YOUNG BOY NABBED.

Charged With Trying to "Black Hand" a Georgia Banker.

Atlanta, Ga., April 7.—Charged with attempting to blackmail Asa G. Chandler, president of the Atlanta Chamber of Commerce, banker and reputed to be Atlanta's wealthiest citizen, out of \$25,000 by "Black Hand" methods, Daniel W. Johnson, Jr., 18 years of age and a member of Dr. Chandler's Sunday school class, was arrested last night at the instance of postoffice inspectors and lodged in the Fulton county jail.

Johnson admits writing the letters and takes his arrest very coolly. He, however, declares that he was the captor of three strangers, who, he claims, dictated his every action in connection with the affair and forced him to write the demands for money under penalty of death. He furnished the officers with a description of the three men.

Last Friday Mr. Chandler received the first of the two letters written by the Black Hand plotters in which he was asked to place \$25,000 under the steps of pastor's study of the Inman Park Methodist church on Monday night, April 5, "or you and your family will meet a horrible death at our hands."

Sunday he received a second letter warning him to comply with the demands and further threatening him and his family if he failed to comply or if he mentioned the matter.

Mr. Chandler called Postoffice Inspector Sutton in consultation and it was decided to trip the blackmailers. Mr. Chandler drew \$25,000 in cash from the bank which he is president so as to guard against any possible betrayal of his plans. Monday night he made up a package and placed it at the point designated, the real money in the meantime remaining at his residence guarded by detectives. Two detectives kept watch near where the fake package was placed, but no one appeared during the night for the package.

Yesterday morning Mr. Chandler received a telephone message demanding he place \$10,000 at a secluded spot on Moreland avenue between Annals street and Walked alley. Again a fake package was prepared and placed at the spot designated last night and Johnson appeared out of the darkness, grabbed the package and started to run but he was in the grasp of two detectives before he was aware that he had been observed.

After a grilling examination he made a confession admitting having written the two letters. The police give little credence to his story.

WHIPPED TO A STANDSTILL.

But Barry Fouled and Kept Straight Victory from Ferguson.

Boston, April 7.—Sandy Ferguson of Chelsea had Jim Barry of Chicago whipped to a standstill in the tenth round of a scheduled 12 round bout at the Army Athletic association last night and was only prevented from a straight victory by an apparently deliberate foul on the part of Barry.

The bout was spectacular throughout. Barry took the first four rounds by hard baring with terrific lefts to the body. In the second round he knocked Ferguson out of the ring with a left to the face.

Ferguson started to fight in the third, and in the fifth was stopping Barry's rushes with straight lefts to the head. In the sixth, both fighters were wrestling and fell to the floor. Ferguson used his height and weight to throw his man about the ring and both were rough throughout.

Barry had a shade the better up to the tenth round. In this round Ferguson knocked Barry down with a terrific left to the jaw and followed it up with a fusillade of rights and lefts to the head. Both men fell to the floor and the fight was furious for two thirds of the round.

Barry was exhausted and all but out when, after being dropped to the floor, he came back with a hard right which went low, and the referee declared Ferguson the winner on a foul.

DEFENSE HAS GOOD EVIDENCE

Witnesses Testify That Kent Was Moral Imbecile

INSTEAD OF BEING INSANE

While Two of His Former Keepers at the Insane Asylum Say That He Raved During the Night

Rutland, April 7.—Dr. W. L. Wasson, an assistant at the Waterbury asylum, testified in the Eloy Kent trial today as a witness for the defense. He said that Kent, while at the asylum, often talked with imaginary persons and was not able to carry a train of thought in conversation. The witness characterized him as a moral imbecile rather than an insane man.

Keepers Allen St. John and Timothy Halpin from the house of correction were also called by the defense and they said that Kent raved nights while he was there. Kent's father said that there was insanity on both sides in the family.

The state rested its case yesterday. As the first of its witnesses the defense called to the stand Dr. Don D. Grout, superintendent of the state insane hospital at Waterbury, from which Kent escaped prior to the murder. Dr. Grout, when asked his opinion as to Kent's mental condition, said: "I would classify him as a mental imbecile or demi-fou."

In calling Dr. Grout, the defense announced that his testimony was expected primarily to contradict that of E. M. Taggart, a witness for the state, who testified that Dr. Grout had attempted to prevent him from identifying Kent at the insane asylum. Taggart's name has been frequently introduced by the defense, in a manner intended to convey the idea that it was possible for him to have committed the murder. Dr. Grout's testimony was to the effect that he did not try to prevent Taggart from identifying Kent, but instead gave him every facility to do so.

Dr. Watson L. Wasson, first assistant at the insane asylum, contradicted the testimony of several witnesses, who stated that Kent wore a mustache at the time of his escape, and that his hair had changed since. Dr. Wasson said Kent was smooth shaven, and his hair appeared to be the same in color as when he escaped.

STILL IN DEADLOCK ON 480th BALLOT

Burlington Aldermen in Session Until 2 a. m. Today and Then Adjourned to This Evening.

Burlington, April 7.—Writing over and over the words "I Don't and I S. Drew the twelve aldermen of Burlington voted six to six on the choice of a president of the board from 7:30 last evening until one o'clock this morning when a recess was taken until 1:15. They had taken 480 ballots in all and 140 at last night's session at that time. When they met at 1:15 they again recessed until 1:35, then 2:00 and then on motion of Alderman Coffey a recess was taken until 7:30 this evening.

Earlier in the evening there was some discussion about the payment of the bills for March. An opinion was asked of City Attorney Macomber as to whether the unorganized board could approve the March bills. The city attorney's opinion which was accepted was as follows:

April 6, 1909. To the Honorable Board of Aldermen: My opinion is requested as to whether your honorable board can approve the bills for March bills for the month of March or act upon them at the meetings now in session.

This meeting was called for two o'clock yesterday afternoon and has been adjourned or a recess has been taken from time to time and the same meeting is now in session. The purpose of the meeting is stated to be "the organization of the board and any other business deemed necessary when met."

It is my opinion that the only proper business to come before you is that stated in the call, viz: the organization of the board. I do not think the words "and any other business deemed necessary" are intended to affect the specific purpose materially nor that they open the door for the consideration of business foreign to that particularly stated in the call.

Respectfully submitted, J. H. Macomber, City Attorney.

Mayor Burke is anxious to read his message to the board and a motion was made to suspend the voting for president to listen to him but this was defeated by a tie vote of six yeas and six nays. The mayor is also anxious to hold a meeting of the city council to elect commissioners and other city officials but the opinion of Mr. Macomber and the vote taken on the motion stated above indicates that he will not be allowed to carry out his scheme.
