Hot Weather Clothes

Summer clothes are too often made in a way that sacrifices style and shape-keeping to lightness—you want clothes for hot weather to be cool—but you want the style you pay for to last.

If you buy Hart Schaffner & Marx clothes here that's what you'll get—style and shape that last.

All-wool fabrics are part of it—when such fabrics are properly tailored they not only wear better than cotton mixed stuff, but they keep their shape and style longer.

In these respects there are no clothes made that equal Hart Schaffner & Marx productions. We have no hesitation in guaranteeing your satisfaction.

In the new spring and summer styles of suits the Hart Schaffner & Marx models from \$18 to \$27.50. Other models as low as \$10.
