

CANNON WON IN A CANTER

Re-elected Speaker of House This Afternoon

OVER CHAMP CLARK, DEM.

House of Representatives Was Crowded and There Was Intense Excitement During the Election.

Washington, D. C., March 15.—By a vote of 204, Joseph Cannon's power was this afternoon clinched in his re-election as speaker of the House of Representatives.

What a Cannon Victory Means.

If Speaker Cannon's friends are victorious in the matter of the rules, the President's message on the tariff will be received Tuesday, and immediately following its reading the Republican members of the committee on ways and means will introduce their bill for the revision of the tariff schedule.

It is understood that if the selection of the committee is left to the speaker he will designate all the old members of the committee who were re-elected to Congress.

As soon as practicable, within a day or two, after it is reported the tariff bill will be taken up for consideration and the debate will be launched.

While the Senate cannot formally begin its consideration of the tariff until after the House bill has been officially transferred to the Senate, the committee on finance will proceed with the general discussion of the subject and will be well prepared as soon as possible to report immediately after the official receipt of the bill from the House.

Every effort will be made in both houses to restrict legislation of this extra session to the subject of tariff, but it is possible that consideration may be given to the bill providing for the next census and to a resolution changing the date of the inauguration of the President from March 4, to some later date.

PRAYED FOR TAFT.

Pastor in Washington Church Referred Directly to the President.

Washington, March 15.—Forsaking his own church for the day, President Taft attended services yesterday morning at the New York Avenue Presbyterian church, where President Lincoln and other famous statesmen once worshipped.

Dr. Wallace Radcliffe, pastor of the church, referred directly to the president in his opening prayer, saying: "Bless William Howard Taft and his cabinet; bless the legislators and the officers of the army and navy; bless the administration and make it a power for good in the world."

After the services the congregation stood while the president walked out. After luncheon President Taft mounted his riding horse Sterrett, went for a long ride on the speedway, accompanied by General Clarence Edwards. He returned to the White House two hours later and settled down to complete his tariff message.

MAKING ARRESTS ABOUT PALERMO

In Connection With the Assassination of Petrosino of the New York Detective Force.

Palermo, Sicily, March 15.—The assassination of Lieutenant Petrosino has stirred the police to unprecedented activity. Many arrests already have been made and these include a number of Italian with criminal records who lately have returned from the United States.

The suspicions of the police are especially centered on two notorious criminals, one of whom is a thief of international reputation and the other an assassin, to whose door are laid many crimes committed in New York. The latter was obliged to leave the United States because of the stringent watch kept upon him by Petrosino. It is impossible to ascertain the names of the men who have been placed under arrest, as the police maintain complete silence on this subject.

A magistrate, who was notified of the assassination, went immediately to the spot. From papers found on him it appears that he was gathering evidence with reference to Italian criminals in the United States.

From other papers found on the body it appears that Petrosino had made a tour of Sicily and had given special attention to Trapani. The magistrate gave orders that the body should be transported to Rotoli cemetery, where a post mortem was held.

HUNTING OUT CRIMINALS.

Who Were Concerned in Death of Petrosino.

New York, March 15.—Despite the secrecy maintained at police headquarters, it is known that a world-wide hunt for Petrosino's slayers has begun. The initial move was made in Baltimore, New Orleans and other cities where Petrosino worked recently and was feared by criminals, when the respective detectives bureau set drag nets to locate notorious leaders of the Mafia, Comorra and Black Hand to establish if any of them left this country recently.

It has developed that Petrosino died a poor man and steps have already been taken to raise a fund for his family. A New York merchant, one of the subscribers, said that at least \$20,000 will be raised.

In obedience to instructions from Archbishop Newby prayers were said yesterday for Lieut. Petrosino in all the Catholic Churches of New York. It is perhaps unparalleled in this city that the death of a man occupying Petrosino's humble station should inspire such widespread tributes.

STRIKE SURE TO COME.

Secretary Hartstein That Speaks For Anthracite Miners.

Philadelphia, March 15.—Secretary Hartstein of district No. 9, United Mine Workers, declared last night that he believed there would be a strike of the anthracite miners. He said: "In my opinion a strike is sure to come. At the conference between the representatives of the operators and the miners, the former maintained an attitude which in my opinion will cause a strike to be called."

"Heretofore the operators have always made concessions which have placated the men. But at the last meeting there was no bending. Every issue which was presented was rejected by the operators. These issues have been long considered by the miners and they know their demands are not unreasonable; that they are asking only that to which they are rightfully entitled."

"The rejection of these demands will anger the members of the union and I am of the opinion that the result of the convention to be held in Scranton on March 23 will be that the committee will be instructed again to confer with the mine operators and again to present to them the very same demands which they have just rejected. Then unless these demands are granted, which I do not think possible, in view of the present attitude of the operators, I am confident that a strike will be called."

HOPES FOR SETTLEMENT.

Nevertheless Lewis Preparing for a Battle with the Operators.

Bridgport, Conn., March 15.—With hope of a peaceful settlement of the miners' difficulties, Lewis, the miners' chief, is nevertheless preparing for battle. "I do not want to strike," he said today. "I do not want the 185,000 miners of the coal regions, but we want recognition. No man foresees the outcome of the convention on March 23. That meeting will decide the course. But we want no agreement of any nature not embodying recognition of the union."

THIEVES SHOT ONE PURSUER

They Were Discovered Breaking into a Stable

LAKEVILLE, MASS., TO-DAY

Henry K. Pratt Fell With a Bullet in the Stomach and the Robbers Fled in the Direction of New Bedford.

Lakeville, Mass., March 15.—One man was shot and seriously injured to-day in the rout of a band of horse thieves who were trying to break into the stable of Henry K. Pratt. Mr. Pratt fell with a shot in the stomach. The thieves were discovered early in the morning trying to effect an entrance. They started to run, and Mr. Pratt and his son, Ernest Harvey Pratt, and John Dudley pursued them. When close pressed, the thieves drew their guns and fired on their pursuers, one of the shots taking effect in Mr. Pratt's body. He fell in his tracks, and his companions went to his assistance, while the robbers escaped, going in the direction of New Bedford. The police of that city and all the surrounding cities have been notified to be on the lookout for the thieves.

TOOK NO FOOD FOR FORTY-SIX DAYS

Death Ends the Fast of Marlboro, Mass., Man—He Had a Stomach Cancer.

Marlboro, Mass., March 15.—A fast of forty-six days, during which no food in any form had passed his lips, came to an end last night when death claimed Adelard Bastin, aged 51 years, at his home on Gibbons street.

For two hours before he died, Bastin received his friends, thirty or forty of whom passed in review before his bed, each receiving a nod of recognition as they severally asked the dying man if he recognized them. Finally Bastin brought the farewells to a close by declaring he was too weak to endure more. Ten minutes later he was dead.

The long fast was not a voluntary one, but was occasioned by cancer of the stomach, with which Bastin had been struggling for many months. Last September he was operated on in a Boston hospital, but little could be done for him.

On January 27 last he partook of two spoonfuls of beef tea, but from that time he rebelled at all food, solid or liquid, and subsisted only on the occasional moistening of his lips with water.

He was a native of Maskinonge, P. E. and lived in Lowell for some years before coming to Marlboro to work in a shoe factory. He is survived by a widow and four children.

NOT CORRECTLY REPRESENTED.

President Eliot of Harvard Says What He Did Say.

Cambridge, Mass., March 15.—President Eliot of Harvard university has telegraphed from Atlanta, Ga., a statement concerning remarks recently attributed to him on racial and religious questions, in part as follows: "The reports current in the press of Boston and the comments thereon, do not correctly represent my views concerning race and religious questions. My remarks have been interpreted as showing a lack of appreciation of the civic and moral virtues of citizens sprung from Irish and other foreign stocks. I wish to disclaim any such intention. Nobody familiar with the political history could fail to have deep appreciation of many good influences which Americans of Irish descent have had in our political development."

EXPLAINS CLEWS ON ICE.

Worcester Woman Says She and Two Daughters Broke Through.

Worcester, Mass., March 15.—The mystery surrounding the finding of a woman's hat and a child's cap and mittens on the ice at Lake Quinsigamond Saturday, and which had put the police on a drowning or suicide trail, was cleared up last night by Mrs. Nellie C. Weintraub, 79 Locust avenue.

Mrs. Weintraub, who lives with her father, George W. Patterson, told the police that she and her daughters, Esther and Myrtle, aged 9 and 6 years, respectively, while out walking Friday afternoon, ventured on the ice, and all three broke through a short distance from the Quinsigamond Boat club's house.

The mother succeeded in rescuing herself and children, but the two hats and mittens were lost in the struggle and not recovered, on account of the treacherous condition of the ice.

Among business visitors in this city today were Wallace Batchelder, Bethel; F. S. Sweet, New York; N. L. Davis, Albany and F. A. Denison, Albany.

COST IS \$1,000,000.

Power Plant at Brattleboro Will Supply Electrical Energy.

Brattleboro, March 15.—The last bucketful of concrete forming a part of the big dam across the Connecticut river six miles south of this village has been laid and the big electric power house, which will supply electrical energy for many factories within a radius of 60 miles of Brattleboro, is nearly finished. It was stated yesterday by George S. Hewins, superintendent of the company constructing the plant that power would be ready for delivery about June 15.

The dam is 650 feet long, not including the foundation of the power house, which is 250 feet long and is built in the river and is really a part of the dam. About 40,000 cubic yards of concrete were used in the dam foundation. The power house, which rises 60 feet above the level of the dam, is a steel frame inclosed with brick and the walls are now practically completed.

Wires are being strung on a line of steel towers in Fitchburg, Mass., which will be one of the chief distributing centers and a line of poles has been built to Brattleboro. To provide against damage from lightning a lightning-rod is being built on top of the power house.

The building of the plant has involved an expenditure of more than \$1,000,000.

TRIED SUICIDE AND GOT ARRESTED

Harry Langevin of Burlington Was Twice Felled in His Attempt—He Is Said to Have Been Jealous.

Burlington, March 15.—The Sunday quiet of lower Main street was harshly broken yesterday morning when Harry Langevin tried to commit suicide by taking carbolic acid. Langevin made two attempts, being felled both times by his wife and others. After losing his first bottle of acid, Langevin went out on the street and purchased another. He returned home and was about to place the bottle to his mouth when his wife threw a glass, knocking his hand from his mouth. In the scuffle that ensued, Langevin split the acid over his person, burning one arm in several places.

Langevin was placed in jail, charged with breach of the peace. He said that he was sober and had taken only three drinks of beer. Jealousy is thought to be the cause of Langevin's act.

LABOR PARADED IN BOSTON.

Demonstration Against the Sentences of the Three Leaders.

Boston, March 15.—A demonstration against the sentences of imprisonment imposed upon Samuel Gompers, John Mitchell and Frank Morrison, in the now prominent Brixton stove case, by Judge Daniel T. Wright in the superior court of the District of Columbia, more than 5000 members of labor unions paraded through the streets of this city yesterday, the half distinct procession converging upon Faneuil hall from all directions. In that edifice a large crowd listened to a history of the case, while half a score of overflow meetings were held in the surrounding streets.

The Faneuil hall audience, among whom were many women, heard Judge Wright attacked for his decision, and while all listened with much attention, a resolution was drawn up in which the courts were alleged to be biased, and the laws directed at one class only. Judge Wright was accused of using "intemperate and bitter language to representatives of organized labor," and it was said that he "was not a fit person to handle the case."

A copy of the resolution was sent to President Taft, Vice-President Sherman and Speaker Cannon. Charging that the sentence of three union leaders had been communicated to the newspapers one hour before it was formally pronounced upon them, the Rev. Chas. McFarland of South Norwalk, Conn., said the sentence was "one of the most whetted in the drama of justice."

Other speakers at the Faneuil hall meeting were James Duncanson of Quincy, first vice-president of the American Federation of Labor; Dr. John W. Coughlin of Fall River and William N. Osgood of Lowell.

IMPROVED SERVICE ON TROLLEY SYSTEM

Half-hourly Runs on Each Branch of the Line in This City, Beginning This Morning.

As the result of the efforts of some of the business men of the city and the residents of Washington and South Main streets, the Barre and Montpelier Power and Traction company began this morning giving half-hourly service over both its branches in this city, according to the resolutions under which the charter was granted. The matter of getting the railroad company to live up to the provisions of the charter was a few weeks ago placed in the hands of Attorney E. L. Scott, and he sought an interview with E. H. Deavitt, attorney for the traction company.

Mr. Deavitt admitted the necessity for the increased service at the Barre end, and promised that it would be put on, but did not state when. Mr. Deavitt said that under the previous system, when the railroad got its power from the Consolidated company, the power was insufficient to run the extra car, and that the reason why it had not been added since the completion of the company's power plant was because of a shortage of cars.

The complainants were about to present a petition to the railroad commission to-day, asking for the desired change, and the increase in service, practically at the option of the company, came as a surprise to them.

This increase in the service necessitates the keeping of an extra car and crew at the Barre end of the line all the time, as the newly added car runs only regularly from the city square to the upper end of Washington street and return, except during rush hours.

During the hours that the workmen are going to and from their work, the Washington street car is used in place of the extra car and crew which have been sent out from the barns to handle the business during the rush hours.

The extra car will make trips from City square to the number one switch near Jones Brothers' granite plant four times each day, leaving the upper end of the run at 6:45 and 11:45 a. m., at 12:45 and 3:45 p. m.

According to this schedule, the first car to come down Washington street in the morning is at 6:45 and the last car up at night on the new service will be the 5:15. After this the cars will run hourly each way, as under the old system.

The clause from the city resolutions, upon which the complainants proposed to act, reads as follows: "Said company shall run at least one car every 30 minutes each way over all its above-mentioned lines between six o'clock a. m. and ten and one-half (10 1/2) o'clock p. m., unless prevented from so doing by some cause beyond their control, or when released therefrom by consent of the city council, and the city council may from time to time make reasonable regulations in regard to the places for and the time of stopping of the cars of the company in the public streets."

Transfers will be given to and from the Washington street branch when the passage is continuous.

WOMAN WAS INJURED

When Sleigh Overturned and Dumped Her Into the Street.

St. Albans, March 15.—The bad condition of a part of Lake street near Huntington, was the cause Saturday night of several accidents, the worst of which placed Mrs. Agnes Watson of North Hero in the St. Albans hospital with a badly broken leg and other injuries. Mrs. Watson and son had driven over here to do some shopping and were just starting on the return trip when they struck the big hole in the road. Their sleigh was overturned and its occupants thrown heavily out on the ice. Several other teams came to grief Saturday at this same spot and while waiting for the ambulance to take Mrs. Watson to the hospital, two other sleighs were wrecked.

AGAIN CAUGHT WITH GOODS

Mrs. Joanna Galinberti Raided Saturday Evening

IS NOW HELD FOR TRIAL

In Wobby Case Judge Scott Ordered Liquor Condemned—Two Branch of the Peace Cases Up and Another is Continued.

For the third time within a year, Mrs. Joanna Galinberti has been arrested by the Barre police for alleged violation of the liquor law. The first time she was bound over to county court on the charge of keeping, only to have the case not prosed. The second time she was convicted in the local city court of selling illegally and was sentenced to the house of correction for not less than three and not more than four months. Now she is confronted by double charges of keeping and selling, the result of a raid made on her home at 27 Granite street Saturday evening.

Patrolman Gamble, Chief Faulkner and Patrolman Carle made the raid, and they found six pint bottles of Haymarket whiskey, four bottles of Cream ale, and two bottles partly full of ale; also one glass. The stuff was taken to the jail, along with the woman, and she was arraigned before Judge Scott on the double charges mentioned above. Bail in these two cases amounted to \$1,000 and \$50 additional on the seizure case brought the total amount of surety required up to \$1,050. This Mrs. Galinberti did not furnish when her case was continued to Wednesday, and she remained in jail over Sunday, and she is there now. Mrs. Galinberti is a widow and has two sons who are nearly man-grown.

Another liquor case was disposed of to-day when Judge Scott adjudged the liquor, seized at Joseph Wobby's store, condemned, and he ordered it spilled, while Wobby was held on the charge of selling. The case was heard last week, some time after the discharge of Wobby on the charge of keeping, and judgment was reserved in the condemnation case until to-day. Following the judgment to-day, Wobby waived examination on the selling charge and also appealed from Judge Scott's decision in the case of State vs. Intoxicating Liquor. Bail in the two cases amounted to \$350, which Tony and Alex. Corey furnished.

The case of State vs. Eli Bertrand, who was charged with breach of the peace in connection with the injury to William Hephurn, was again continued to-day until March 29, one of the reasons being that Hephurn is still in the City hospital, where he was taken a week ago. It was stated to-day at the hospital that the patient is doing better than was anticipated, and that he has not had a hemorrhage since last Friday, so that his condition was stronger. For a time after the injury there were frequent hemorrhages from the nose, reducing Hephurn to a very weak man. Another reason for the continuance is the desire of Grand Juror Davis to look up the evidence in the case, as it is said that there is not much against Bertrand.

Two young men who started to settle a dispute over a game of pool by the primitive method of fistfights were in court also for breach of the peace. They were Stanley White, aged 22, and Michael Buzzi, aged 20. They didn't agree over a game of pool in Divers's place Saturday night and so went around the corner of Merchant street to settle it. Someone telephoned to the police station, and Patrolman Gamble started for the scene when he met Patrolman Hamal coming along with both the scrappers.

When arraigned before Judge Scott, each one of the fellows pleaded guilty, and was fined \$5, with costs of \$7.50, which was paid. This business, together with four civil cases entered this morning made the city court docket rather bulky for the over-Sunday recess.

Another matter which did not come to the attention of the police occurred Saturday evening when the managers of a certain dance helped an "undesirable citizen" to the street after he had made himself obnoxious at the dance. The ejection was both forceful and expeditious.

LIQUOR RETURNED.

Had Been Taken in a Raid at Montpelier Recently.

Judge Harvey in Montpelier city court to-day ordered the liquor, seized at the rooms of P. Montiani on Barre street a week ago, to be returned, as there was no evidence that the liquor was being kept for illegal purposes. Montiani went on the stand and testified that he owned the liquor and that he did not keep it for illegal purposes.

Walter Burke and John Crapo were arraigned to-day for intoxication, having been arrested Saturday night near the Central Vermont station. Sheriff Tracy and Deputy Lawson going after them when report came that the men were fighting. Both wanted a hearing to-day and so the officers were called. On the officers' testimony they were acting for the Odd Fellows lodge. It is said that they were both respondents guilty and fined them \$15, with costs. Both took an appeal. Fred Thomas was arraigned to-day on the charges of getting drunk when he was put out work as a prisoner of the county jail. For his thoughtlessness Thomas was given thirty days more in the county jail.

GRANITEVILLE.

A social dance will be given by the Odd Ladies of Victor lodge, Wednesday evening, November 17 in Tumas hall, Danvers from
