed by both Joseph G. Almon of Northfield formerly of this city and Hugo G. Williams of Granville, N. Y.

The patent related to a groove device in making drill holes so that when the blast is fired the stone will split in the direction desired.

After hearing both sides, the department decided that Mr. Almon was the inventor but that he did not improve or develop it fast enough and therefore lost his rights.

Mr. Almon got the invention showed it to somebody and then didn't do anything with it for several years and by that time someone got in ahead of him.

Rev. W. W. Laito, pastor of the Evangelical church on Northfield street, is able to be around the house after a bad heart attack which affected him so severely for a while that it was feared he could not live.

He drove back from Barre the other day. The air was cold and frosty. He was not attired to withstand Vermont weather in a sleigh although warm enough clad to travel on the train.

The result was that he fainted on Prospect street not far from his home as he was coming back and fell out of the sleigh. He lay there probably fifteen minutes until discovered and removed where there was warmth.

His heart action was very bad but he managed to pull through and is now recovering. His church was supplied Sunday in order that he could have thorough rest. Mr. Laito has been working hard lately with revival meetings and was run down. To add to his trouble Mr. Ford's horse which he drove here from Barre was taken ill, the doctor thought from overfeeding. It will be sent back to Barre as soon as better.
