TUMOR OF FOUR YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Lindley, Ind.—"Lydia E. Pinkham's Vegetable Compound removed a cyst tumor of four years' growth, which three of the best physicians declared I had. They said that only an operation could help me. I am very glad that I followed a friend's advice and took Lydia E. Pinkham's Vegetable Compound, for it has made me a strong and well woman, and I shall recommend it as long as I live."—MRS. MAY FRAY, Lindley, Ind.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and such unquestionable testimony as the above proves the value of this famous remedy, and should give confidence and hope to every sick woman.

THE BARRE DAILY TIMES

For sale: Cut flowers and floral designs at Young's, Upland avenue, Perrin Hill. Tel. 417-4.

Chairvoyant—Tuesday and Thursday, 2 p. m. to 9 p. m. Mrs. R. E. Ellis, 25 Spaulding street. Tel. 156-21.

New maple walnut, fresh crushed strawberries and banana royal collages at the Red Cross Pharmacy, Miles granite block.

Take your work to the Barre Home Laundry at Nos. 9 and 11 Bugbee avenue. All work done promptly and guaranteed. Lace curtains and shirt waists a specialty. Telephone 319-13.

WILLIAMSTOWN. Lewis M. Seaver is in New York city on business.

Mr. Morgan, our station agent will begin enjoying his regular vacation next week.

Charles Stanley, our former "depot mail man" is back again after several weeks absence in New York state.

K. R. Farnham visited his wife yesterday at Heston Hospital, Montpelier, and found her condition very much improved.

The roadmen and machine are doing excellent work on the Town roads these days under the efficient supervision of Road Commissioner Blanchard.

A regular correspondent for this column is wanted during the "open trout season" which begins tomorrow at exactly 12:01 o'clock.

Don't forget the dance at Grange hall this (Friday) evening from 8 to 1 o'clock with refreshment, only 75 cents a couple. Spencers orchestra in attendance.

The children choir, which has been so well trained by Misses Waterman and Wheeler, will sing again at the Union service in the Congregational church next Sunday evening; the subject of the service by pastor Strong will be "Cause and Effect in Character Development." Come out and hear the singing.

GRANITEVILLE. The Ebony minstrel's orchestra of Barre will give a public dance in Miles hall, Saturday evening, May 15. Don't fail to attend and dance to the delightful music of this first class orchestra. Dancing from 8 to 12 o'clock. Admission 50c, ladies free.

A public dance will be given in Miles hall, Saturday evening, under the auspices of the Ebony minstrel's orchestra of five pieces. First class music and an enjoyable time for all who come. Admission 50 cents per couple.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulat acts gently and cures constipation. 25 cents. Ask your druggist.

Never can tell when you'll catch a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Electric Oil instantly relieves the pain—quickly cures the wound.

MR. DEAVITT REPLIES.

To Statements Made by Mr. Davidson of Consolidated Co.

Editor, Barre Daily Times: In Wednesday's issue of your paper appeared extracts from a letter written by Pres. J. E. Davidson of the Consolidated Lighting company to the Barre city council criticizing certain "false statements" made by Pres. F. M. Corry of the Barre and Montpelier Traction and Power company and myself concerning his company, at a recent meeting of the Barre city council. A lawyer dislikes to try his cases in the newspapers or parade the private business affairs of his clients in public, but as these criticisms relate to matters of public interest, I would like the use of a little space in your paper in which to reply and, in view of the fact that Mr. Davidson and myself before this time have failed to remember alike conversation which has occurred between us concerning the matter of power and of the contracts between our companies, I shall decline now to make any statement which is supported by my word alone.

At the council meeting in question, at which meeting five of the directors of the traction company were present at the request of the city council to discuss a proposed extension of the electric railroad, I explained the situation of our company and stated that while we found the road in good condition when we purchased we then had in mind a regular plan for improvement in the following order: road-bed, additional equipment and extension; that we had been improving the road-bed and would have had more additional equipment before this time, but for the fact that we had had to pay an increase of 25 per cent. in power the first year and a further increase of 25 per cent. the second year, so that we had been compelled to build a power plant and in addition, had expended \$10,000 in a brick building and now electrical machinery at the car-barn and \$10,000 in the Pittin Farm for park purposes. The increase in the cost of our employees 3 per cent., so that the traction company was not yet in such condition that it should be ordered to make the extension requested by the petitioners, and I ask the city council to take these matters into consideration in taking action.

The only statements made by me regarding the Consolidated Lighting company were upon the matter of power increase and you now quote Mr. Davidson as saying that the electric road had been getting the power at "a prohibitively low rate," which, to be exact, was a flat rate of \$300 per month or \$4,000 per year, and the contract expired June 1, 1907, within a month after Mr. Corry and his associates raised the rate of power for the year ending June 30, 1908, the road paid to the Consolidated Lighting company for power \$5,445, and during nine months following \$8,533.33, or at the rate of more than \$10,000 per year. It will be seen by these figures that my remarks were well within the facts and for "accommodation" in March while we were temporarily disabled on account of a leak in one of our transformers and before our machine in the Consolidated station had been moved, we paid \$41.75 for a few hours service. Pres. Davidson says "we have always treated them (meaning us) with the utmost courtesy and accommodated them in many ways." It is true that we have never come to blows and we have received such courtesy and accommodation as is consistent with a most extortionate contract and about the kind of courtesy and accommodation that a user shows when he loans money to a man who needs it at the rate of 10 per cent. per annum.

Just a word as to the reasonableness of rates. If anyone will take the trouble to examine the reports of the railroad commissioners of Vermont to compare the rates paid by electric railroads in Burlington and other places, where the electric power is manufactured by water as here, instead of by steam as in some other places, it will be found that \$8,000 per year is not a low rate for the power required by our electric railroad. And an inspection of the books of the railroad shows that when the road was operated on a meter basis by the Viles plant, the rate was less than \$6,000 per year, and there were as many cars running then at one time as during the last two years. And under the contract which the traction company has made with the Corry-Deavitt-Frost Electric company, the rate is less than the Viles rate referred to and one which with its other business, produces a reasonable return to the electric company on the money invested.

Pres. Davidson speaks of the \$150,000 which would have been put into the electric railroad in improvements and extensions had his parties purchased it instead of Mr. Corry and his associates. It is now very easy for him to say what he might have done, but if we assume that he might have worked as rapidly as he has worked, supplying additional power to quarries and stone-sheds since it first became necessary for the Consolidated Lighting company to shut down quarries and stone-sheds one and two days a week in the summer time, and thereby cause a loss of thousands of dollars to the men who had invested their money in these industries, we can conjecture that some time in the millennium these improvements might possibly have been made to the electric railroad. And then it would probably have meant increasing the stock of the electric railroad to \$1,000,000 and the bonded debt to \$500,000, and also have meant what is more important to the public, increased fares for the public to pay for the use of the electric railroad; do not claim that just at this time their road is the best piece of property in the United States. They are alive to the need of improvements and are procuring them as fast as circumstances will allow, but taking the road as it is to-day, it compares favorably with any electric line in some of our larger places and there are few roads in New England which have their electrical machinery and storage battery at the car-barn in as good condition as ours.

The remarks of Pres. Corry in addition to the foregoing called attention to the new electric plant and to the services it was giving the people of Montpelier, and he said people were getting lights at their own price and if they were not that it was their own fault. Pres. Davidson says that meter rates are more equitable than flat rates and that his rates to the Viles plant are less on meter than flat rates before paid. Meter rates may be more equitable in some cases, particularly when the meters register properly, but it is well known that many granite manufacturers complained bitterly about the increase in rates after the Viles plant was sold to the Consolidated Lighting company, and that some of the things which has built up our industries so they could compete with localities more favored in the way of freight rates and transportation.

Pres. Davidson says the public service

EAST BARRE.

A public dance will be given in Miles hall, Graniteville, Saturday evening, under the auspices of the Ebony minstrel's orchestra of five pieces. First class music and an enjoyable time to all who come.

Lived 152 Years. Wm. Parr, England's oldest man, married the third time at 122, worked in the fields till 132 and lived 90 years longer. People should be youthful at 80, James Wright of Spruick, Ky., shows how to remain young. "I feel just like a 16-year-old boy," he writes, "after taking six bottles of Electric Bitters. For thirty years kidney trouble made life a burden, but the first bottle of this wonderful medicine convinced me I had found the greatest cure on earth." They're a godsend to weak, sickly, rundown, or old people. Try them. 50c at the Red Cross Pharmacy.
