Smaller Cost—Better Results

Cut down the cost of your concrete work or strengthen it at the same cost—whether it's a factory building or a sidewalk—by using

EDISON Portland Cement

The finer the cement the more grains of sand it binds and the more uniformly it will bind them together.

Edison Portland Cement makes more concrete for the same or less money, because it binds 10% more sand and rock than any other cement on the market.

Costs the Same, but Makes More Concrete
