

The True Test

Tried in Barre, It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Barre. Kidney sufferers can hardly ask for stronger proof than the following—

Mrs. Margaret Reid, 40 Maple Avenue, Barre, Vt., says: "I gave a public statement in favor of Doan's Kidney Pills in 1906, and I am glad to confirm it at this time for the benefit of all persons who suffer from kidney trouble. For more than three years I was bothered off and on by backaches, and at night I suffered so intensely that I could not sleep. During damp weather I was always worse and, although I wore plaster, I obtained only temporary relief. When Doan's Kidney Pills were recommended to me, I procured a box at E. A. Drown's drug store. They helped me in a short time, and I continued taking them until the pain in my back was entirely relieved. Doan's Kidney Pills benefited me in every way, and I have had little or no trouble from my kidneys since."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Died, in East Cabot, December 22, 1909, Emeline E. wife of Charles T. Adams, aged 77 years. Mrs. Adams was born in Greensboro December 19, 1832, and was a daughter of Alvah and Abigail Glidden. July 12, 1860, she was married and came to live in the home of her husband's father, where for 49 years she has proved a faithful wife, an independent mother and kind neighbor, being possessed of a genial hospitality, which made her a friend to everybody, never turning away the hungry or needy, as many a traveler has found lodging or a warm meal prepared by her ever-willing hands. She was particularly attached to her home, showing untiring devotion and unceasing care, which will leave a lifelong impression on the hearts of her children and the grandchildren, whose remembrance of her cheerful disposition and loving acts will ever be an inspiration to them to be like "grandmother." Her last illness of a few days was of intense suffering and was borne with that patience which comes only through daily grace given by One who said, "My strength is sufficient for you." She leaves a husband, one daughter, Mrs. C. E. Austin, with whom she lived and who led so tenderly cared for her, a son, Dr. W. L. Adams of Hardwick, four grandchildren and a brother, J. R. Glidden of Barre. Funeral services were held Friday at her home, Rev. W. T. Sparhawk officiating, assisted by Rev. F. R. Currier. Her remains were laid to rest in the family lot in East Cabot cemetery. The beautiful pillow from the Master of life and flowers from near relatives showed affection and respect for the deceased and carried sympathy to the bereaved ones.

WATERBURY

Pleasant Social Event at Home of Mr. and Mrs. George Morse.

One of the finest social events which has occurred in town for a long time was that of Tuesday evening, when a large number gathered at the home of Mr. and Mrs. George Morse to offer them congratulations upon the fifteenth anniversary of their marriage. Mr. and Mrs. Morse were married in Waterbury fifteen years ago last Saturday, but their invitations were issued for Tuesday evening. Mrs. Morse was Nellie Hazeltine, daughter of Mr. and Mrs. Albert Hazeltine, and a niece of T. J. Desautel of Montpelier. Mr. Morse is a lawyer by profession and has been prominent in town affairs, having served as lister and town treasurer, and is at present town grand juror. Mr. Morse is also a director of the Waterbury National bank. The affair of Tuesday evening was nicely planned and nice in every detail. The house was beautifully decorated with evergreen, mistletoe and roses. Miss May Boyce attended at the door, and Misses Harriett Boyce and Florence Farrell were usher upstairs. Mrs. Robinson received the guests at the door and presented them to Mr. and Mrs. Morse. The dining-room was in charge of Mrs. Campbell, who had for assistants Mrs. Knowles, Miss Caroline, Miss Morse and Miss Powell. Mrs. Brown and Mrs. Minard poured. The refreshments were delicious and were in charge of Miss Lucinda Smith of Burlington, caterer. Gilbertson's orchestra of Barre, of four pieces with piano, furnished music. Numerous presents, mostly of cut glass, were given. The guests went home wishing Mr. and Mrs. Morse many continued years of health and prosperity.

Louis Marchi, aged seventy years, died at his home on "Farrar's addition" Monday noon; the cause of his death being Bright's disease, from which he had suffered for a long time. He was born in Barre, Italy, December 25, 1839, and had lived in this country about twenty-five years, a small part of that time being in Waterbury. He is survived by a widow and two children, Leo Marchi, proprietor of the Waterbury Fruit company's store, and Willis Marchi. The funeral was held from the Catholic church yesterday morning, Rev. Fr. De-hony officiating. A number were present from Barre and Montpelier.

WILLIAMSTOWN

It is hoped at the Heaton hospital that Randall Wood's twice-broken leg can yet be saved.

Our village creamery patrons were paid 84 1/2 cents for butter, oil test, on Monday last.

Harold, son of Forrest Seaver, has lately come home from St. Albans, and is near for the winter.

Mrs. Harriet Carpenter was buried in our West Hill cemetery Tuesday, one of the severest of winter days.

Clinton N. Field, son-in-law of George W. Brush, was recently in town on an errand at the Brush farm in our village.

An appropriate text book on agricultural matter is about to be introduced into our village school, of which more later.

Miss Ethel Odum, who has just come here from New Hampshire, as the teacher of the seventh, eighth and ninth grades in our village school, is a graduate of the New Hampton (N. H.) literary institute.

Messieurs Bundy, Blanchard, Brown and Silway of Brook's corps, Montpelier, visited the local corps Saturday January 1. The G. A. R. and Sons of Veterans were invited guests. Commandeur George Savary spoke with much feeling of the sad plight of William Wells post, G. A. R.

Walter Simons, who recently went to Denver, Col., has a situation in a dry goods store, which we expect he will hold, for he is not afraid of work. His brother, George, went there from Northfield before him and has a situation in a shoe store. These boys are grandsons of the late Judge John Lynde.

At a regular business meeting of the Christian Endeavor society of the Congregational church, the following officers were elected for the coming year: President, H. C. Casey; vice-president, Miss Carrie A. Lewis; recording secretary, Miss Mabel M. Wheatley; corresponding secretary, Miss Mary E. Waterman; treasurer, George J. Walker; organist, Miss Mabel M. The Heddling male chorus of Barre will give the third concert in the course of entertainments by our Village Improvement society this season, at the Grange hall on Wednesday evening of next week, January 12. The chorus will be assisted by Master Newell Parker, soloist; Irving Parmenter, clarinet; Rev. D. H. Strong of our place, reader, and Mrs. W. J. Olliver, accompanist. W. H. Goodfellow will be the director. Concert will begin at 8 o'clock. We hope for a full house.

We have just received from Rev. Francis A. Kimball, now of Richmond, a booklet telling of a literary club, also known as the All-Around club, and of which the Kimball sisters are members. Unlike our two clubs, this club is open to male members, and of the present 27 members we note the names of nine men. The subject of study for this season seems to be England, and the program gives an outline of the history or less akin to those of our Ladies' Home Study club. We congratulate anew our dear old Green Mountain state on the literary work done all the while by members of its numerous clubs, of which women seem to be so large a part.

If any writer or speaker in connection with the great Chautauin celebration last summer gave forth an utterance that would indicate he had ever heard of the existence of Williamstown, Orange county, Vermont, U. S. A., we have failed to know it. It may be that, in its extreme modesty, our town had been remiss in touting its own town. But now we purpose to be in time for the next tercentenary celebration. It should be known that in the history that has been making on our beautiful lake in the past our place has had a part. Be it ever so humble. As a local historian, we regret, now, that we lack historical proofs of our claim as a town to name and honor in this matter. In fact, we have to rest all on the statement of one man, whose sufferings at the time may have been so great as to unfit him for a reliable statement of his case. Further, the report comes at second hand. It was a part of the stock in trade of a first-class story teller, who lived and died here years ago. Finally, if several other towns were to rise up now and claim each to have been the birthplace of this hero, they might all be able to prove it, in spite of Williamstown. The scene of suffering was Lake Champlain, and it may have been at the time of the battle of Plattsburgh in 1814. Just why our hero came to be where, and as he was on that memorable day—evidently never forgotten by him while he lived—we know not. But this one thing he could not forget, that there were twelve hours (or less) that he was on Lake Champlain when nothing but new rain and crackers went into his stomach. What wonder that we looked our mother country that second time!

ESTRADA NEARING MAAGUA?

Battle with Forces of Madrid is Expected Within Three or Four Days.

Washington, Jan. 6.—There will be a battle between the Estrada and the Madrid forces in Nicaragua within the next three or four days, it is believed by Central American representatives here. According to private information received yesterday, Estrada's army has reached Los Chiles, and possibly already has left there. Those who know the nature of the territory over which the advancing troops must march, say that they should be near Managua in about two days, and that fighting probably will begin a day or two later. Because of the diplomatic reception at the White House, the Central American junta did not meet, nightly as has been its wont of late, to talk over the affairs in the five republics of Central America affected by the doings in Nicaragua.

Saved at Death's Door.

The door of death seemed ready to open for Murray W. Ayer of Tolland Bridge, N. Y., when his life was wonderfully saved. "I was in a dreadful condition," he writes. "My skin was almost yellow, eyes sunken, tongue coated, emanated from vomiting liver trouble pulling me down to death in spite of doctors. There at last I met the medicine—Electric Bitters—cured me. I regained the 40 pounds lost and now am well and strong." For all stomach, liver and kidney troubles, they're supreme. 50c at the Red Cross Pharmacy.

The Doctor's Question

Some Advice Against the Use of Harsh Purgatives and Physics.

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 68 per cent. of illness is attended with inactive bowels and torpid liver. This condition poisons the system with waste matter and causes accumulation of gases, which must be removed through the bowels before health can be restored.

Salts, ordinary pills and cathartics may be truly likened to dynamite. Through their harsh, irritating action, they force a passage through the bowels, causing pain and damage to the delicate intestinal structure, which weakens the whole system, and at best only produces temporary relief. The repeated use of such treatments causes chronic irritation of the stomach and bowels, dries and hardens their tissues, deadens their nerves, stiffens their muscles and generally brings about an injurious habit, which sometimes has almost, if not fatal, results.

We have a pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of its great curative value that we promise to return the purchaser's money in every case where it fails to produce entire satisfaction. This remedy is called Rexall Orderlies. We urge you to try them at our entire risk.

Rexall Orderlies are eaten like candy, they act quietly and have a soothing, strengthening, healing, regulative influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulency, excessive looseness, diarrhoea or other annoying effects, and they may be taken at any time without inconvenience.

Rexall Orderlies overcome the drugging habit and safely remedy constipation and associate ailments, whether acute or chronic, except in surgical cases. They are especially good for children, weak persons or old folks. Price, 36 tablets 25 cents, and 12 tablets 10 cents. Remember, you can obtain Rexall remedies in Barre only at our store—The Rexall Store, Red Cross Pharmacy, Burr H. Wells, proprietor.

MAGAZINE REVIEW

Why Men Loaf at the Club.

"It is not at all true, as some people aver, that the lure of the club is the spirituous refreshment to be found there or its aloofness from the restraining eye of critical womanhood," declares John Kendrick Bings writing in Suburban Life for January. "But it is true."

Mr. Bings explains, "that it represents the highest development along the lines of physical comfort, as this is known and sought for by the animal Man; and if the ladies, on the few days of the year when they are admitted within the doors of these sanctuaries of masculine luxury, would study what they see there, they would speedily be aware, by the objects visibly before them, of the sort of indoor environment that most appeals to the soul of the average man."

The Characteristic Thing in the Attitude of Americans Toward Money.

The January American Magazine contains an article on "Will Power, Work and Wealth," by Henry Van Dyke, which was the fourth of a series of lectures on "The Spirit of America," delivered by Prof. Van Dyke at the Sorbonne, in Paris. In speaking of the so-called spirit of the "Almighty Dollar," in America, Prof. Van Dyke says:

"The characteristic thing in the attitude of the Americans toward money is this: not that they adore the dollar, but that they admire the energy of the man who has made it. They consider the multi-millionaire much less as the possessor of an enormous fortune, than as the successful leader of great enterprises in the world of affairs, a master of the steel industry, the head of a great railway system, the developer of the production of mineral oil, the organizer of large concerns which promote general prosperity. He represents to them achievement, force, courage, tireless self-power. A man who is very rich merely by inheritance, who has no manifest share in the activities of the country, has quite a different place in their attention. They are entertained, or perhaps shocked, by his expenditures, but they regard him lightly. It is the man who does things, and does them largely in whom they take a serious interest. They are inclined, perhaps, to pardon him for things that ought not to be pardoned, because they feel so strongly the fascination of his potent will, his practical efficiency. It is not the might of the dollar that impresses them. It is the might of the man who wins the dollar magnificently by the development of American industry."

"This, I assure you, is the characteristic attitude of the typical American, toward wealth. It does not confer a social status by itself in the United States any more than it does in England or in France. But it commands public attention by its relation to national will-power."
