TREMBLY NOT ABLE TO DO IT

Somerville Held Him Off Easily For 90 Minutes

BARRE MAN GOT DECISION

In Fact, Somerville Showed Up Strongly and Did Most of the Effective Work. A Match for Trembly's Championship Belt Possible.

It was a large but dissatisfied audience that left the Barre opera house shortly before 11 o'clock last night after witnessing the wrestling match between Eugene Trembly of Montreal, the champion lightweight wrestler of the world, and Bob Somerville of this city, the European lightweight champion.

The agreement was that to win the match Trembly must throw Somerville twice in 90 minutes. Nothing that resembled a fall took place during the entire hour and a half and the match was awarded to Somerville.

It was plain to be seen that Trembly was several pounds the heavier and his muscular development above the waist is magnificent. Somerville looked lighter than when he last wrestled in Barre and appeared in the pink of condition.

Then Somerville took the offensive for a moment but could seem to make no impression on the Canadian's giant strength. Somerville got to his feet and the men worked for fully 10 minutes before Trembly could force him to the mat.

Trembly showed none of that ability which he is credited with having and the match showed none of that class that the audience expected to see. The crowd, however, showed no signs of his lauded effectiveness at the game and the audience showed its dissatisfaction by occasional derisive remarks.

At the conclusion of the match William Bissonette stepped to the front of the stage and announced that Trembly had wrestled five times this week, but failed to say whether or not this explanation was made in extenuation of the exhibition that had just been finished.

Somerville promptly accepted the challenge and stated that he would post a forfeit of \$100 to which Bissonette agreed. Although the forfeit was not posted at the time, it is hoped by the lovers of the sport in this city that the match can be brought about.

A preliminary match between two 120 pound men, Charles Bixby of Barre and Young French of Montpelier entertained the audience before the main bout. Bixby won the match two straight. The first fall was taken with a head scissor at the end of 15 minutes and the second at the end of 19 minutes with a half Nelson.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

BACON KNOWS OF PLOT

He Threatens to Expose the Senate

"SHUTTING OFF" PROCESS

Georgia Senator Declares There is a Conspiracy by Which Senators Are Shot Off Before They Have a Chance to Be Heard.

Washington, May 29.—In the Senate yesterday, Mr. Bacon charged that by collusion between the clerks of that body and Republican senators, closure had been effected in the Senate and the rule of that body nullified.

Mr. Bacon at once parenthetically ordered a halt, and declaring that he had addressed the chair before the roll had begun, protested against what he declared was coming to be the practice of the clerk in so promptly beginning his call as to cut off senators who had gained recognition from the privilege of being heard.

He declared that such a practice was becoming frequent and asserted that "the clerk was not there as the representative of any party or of any faction, but here to do his duty and is not entitled to so manipulate the roll call as to prevent senators being heard."

Mr. Aldrich said that he proposed to exercise his "constitutional prerogative of answering to his name when called, without consulting the senator from Georgia."

Mr. Bacon promptly responded that while he conceded such a right, he did not propose that Mr. Aldrich, by the clerk's combined should deprive him of his right of debate. He added, significantly: "I have not told all I know about this practice, including the incident of last session and I won't tell all unless I am forced."

A SPECIALIST SAYS:

"Piles Can't Be Thoroughly Cured by Outward Treatment." Dr. J. S. Leonard of Lincoln, Neb., the celebrated specialist, who has studied every phase of piles, says: "Piles can't be thoroughly cured by ointments, nor any other outside treatment. The cause is internal, and needs internal treatment."

MAILS MOVING IN GEORGIA

Negro Fireman on Train From Atlanta

CROWD, BUT NO TROUBLE

At the Station—Hope Now for Early Ending of Strike—State of Georgia May Take a Hand in the Matter.

Atlanta, Ga., May 29.—Carrying a negro fireman, the first train of any sort to run over the Georgia railroad in more than five days, an engine and a mail car, left here at 7:30 yesterday morning. The train pulled out through a deep lane of spectators at the station, but there was no demonstration.

The negro fireman bore a name distinguished in Georgia—Joseph M. Brown—which is identical with that of the governor-elect, who will take office in a few weeks. A few comments were overheard from the crowd that he was running a risk.

The engineers upon all the trains yesterday were the regular men, who quit last Saturday. They returned to work with the assurance from Assistant Chief Burgess of the Order of Locomotive Engineers that they would be protected.

Disapproval and in a few instances indignation against the presence of negro firemen, was expressed yesterday in the report views from the first train, which were through which mail trains passed. Reports were received that preparations to start trains were being made at way stations.

Augusta, Ga., May 29.—With a regular crew, including a negro fireman, the first train out of Augusta over the Georgia railroad since last Saturday left here at 7:45 yesterday morning. The train consisted of mail cars only, manned by negro mail clerks. No unusual demonstration marked the departure. Reports from Harlem, Booneville, and Thompson, the latter forty-five miles out of Augusta, say the train passed through those places without incident.

KNAPP GOES TO GEORGIA.

Cabinet Decides He Shall Help Settle the Strike.

Washington, May 29.—President Taft and his cabinet considered the Georgia railroad strike yesterday, and decided that Chairman Knapp of the interstate commerce commission should go at once to Atlanta to use his influence to effect an adjustment of the trouble, or at least enforce compliance with the interstate law.

MORE DEBATE ON PORTO RICO.

The Measure's Last Day Before The House.

Washington, May 29.—Porto Rican bill yesterday entered upon the last stages of its consideration. Before it was called up by Mr. Payne, the majority leader, he announced that no effort would be made by him to pass it in the absence of a quorum. This statement was for the benefit of Mr. Macom of Missouri, who was on his feet ready to insist that a quorum be present, but in view of Mr. Payne's explanation, Mr. Macom consented that the discussion should go on. This, it is anticipated, will be concluded today. At the very outset of the debate the bill met with strenuous opposition from Mr. Borland of Missouri. He thought that even if enacted, the measure should not operate longer than one year, after which the Foraker act should be amended and the Porto Ricans given a territorial form of government.

CONY ISLAND WINS.

The Sunday Closing Order Is Not Sustained.

New York, May 29.—Four test cases against proprietors of minor Cony Island shops, who were charged with violating the Sunday laws, were dismissed yesterday by Magistrate Tighe. The real test was in the case of Thomas Glover, proprietor of a shooting gallery. The magistrate sustained the contention of the defendant's counsel that the use of the gallery on Sunday did not constitute a crime.

NEW YORK RESTAURANT HELD UP

Four Armed Men Rob Two of Customers of \$38 and Escape.

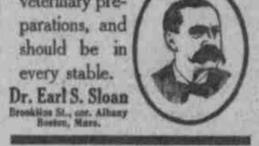

New York, May 29.—Four armed men invaded a restaurant at 444 Seventh avenue yesterday, held up the twenty customers and after robbing two of them of \$38, made their escape. One of the robbers guarded the door, another covered the cashier with his revolver while the two others drew revolvers and threatened to shoot any of the patrons who might attempt to leave the place. At this several women who were sitting at the tables fled to the rear of the room and hid in the corner. Threatening to shoot if opposition was made, the robbers searched two of the men, and took what money they had. After warning the victims to make no attempt to follow them on pain of death the robbers disappeared on the run. They are believed to be members of a notorious East side gang.

SLOAN'S HORSE REMEDIES

Sloan's Sure Colic Cure has saved thousands of valuable horses. Relieves bloat or cramp colic instantly. Price, \$1.00.

Mr. L. T. Benson, of Weston, Idaho, writes:—"I have used Sloan's Sure Colic Cure for the last year and a half, and have never seen anything its equal. It acts like magic."

Sloan's Liniment, Worm Powders, Gall Cure, Fever Remedy, Heave and Cough Powders, and Wart Cure are standard veterinary preparations, and should be in every stable.

MAY BE TRAIN ROBBERS.

Three Desperadoes Arrested in South Omaha.

Omaha, Neb., May 29.—Although it was not possible to identify the three men arrested by the South Omaha police Thursday night as those who held up the Overland Limited on the Union Pacific railroad near the city limits last Saturday night, Chief Briggs and the Omaha police believe they have the right man. The prisoners gave the names of D. W. Woods of Minneapolis, James Gordon of Denver and Fred Torsensen of South Dakota.

An inventory of the paraphernalia captured gives evidence of the preparedness of the owners for any emergency. Nearly two hundred rounds of ammunition were found, in addition to three revolvers, hand saws and bats. A searchlight found in a sack was of approved pattern, and is nearly new. The automatic Colt's revolver each were of expensive make.

Gordon and Torsensen were brought to Omaha and the latter pointed out to the police the place he lived, at 324 North Fifteenth street. A search was made of his room and two suit cases were found. One of them belonged to Woods, the third man of the trio. Mrs. Jerome Seibert, who runs the rooming house at that number, said Torsensen had been at her place for some time, and that he had been there on Monday, two or three days before the Union Pacific holdup occurred.

The discovery of the revolvers was made by a pupil of Brown Park school, who was playing in the vicinity. The cache where the stuff was hidden was under a bank overlooking the Missouri river. He took the revolver to his teacher, Mrs. Nora Freeman, who notified the police. Detectives kept watch of the place, believing the owners would return for their revolvers. The arrests were made Thursday night after detectives had been watching the place for thirty hours. The place where the guns were found is about two miles from the scene of the hold-up. Further search will be made today in the hope of finding the missing mail pouches.

NO PLOT TO KILL.

Mystery in Which Young Blaine Figured is Cleared Up.

Cambridge, Mass., May 29.—The mystery which has existed since Monday in which it was made to appear that J. G. Blain, 24, of 94 Dunster Hall, grandson of the famous statesman, and E. G. Dunlap, also of Dunster Hall, had been the objects of attempts of assassination, has been cleared up by the police.

The two young men are Harvard undergraduates. According to their stories they were boating on the Charles river near Boston street bridge on Monday when a shot was heard from the shore. A bullet whizzed by their heads. They looked in the direction whence the shot had been fired and saw men passing round the corner of the Boston "L" power house. They quickened their pace to get beyond gunshot and later, upon reaching the boathouse, reported the matter to the police.

The police investigated and it was learned that that day a score or more of pigeons which had been creating a nuisance in the tower of the power house had been the objects of the bullets.

BOY PREVENTS KIDNAPING.

Gives Notice to Police, Who Take Man Into Custody.

New York, May 29.—A small newsboy who saw a man rush up to a taxicab with a five-year-old girl checked what the police say was an attempted kidnaping Thursday night. He called a policeman, and the man, who gave the name of George Deunio, was arrested. The child proved to be Bertha Schmidt, the daughter of a Sixth avenue baker. A crowd threatening violence followed the prisoner to a nearby police station. Deunio's son told the police that his father's mind was unbalanced.

"ADAM GOD" ON TRIAL.

James Sharp Charged with Murder of Policeman in Kansas City.

Kansas City, Kan., May 29.—An unusual spectacle was presented in the criminal court here Thursday when James Sharp, known as "Adam God," was on trial for the murder of a policeman, who was known as "Eve God" to their band of religious fanatics, went on the witness stand. Sharp is on trial charged with the murder of a policeman in a religious riot here a few months ago. The testimony of the couple was a weird combination of tears, imprecations and wild sayings. Sharp denied shooting patrolman Mulkins, with whose death he is charged.

LAST CALL TODAY FOR Decoration Day Clothes!

If you are to be classed among the best looking fellows Decoration Day it will be necessary for you to come to this store before closing time tonight.

We have got the goods—they're the kind of clothes you want—snappy, stylish, bright patterns, tailoring perfect, correct fit, prices right.

We also have all sorts of fine furnishings to make you look every inch a man.

MOORE & OWENS, 122 North Main Street - - - - - Barre, Vt. Store Closed All Day Monday, May 31.

THE PRINCESS ALICE SAFE.

North German Lloyd Line Steamer Is Floated.

New York, May 29.—After having run aground twice while attempting to leave this port for Plymouth, the North German Lloyd liner Princess Alice finally sailed yesterday undamaged. She was twenty-four hours behind her schedule. The big steamer's first mishap occurred Thursday forenoon when in a dense fog she grounded in front of Fort Wadsworth, Staten Island, her bow missing the sea wall by a few feet. At high tide yesterday she was floated with the aid of ten tugs and steamers and resumed her course down the lower bay only to be run aground again on the edge of the new Ambrose channel. The vessel was soon freed from her second predicament by the rising tide and her own screws, and proceeded on her voyage. She carried 426 passengers, all of whom remained on board.

JAPANESE MERCHANTS COMING.

With Families They Will Tour United States.

Seattle, Wash., May 29.—Thirty leading business men and trade experts of Japan, their wives and families, will arrive on the steamer Minnesota from Yokohama, Sept. 2. As guests of the Associated Chambers of Commerce of the Pacific coast, they will visit the principal coast cities. The delegation will also tour the Eastern states, visiting every important manufacturing center. Elaborate hospitality is promised by the Boston and New York Chambers of Commerce. President Taft and Secretary of State Knox, it is said, are taking a personal interest in the visit of these Japanese business men as likely to promote a better understanding between the nations. Secretary of Commerce and Labor Nagel will assign five experts in different commercial lines to accompany the party on its tour.

TO TAKE STANDARD PLANT.

The Austrians Agree on Terms, It Is Reported.

Hamburg, Pa., May 29.—A formal agreement, according to one of the Austrians participating in the negotiations, has been reached between the oil producers at Galicia and the Standard Oil company with regard to the taking over of the stock of oil in Galicia. The details, however, will not be definitely decided on for several days to come.

Presbyterians to Meet in Nashville.

Denver, May 29.—A special committee of the general assembly of the Presbyterian church, in session here late last night, decided upon Nashville, Tenn., as the place of meeting for the 1910 assembly. Chicago and Atlantic City, N. J., contested for the honor.

Ceresota Flour NOW for Bread and Biscuits that make the child drop its toys and the workman his tools. A little bag to sample will prove your good judgment to your profit.
