The New No Tuft Felt Mattress

This Mattress is an innovation and in our judgment is the very best Mattress yet put on the market. As the cut shows it is made in separate parts although joined on the top, making as smooth and nice a surface as one could wish.

The Daylight Store BLACK CATS

We have referred to Black Cat Hosiery. We have done in seasons past lots of talking about Black Cat Hosiery and we believe that the quality of Hose sold from such advertising has been of benefit to us and to those who have bought them. There is no class of good so good that they will please everyone, but we believe that Black Cat Hosiery will come very near to it. They surely have the real hard wear in them that is so hard to find.

Black Cat Hose for children comes in both fine and heavy weight for dressy occasions, or real rough and tumble wear. Ask for misses' very fine Black Cat Hose for dressy wear at 25c. Come in black or tan. Ask to see a heavy Misses' Hose for school or real business wear. These come only in black at 25c. Boys' Hose is where mothers are kept guessing and our experience with Black Cat Hose for boys has been that they stand the test of our roughest boys. One reason is that they have linen spliced insteps, linen spliced knees, heels and toes. This means something. 701 Black Cat Hose is the line that we were showing those beautiful fans in last season when others did not have them. They may be a little the best this season at the price, 25c.
