

6 ON MINIMUM TARIFF LIST

Italy Is in the Best Position Under THE PAYNE-ALDRICH LAW

Germany is barred, and France, too, must pay the maximum duties after March 31.

Washington, Jan. 19.—Some time this afternoon, the state department will make public proclamations by President Taft, declaring that certain European countries therein specified are entitled to the minimum rates of duty imposed by the Payne-Aldrich bill.

Only six countries will be designated by the proclamations as entitled to the minimum rates, and these are Great Britain, Russia, Italy, Spain, Switzerland and Turkey.

Of this list, Italy is the most important of the continental countries of Europe at present to receive the reduced rates, inasmuch as her exports to the United States exceed those of either Russia, Spain, Switzerland or Turkey.

It is expected that other proclamations soon will be issued, designating other countries, bound to be entitled to reduced rates, but no information is yet obtainable as to which nations will be included. It is known, however, that Germany and France will not be of the list.

The maximum list under the Payne-Aldrich tariff bill will go into operation at 12 o'clock midnight on March 31 next. The advantageous position of Italy as to all countries not entitled to the minimum rates is manifest, as she is regarded as in a position to strike a hard blow to German and French trade with the United States, should they not so amend their tariff laws and regulations as to place them in the same position as Italy and other countries entitled to the minimum rates of duty.

The last word of the German government in the matter of the tariff arrangement with the United States reached the state department yesterday. It embodies one concession of value, the nature of which is not yet disclosed, but is believed to relate to the meat trade. Whether this will be sufficient to warrant the executive in including Germany among the nations entitled to the minimum tariff rate under the Payne-Aldrich act will probably depend upon the report of the tariff experts, to which the communication will be submitted.

WALSH GOES TO PRISON.

Began Sentence at 9:30 This Forenoon.

Chicago, Jan. 19.—John R. Walsh, once a power in Chicago financial, newspaper and business circles, was taken to Fort Leavenworth, Kansas, to the federal prison last night, to serve a five years' sentence for wrecking the Chicago National bank. Exactly two years ago yesterday and a hour after he was found guilty, Walsh lost his last fight for a new trial. The United States circuit court of appeals refused his petition that the verdict be set aside, and the cases tried over again and issued a mandate directing that the sentence of the lower court be carried out at once.

United States Marshal Luman Hoy with Walsh in charge, boarded a train leaving here at 4 p. m. The former banker reached Kansas City at 8:30 a. m. to-day and at last a federal convict at about 9:30 a. m.

Causes Debility

Here Are Facts Backed Up by a Strong Guarantee.

Cataract causes debility. In our opinion, most people suffering from general debility have cataract. Such cases of debility cannot be completely cured by medicine not designed to eradicate cataract. In every case where our remedy fails to give entire satisfaction, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucos-Tone rarely fails to do as we claim. It is not a cur-all prescribed to cure every disease that flesh is heir to. It is intended for one purpose, i. e., to cure cataract by assailing the diseased condition in a reasonable, scientific way, which is to supply agents that have been found to have the tonic and alternative power to correct faulty metabolism (tissue change) and to stimulate and help nature overcome the cause or causes of cataract. This being done, appetite increased, nutrition improves, weight is gained, comfort of body is attained and life's work taken up with the zest natural to the perfectly healthy individual.

We want you to try Rexall Mucos-Tone. Follow the directions and take it regularly and consistently for a reasonable length of time. Then, if you are not satisfied, come back and tell us and the money you paid for the treatment will be returned without any argument whatever.

Rexall Mucos-Tone comes in two sizes, 50c and \$1.00 a bottle. Sold only at our store.—The Rexall Store, Red Cross Pharmacy, Burt H. Wells, proprietor.

It Made by Hood's Good.

NO DYSPEPSIA OR UNDIGESTED FOOD

A Little Diapepsin Now Will Settle Your Out-of-order Stomach and End All Indigestion Five Minutes Later.

There would not be a case of indigestion here, if readers who are subject to stomach trouble knew the tremendous anti-ferment and digestive virtues contained in Diapepsin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the smart, acid stomach in five minutes, besides eradicating all foul, nauseous odors from the breath.

Ask your pharmacist to show you the formula plainly printed on each 50-cent case of Pepp's Diapepsin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, belching of gas and eructations of undigested food, water brash, nausea, headache, biliousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your stomach is sour and full of gas or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapepsin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

ALIENS COMING AS SAILORS.

Hard to Keep Out Under Court Decision.

Washington, Jan. 19.—Fully aware that aliens in the guise of sailors are coming into the United States fraudulently, the immigration officials are unable to prevent such practice. Petty officers of transatlantic vessels permit the enlistment of foreigners and when they reach American shores they are given shore leave. Desertion follows and the aliens remain. The subject will soon be brought to the attention of Congress with a view of remedial legislation.

An effective remedy for the practice, it is said, would be to subject the seamen to the provisions of the immigration laws and to require them to have documentary proof that they are American citizens before allowing shore leave. By the decision of the supreme court a year ago, in the case of the United States against Taylor, the service, it was stated, received a damaging blow which was partly responsible for existing conditions.

The court held in that case that the immigration laws were not intended to apply to aliens engaged bona fide as sailors on transoceanic vessels, that it was a maritime custom to permit sailors shore leave, and that the master had no idea when this was granted that the men intended to desert.

CANNON HITS AT ROOSEVELT.

He Finds ex-President Exceeded Authority in Appointing Delegates.

Washington, Jan. 19.—Speaker Cannon yesterday officially ruled that ex-President Roosevelt had acted without specific authority of law in appointing representatives to the third international conference on maritime war at Brussels, by sustaining a point of order made by Representative Harrison of New York against an appropriation for the continuance of the service of these representatives. Accordingly the paragraph making such an appropriation was stricken out when consideration of the urgent deficiency appropriation bill was resumed in the House.

NO HUGHES CANDIDACY.

It is Not Foreshadowed by Announcement Determination.

Washington, Jan. 19.—There is no buzzing of the 1912 presidential bee in the bonnet of Governor Hughes of New York. According to his own statement, his declination to be a candidate for a third term as governor of New York has no political significance.

The governor, who is here to attend the meeting of the governors, was asked: "Does your declination to run for the governorship of New York a third time mean you will consider the Republican nomination for president in 1912?"

"It means nothing of the sort," Mr. Hughes promptly replied. "I mean simply that I intend resuming my practice of law when I finish my present term, and that I will be out of politics; I have served New York the best I know how and I am entitled to a rest from official duties. The talk of my being a presidential possibility comes from my friends and not from me, as I have not given the matter any thought."

LOSS FOR FITZGERALD.

Successful Candidate's Vote Reduced by the Recount.

Boston, Jan. 19.—When the election commissioners took a lunch recess yesterday, in their work of recounting the vote by mayor in the last election, the lead of former Mayor John Fitzgerald over James J. Storrow had been reduced from 1,415, with about half the city tabulated. It is expected that the work will be completed to-day.

Rayner is Re-elected.

Annapolis, Md., Jan. 19.—Leader Bayner was named for United States senator to succeed himself by the two houses of the Maryland legislature in separate session. The action will be effected in joint session to-day. WB Main P. Jackson, Maryland member of the Republican national committee was given the Republican complimentary vote.

MORE GAINS FOR UNIONISTS

Increase of Eleven in Yesterday's Voting

GOVERNMENT STILL LEADS

And a Liberal Victory Seems Assured, in Spite of the Unionist Gains. Coalition Got 23 and Unionists 21 Yesterday.

London, Eng., Jan. 19.—Yesterday for the first time there was proportionally a much larger number of constituencies in which a Liberal majority was possible of extinction, with result that, proportionally, the Unionists made a far better showing than on the first two days of the election. There were 40 seats to be filled by yesterday's voting, but two for Cork city will not be declared until to-day. Of the others, 23 fell to the government coalition and 21 to the Unionists.

The sole gain of the coalition was in Vermont, where, in the bye-election in October, a Unionist was returned, owing to the Radical vote being split between the Liberal and Socialist candidates. It was a straight fight yesterday and the Liberals regained the seat, which they usually hold. The Unionists gained 14 seats, making the day's net gain 13, and total net gain thus far 42.

The party membership, including the candidates returned without opposition, now stands: Liberals, 99; Laborites and Socialists, 19; Nationalists, 37; making a total coalition membership of 145, and Unionists 116. Winston Churchill had a great triumph in Dundee. Three other ministerial in yesterday's contests were returned: Walter Runciman, president of the board of education; Sydney Ruxton, postmaster general; Sir William Robson, attorney general.

Immense interest attached to the balloting at Liverpool, where nine divisions were polled yesterday. T. P. O'Connor, Nationalist for the Scotland division, is inevitable.

F. E. Smith, a tariff reform stalwart, was having a hard fight in the Walton division, while the Unionists talked of defeating Right Hon. J. E. R. Seely, under-secretary for the colonies, in the Abercrombie division.

With the exception of five seats, London completed its elections with 14 contests yesterday.

J. Kier Hardie, Labor candidate for Morley Tyndal, was among the interesting personalities whose anxieties were over yesterday.

The defeat of Stuart has a certain piquancy for the Unionists, as he is the proprietor and editor of the London Morning Leader and The Star, which were so prominent in the campaign against the peers and tariff reform until three months ago, when he qualified the attitude of his papers.

Against this loss, the Liberals captured a Unionist seat for Newcastle-upon-Tyne, which thus reverts to its position of 1906.

CHARGES AGAINST ALLDS.

Mr. Conger Makes Them and Accused Man Denies Them.

New York, Jan. 19.—The New York Evening Post gives prominence to a special dispatch from Albany, in which charges of a serious nature are made against Senator Jonathan P. Allds, recently elected Republican leader of the New York state senate to succeed the late John Raynes.

The Evening Post gives Senator Benn Conger, also a Republican senator, as authority for the charges. A letter is also printed from Senator Allds, in which he denies the charges and says:

"You, not having shown me the statement which you advise me in a letter you propose to publish, I cannot, of course, reply at this moment to the same; but I can assure you that, speaking for myself, any statement implying either the offer of or the acceptance of money to influence my action at the time when I was leader of the assembly is absolutely untrue; that whoever utters the same is, in legal language, a slanderer, and certainly it would be libelous to publish it."

Spaulding Players Allowed but One Basket

WON BY SCORE OF 27 TO 13

Smith, Montpelier High's Left Forward, Was the Only Man on His Side Who Was Able to Score at All.

Spaulding high proved too strong for the Montpelier high school basket ball team in the game played at the Church street gymnasium last evening, and the local team was the victor, the score being 27 to 13. The first period told the whole story and ended with the score 10 to 9 in favor of Spaulding. In the second period, Grigg got in some rapid-fire work and registered three baskets from the floor for the local school and three from fouls, while Averill registered one from the floor.

Smith was the only man on the Montpelier team that made a point, and he had only one basket from the floor, the remaining 11 points being made from free throws from fouls.

The game was fast at times, but not what either team is capable of giving as an exhibition of basket ball. The players on both sides were too ready to foul, mostly by holding, and Spaulding resorted almost too much to individual efforts at scoring, rather than team work.

The first teams' line-up:

Spaulding H. S. Montpelier H. S. Maiden, r. f. J. G. Brooks Stewart, l. f. R. G. Bunk Averill, c. P. Pepp Darling, l. g. C. Cullen Grigg, r. g. I. F. Smith

Summary: Baskets from the floor, Grigg 4, Maiden 3, Averill 2, Stewart, Smith; from fouls, Smith 11, Grigg 6, Maiden; referee, Parks; umpire, Kenefick; time, two 20-minute periods.

The Spaulding second team also won a victory over the Montpelier high school second team, defeating the latter with a 23 to 7 score.

The second teams' line-up was as follows:

Montpelier 2d. Spaulding 2d. Roberts, r. f. J. G. Raeside Tomasi, l. f. R. G. Tomasi, Gale Tacy, c. C. Tayntor Deming, l. g. I. F. Williams McNeil, l. g. J. F. Cutler

Summary: Baskets from the floor, Williams 4, Tayntor 3, Tomasi 2, Gale 2, Raeside, Tomasi (of Montpelier), Tacy; from fouls, Roberts 3, Williams; referee, Parks; umpire, Kenefick; time, two 20-minute periods.

ANOTHER FOR BARRE.

Defeated Montpelier Candle Pin Team, Two to One.

The Barre candle pin team repeated at Montpelier last night, defeating their Montpelier opponents two out of three strings. Fountain of the latter was the high man of the evening, with a single string of 120 and a total of 260. Gabeloni of Barre was next to him with a total of 283 and a remarkably even score of 94, 95 and 94. The result:

GIVEN SEVERE BEATING.

Jack (Twin) Sullivan Fared Badly in Prize Fight.

Boston, Mass., Jan. 19.—Frank Klaus of Pittsburg gave Jack (Twin) Sullivan of Cambridge a severe beating in their 12-round bout here last night. In every session, the Pittsburger had something on his opponent and only the latter's ring experience saved him from being stowed away. Klaus hit from every position and never missed. Sullivan bled profusely from the nose and in the final round had his left eye opened up.

WHITE SLAVE AGENCY RAIDED.

One Arrest in Riga, Russia—Great Profit in Traffic in Girls.

Riga, Russia, Jan. 19.—The offices of an international "white slave" agency here have been raided by the police, on information from Copenhagen, where fifteen young Russian girls, who answered advertisements for young women to work as dairy maids, had been sent. Only one of the white slave traders was arrested, the others having taken warning, but documents were seized showing an average profit of \$30 on each woman successfully placed in Europe or America.

PAULHAN WINS \$10,000

Flight Yesterday Was 50 Miles

MADE IT IN AN HOUR

The Flight Was 25 Miles Away and Back—Maintained an Elevation of 1,000 Feet or Over—Great Enthusiasm.

Los Angeles, Cal., Jan. 19.—Louis Paulhan was the star here yesterday in the aviation trials, as he made a cross-country flight from the aviation field to Lucky Baldwin's ranch at Arcadia, 25 miles away, and back, a total distance of 50 miles, which he made in one hour, two minutes and 42.45 seconds. Paulhan was aided by the wind in his flight to the Baldwin ranch, but on his return he faced a strong wind. The Frenchman will probably get the \$10,000 prize for yesterday's achievement.

Paulhan maintained an elevation of from 1,000 to 2,000 feet, and when he returned to the field he was greeted with enthusiastic demonstrations.

THE ICE SKATING WAR IS NOW ON

National Union May Dissolve Eastern Association—Fight Result of Lamy Case—Failure of Champion to Register with Eastern Body Causes Trouble.

Now that the Amateur Athletic union has taken sides with the International Skating union in its fight with the eastern association one of the bitterest wars that have ever stirred the circles of amateur skaters throughout the country is in order. The squabble was caused by the disqualification of Edmund Lamy, winner of the last eastern title, by the eastern association, who was subsequently reinstated by the International union.

The present squabble may bring about a condition which may mean the elimination of the Eastern Skating association from the ranks of the controlling body in ice skating. According to the action of the International Skating union, which is the court of last resort as regards skating, it has decided that Lamy has violated no

ED LAMY, CHAMPION AMATEUR ICE SKATER rule of the union and has reinstated him to the ranks of eligibles, this action having taken place at Chicago.

The Eastern Skating association was held to be in the wrong in its action, and in addition to the reinstatement of Lamy the secretary of the organization, who, it is said, has led the fight against Lamy. As the Eastern Skating association is set in its idea to decide the case in its own way, it is considered likely by those who are familiar with the inner details that the International Skating union will eliminate the Eastern Skating association and install in its place a new organization, though perhaps under the same name. At any rate, the fight will probably continue for some time to come, and it will disrupt the skating situation in a decided manner.

While the trouble originally involved only the eligibility of Lamy and took some cognizance of his standing as an amateur, the controversy has far outstripped that stage now and has developed into the bitter strife between the governing body and one of its branches. A significant fact is that most of the skaters and those closely allied with the sport have taken the stand that the Eastern Skating association has humiliated seriously and is now only increasing its unpopularity by pushing the issue to the extreme, which may mean actual annihilation.

And the whole fight has for its foundation only apparently a trifling incident. Lamy a year ago failed to register with the Eastern Skating association, although it is said he was notified to do so by F. B. Coupe. He entered for the races in Cleveland, Pittsburg, Saranac Lake, N. Y., and Montreal. When he heard that Lamy was about to compete at Cleveland, Coupe telegraphed the referee of the races to bar Lamy from the events. This was refused, as the appearance of Lamy had been extensively advertised, and his absence would have caused untold criticism.

The way the matter now stands is that unless the Eastern Skating association falls into line it will be asked to surrender its rights as a governing body, and a re-run will bring into the field another organization.

Despite the fact that the two skating bodies are at odds, many championships are scheduled to be held in and out doors, and all the cracks of the country will compete. The championship meets are as follows:

Jan. 25—Cleveland national championships (indoor).
Jan. 25—Pittsburg international championships (indoor).
Jan. 25—Brooklyn eastern championships (outdoor).
Jan. 25—New York eastern championships (indoor).
Feb. 2-3—Saranac Lake, international championships (outdoor).
Feb. 5—Montreal, Canadian championships (outdoor).
Feb. 9 or 10—Boston, New England championships (indoor).
Feb. 25—Chicago, western championships (indoor), conditional on completion of rink.
Amateur Champion Edmund Lamy, recently upped by the Western association, will tour the circuit.

ATTELL AFTER DRISCOLL

Featherweight Champ Would Meet Jim in Jeff-Johnson Preliminary.

Abram Attell is once more full of defiance and conversation. The Jim Driscoll bee is still buzzing in Attell's bonnet, and he offers to take up the little Englishman who gave him a ten round lacing in New York last year. He thinks that it would make a fine pride to the Jeffries-Johnson bout.

Furthermore, Attell is willing to make a concession in the matter of weight, allowing 125 pounds at 6 o'clock as his limit of good nature. Knowing the wily feather, one might imagine that he is growing heavy, as it has not been his custom to give away much, though he has met many men heavier than himself. But this return engagement with Driscoll has become an obsession with him. He wants it, and he wants it badly.

BOSTON'S ATHLETIC MEET.

Annual Indoor Games Scheduled to Be Held Feb. 12.

The annual games of the Boston Athletic association will be held in Mechanics' building on Feb. 12, and besides the usual Harvard class relay championships races it is planned to hold similar contests between eastern teams. Invitations to enter relay teams have been sent to Amherst, Bates, Boston college, Bowdoin, Brown, Dartmouth, Harvard, Holy Cross, Massachusetts Institute of Technology, University of Maine, University of Pennsylvania, Wesleyan, Williams and Yale; also to the Chicago Athletic association, Irish American Athletic association and New York Athletic club.

The other events will be as follows: Five mile run, scratch; invitation putting 12 pound shot, scratch; 40 yard dash, 3 foot limit; 500 yard run, 30 yard limit; 45 yard high hurdle race, 3 flights, 3 feet 6 inches high, 3 foot limit; 1,000 yard run, 60 yard limit; one mile run, 90 yard limit; putting 16 pound shot, 6 foot limit. Competitors must show that they have put the 16 pound shot 28 feet and high jumped 5 feet 3 inches in competition in order to qualify for these events.

The Eastern Skating association was held to be in the wrong in its action, and in addition to the reinstatement of Lamy the secretary of the organization, who, it is said, has led the fight against Lamy. As the Eastern Skating association is set in its idea to decide the case in its own way, it is considered likely by those who are familiar with the inner details that the International Skating union will eliminate the Eastern Skating association and install in its place a new organization, though perhaps under the same name. BIG CHESS MEET COMING.

Two International Master Tournaments to Be Held at Hamburg.

Baron Albert von Rothschild of Vienna has started the ball rolling on behalf of the congress of the German Chess association to be held in Hamburg some time in March. The program will include two international master tournaments. The Austrian nobleman, who is an admirer of the old school of chess, has offered 500 marks to be distributed as brilliancy prizes.

There will be a championship tournament to which the strongest masters available will be invited, and it will have no fewer than four or more than seven contestants. All other players recognized as of master rank will compete in the regular one round master tournament. In addition, there will be held two tournaments, the winner of which will acquire mastership, and three minor events.

America in all likelihood will be represented by Jose H. Capablanca, Frank J. Marshall and Paul Johner. All three contemplate entering.

Brownson to Tackle Baldwin. Ray Brownson, the Indianapolis lightweight boxer, and Matty Baldwin, the Boston fighter, have been matched to battle four-five rounds, winner takes all, in Indianapolis. The date that has been set for the battle is Feb. 6.

FILES CURED IN 6 TO 14 DAYS. PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded, 50c.
