The Pavilion has a change of pictures to-day which is great. "Tom Thumb" is said to be one of the most elaborate and beautifully colored plays ever presented to any audience here. A magnificent fairy story portrayed in a manner which is bound to hail approval from old and young. "Alpine Echo," a well balanced production of new interest, showing an avalanche actually destroying the home of the hero of the picture. Shall Industry Pay The Cost of Its Human Waste? It so happens that this particular old man—this "chick-maker"—worked in a factory for a good many years. During this time the corporations protected its plant against depreciation by a fund. Why not compel it to protect the employes against depreciation by a fund? The industry has used up this old man just as it uses up machinery. We can say without rashness that he has been consumed by the factory—flesh and bone. It has had the use of him. Now it tosses him back on society, squeezed dry—a problem for us. Society might make the company take care of the old man, now that he can work no more. We might introduce such a bill to the legislature. But we could not very well do so under present constitution. It would strike directly at the roots of our government. Germany has said very directly to employes, "you must contribute to the support of your worn-out employes." Germany could say this easily. But we cannot. Another difficulty is to be found in the very obvious fact that the plan of making employes take care of the worn-out employes in no way provides for the unfortunate old people who do not happen to have reached old age when on a pay roll. And there is a third objection to the idea of compelling the industries to pension the aged. It is this: In all fairness the whole burden does not belong with the employer of labor. Even Germany has only said, "Pay part of the cost." Richard Washburn Child, in the September Everybody's.

## THE EYES OF ALL WOMEN

Are Centered on Fall and Winter Apparel

OUR school of style is showing the latest ideas of the best and foremost designs of the leading New York houses. Not a day passes but what our already large display is augmented by the arrival of new designs and novelties in garments of every character.

We wish everyone to see our Fall showing of Suits, not expecting all who look over the line to buy, but we are quite satisfied that when you see the exceptional collection we are showing, you will concede that nowhere in this section will be found a showing to equal ours.

### MISSSES' JUNIOR SUITS.

In making up our fall showing of ready made Suits, we have not overlooked the young ladies or the little misses.

In the small Suits we are showing some very natty styles for girls from 8 to 12 years of age. These are made in the three-piece style, with a plain tailored coat, in blues, grey and greens. The price is \$8.50.

In the Junior Suits we have a very strong line. These are Suits that come in sizes such as 13, 15, and 17 years, and have all the style of the Ladies' Suits.

At \$9.50 is a very desirable model. Same is made with a full plaited skirt and a good length tailored coat, finished with black satin.

At \$12.50 is another good value in a more nobby style and a little better finished.

At \$15.00 and \$20.00 are some sample Suits which are all right for small ladies and are extra values.

### LADIES' TAILORED SUITS.

We have already told you of the extra value in an all wool Suit we are putting out at \$12.50, and many have already testified as to its value. These Suits are shown in all colors and black.

At \$18.00 we are showing a large variety of styles in an assortment of the best colors of the season, also in the popular cloths such as chevrons, serges and invisible striped worsteds. To know the worth of these values is to see them.

At \$20.00 are also some very good values in the best and newest styles, made in broadcloths and worsteds.

At \$25.00 you will find the strongest and best line of up-to-date values we have ever shown. These are shown in all the popular cloths.

At \$27.50 and \$30.00 our line of sample Suits is better than ever. Here is a line of Suits that have a style and finish of their own. Each is a little different than the other.

### SPECIAL SKIRT SALE.

We have just received a large invoice of new fall Skirts, and to start the fall business we have put on one of our racks a lot of extra values, in a variety of the new plaited styles, to sell at \$5.00 and \$6.75. These are none of them less than a \$6.00 value and are made in the latest fall style.

At \$10.00 we have just received a quantity of the Altman Voile Skirts. These are a hard to find Voile that will not grow rusty, sag, or pull like the cheaper voiles. The styles are the newest and best of the season.

At \$12.50 are some extra values in black voile Skirts with a good silk drop.

At \$10.00 is a line of Suits in the new cloths such as fine wool repps, satins, volles, also serges and chiffon panama. These are made in a variety of the new fall styles. These are also shown in colors.

At \$8.75 is another very strong line of popular Skirts in both black and colors, and cloths are only those we will guarantee the best.

At one half price are a few odd Skirts.

### MONTPELIER

The team which will represent the Montpelier Golf club this afternoon in their match with the Barre club will be: Field, Bailey, Leale, Heineman, Putnam, Cutler and Howland.

George Spaulding, who has been acting as yard master at the Central Vermont yards here the past few weeks has been relieved here and will go to White River Junction where he will assist in the handling of trains during the state fair.

In the beginning of the season in the Y. M. C. A. tennis tournament C. A. Webb played W. S. Smith on the Country club courts and was defeated by a score of 6-1 and 6-2. Gilkerson then played Rowley and won 6-2, 6-8 and 6-4. The winners of the tournament will receive the eight-inch silver trophy cup that is offered to the winner.

The sophomores of the high school have now got the names of the freshman class officers and have been trying to use their knowledge by capturing the honored ones, and preventing them from attending the freshman dance tonight. Last evening a bunch of them chased a green one through State street and finally caught him, but on the arrival of Chief Durkee on the scene he was released.

As William H. Burnham was out riding yesterday afternoon in company with Mrs. Fred Pitkin and Mr. and Mrs. Perkins, in a two-seated surrey, the horse suddenly began to kick and as Mr. Burnham pulled on the reins, one of them suddenly gave way. The horse wheeled sharply and bucked the surrey over the bank tipping the occupants out. Assistance was soon called and the injured persons taken to their homes. Mrs. Pitkin sustained a compound fracture of the ankle. Mr. Burnham also injured his ankle. The other occupants of the carriage were not hurt at all.
