TALK OF THE TOWN.

Five days more of clearance sale at Vaughan's. Lot of best prints, 66 yard, at The Vaughan Store. Read the advertisement of Moore & Owens on page 2. Cash paid for watches, diamonds, gold and silver, at Burr's. J. L. York of Warren, N. H., was a visitor in this city yesterday, for the purpose of hiring men to go to the lumber woods in that locality. The fire department was notified at 2:30 yesterday afternoon of a fire in a house on Prospect street, occupied by a Syrian family. Investigation showed that a shirt had been hung on the back of a chair to dry beside the stove. The damage was to the shirt and to a window, which some excitable neighbor smashed, thinking the fire was serious.

The Story of Broomcorn In a Nutshell

Hot winds in Oklahoma destroyed 2-3 of the crop.

There was a small acreage in Illinois, with a light yield.

This makes a possible tonnage in the United States of 15,000 to 16,000 tons.

Normal consumption is 45,000 to 50,000 tons.

16,000 tons of Broomcorn will produce 17,280,000 brooms.

15,000,000 families consume brooms.

The 1909 crop will give each family one and one-seventh brooms each.

Where are the railroads, steamship lines, stores, factories, etc., going to get theirs?

Many manufacturers have closed their shops.

We are still selling a good Broom at 45c and the best for 50c each, don't you need one?
