### Style Features in Suits, Coats and Furs

Things don't just happen in the garment business any more than they do in any other business. What makes any business a success is hard work and earnest study. This is just what has made the large and steady growth of our business. Then, of course, the quality of the goods together with the style, finish and workmanship are prime essentials. We put out no goods but what are of a quality and finish to command confidence. Our aim is to give to the trade the best goods for the money it is possible to get, and thereby gain and hold your confidence.

#### Ladies' Tailored Suits.

The suit season is now at its best and many are making their selections, while the stock is new. The length of the coat and the long semi-fitting lines are just the styles that appeal to many.

We have new models arriving nearly every week and will have for the next five weeks. This way we are able to keep our stock fresh and can show you something different from what you saw the first of the season. No better styles, but something new in cloth and design.

Some entirely new and stylish models we have just received are made in a plain tailored style with cluster plaques in coat and skirt.

Then, too, the new and popular home-spun which have just come into the department are of more than ordinary value. These are a most popular cloth this season and are made up in some very attractive styles.

We have just received a new Broadcloth Suit in blues and blacks, which is an exceptional value at \$16.50. It has a long coat and a full plaited skirt.

#### Ladies' and Misses' Coats.

The young lady of to-day does not want to wear the box coat that looks like a boy's, but wants the little dressy Coat that is fashioned after their mamma's.

Our new line of Children's Coats is sure to please those who want a Coat for service and at the same time want a coat that will be dressy and please the young lady.

These Coats are made of good weight cloths and have a slight fitted effect, giving them the style which wins. Sizes from 6 to 14 years and prices from \$5.00 to \$12.00.

The style and length of the ladies' new fall and winter Coat is of a character that is sure to appeal to all. They are just what you want to put over light dresses, for warmth, and then for morning shopping they are the proper garment. These we have in a line of mixtures from \$6.75 to \$22.50, also in plain colors and black. See our Black Coat, full length, at \$6.75.

#### Ladies' Furs and Fur Coats.

It has been too warm to talk Furs much yet, but these cool nights and mornings begin to make a few think of their needs.

We are now showing a full line of Fur Scarfs and Muffs.

As in seasons before we have been credited as having the largest line of Furs in this section, we are not behind at all this year.

We start our line of Scarfs at \$1.49 for a six-cluster Rat Scarf. This is a very serviceable Fur and is just right for school or any hard wear.

At \$2.98 is a fine blended Opossum Throw which is good length and there is nothing that has more service.

At \$3.98 is another larger Scarf in the Black and Sable Opossum, is a full, fluffy Scarf.

At one-third off from the regular price are a few of our Fox Scarfs that we carried from last season. These are great values.

In the better Neck Pieces such as fox, mink, lynx, racoon and martens, we can show you some very fine values. Our line of muffs to match all Scarfs is the largest we have ever shown. Prices from \$1.50 to \$40.00.
